Keith Waldrop Several Gravities:

Several Gravities Keith Waldrop, 2009 For nearly four decades Keith Waldrop has been creating a lyrical body of visual art that mirrors his extraordinary oeuvre of poetry fiction and translation Like his collage poems Waldrop's visual works are enveloped in quiet tensions and ghosted impressions They construct densities of atmosphere and architecture drift and dream Rich in textual and visual play romantic and contradictory in their shapings his collages use traces of memory to gesture toward the absent and the invisible Edited and with an essay by Robert Seydel *Several Gravities* features a substantial selection of these radiant collages in a full color hardcover edition and includes a previously unpublished serial poem as well as an essay by Waldrop that enunciates the relationship between this author's distinctive visual and poetic practices

Reluctant Gravities Rosmarie Waldrop, 1999 As the author herself says she cultivates cuts discontinuity leaps shifts of reference in an attempt to compensate for the lack of margin where verse would turn toward the white of the page toward what is not

Readings in Contemporary Poetry Vincent Katz, 2017-01-01 Culled from Dia Art Foundation's Readings in Contemporary Poetry series this anthology includes ninety four poets who have participated in the reading series from 2010 to 2016 Edited by poet and author Vincent Katz the book stresses the experimental aspects of contemporary poetic practice highlighting commonalities among poets and placing their diverse voices in conversation with one another

Paris Spleen Charles Baudelaire, 2012-01-01 Between 1855 and his death in 1867 Charles Baudelaire inaugurated a new and in his own words dangerous hybrid form in a series of prose poems known as Paris Spleen Important and provocative these fifty poems take the reader on a tour of 1850s Paris through gleaming cafes and filthy side streets revealing a metropolis on the eve of great change In its deliberate fragmentation and merging of the lyrical with the sardonic *Le Spleen de Paris* may be regarded as one of the earliest and most successful examples of a specifically urban writing the textual equivalent of the city scenes of the Impressionists In this compelling new translation Keith Waldrop delivers the companion to his innovative translation of *The Flowers of Evil* Here Waldrop's perfectly modulated mix releases the music intensity and dissonance in Baudelaire's prose The result is a powerful new reimagining that is closer to Baudelaire's own poetry than any previous English translation

Light While There Is Light Keith Waldrop, 2013-03-05 One of the unheralded masterpieces of twentieth century American fiction *Light While There Is Light* is acclaimed poet Keith Waldrop's autobiographical novel about the myriad ghosts left behind by his family Born to a deeply religious mother the narrator and his siblings are led across the US as she searches for the right religious sect a trip that ends with her speaking in tongues and finally her total isolation But no synopsis can do justice to the beauty of Keith Waldrop's measured wise and unembroidered prose illuminating the fear madness and destruction within hearth and home though never repudiating his love for same In a tradition that stretches back through Flannery O'Connor and William Faulkner to Hawthorne Melville and Poe Keith Waldrop and *Light While There Is Light* are American treasures
