**Empireworld** Sathnam Sanghera,2024-05-07 Bestselling author and journalist Sathnam Sanghera explores the global legacy of the British Empire and the ways it continues to influence economics politics and culture around the world 2 6 billion people are inhabitants of former British colonies The empire s influence upon the quarter of the planet it occupied and its gravitational influence upon the world outside it has been profound from the spread of Christianity by missionaries to the shaping international law Even today 1 in 3 people drive on the left hand side of the road an artifact of the British empire Yet Britain s idea of its imperial history and the world s experience of it are two very different things Following in the footsteps of his bestselling book *Empireland* How Imperialism Has Shaped Modern Britain *Empireworld* explores the ways in which British Empire has come to shape the modern world Sanghera visits Barbados where he uncovers how Caribbean nations are still struggling to emerge from the disadvantages sown by transatlantic slavery He examines how large charities like Save the Children and the World Bank still see the world through the imperial eyes of their colonial founders and how the political instability of nations such as Nigeria for instance can be traced back to tensions seeded in their colonial foundations And from the British Empire s role in the transportation of 12 5 million Africans during the Atlantic slave trade to the 35 million Indians who died due to famine caused by British policy the British Empire as Sanghera reveals was responsible for some of the largest demographic changes in human history Economic legal and political systems across the world continue to function along the lines originally drawn by the British Empire and cultural sexual psychological linguistic demographic and educational norms originally established by imperial Britons continue to shape our lives British Empire may have peaked a century ago and it may have been mostly dismantled by 1997 but in this major new work Sathnam Sanghera ultimately shows how the largest empire in world history still exerts influence over planet Earth in all sorts of silent and unsilent ways

British Imperialism and 'The Tribal Question ' Robert S. G. Fletcher,2015-02-05 *British Imperialism and The Tribal Question* reconstructs the history of Britain s presence in the deserts of the interwar Middle East making the case for its significance to scholars of imperialism and of the region s past It tells the story of what happened when the British Empire and Bedouin communities met on the desert frontiers between the Mediterranean Sea and the Persian Gulf It traces the workings of the resulting practices of desert administration from their

origins in the wake of one World War to their eclipse after the next as British officials Bedouin shaykhs and nationalist politicians jostled to influence desert affairs Drawn to the commanding heights of political society in the region s towns and cities historians have tended to afford frontier margins merely marginal treatment Instead this volume combines the study of imperialism nomads and the desert itself to reveal the centrality of desert administration to the working of Britain s empire repositioning neglected frontier areas as nerve centres of imperial activity British Imperialism and The Tribal Question leads the shift in historians attentions from the familiar urban seats of power to the desert hinterlands that have long been obscured

**The British Empire in the Middle East, 1945-1951** William Roger Louis,1984 With intellectual rigor and careful attention to recently released papers Wm Roger Louis s study asks Why did Britain s colonial empire begin to collapse in 1945 and how did the post war Labour government attempt to sustain a vision of the old Empire through imperialism in the Middle East

**Making the British empire, 1660-1800** Jason Peacey,2020-06-24 This collection offers a timely reappraisal of the origins and nature of the first British empire in response to the cultural turn in historical scholarship and the new imperial history It addresses topics that have been neglected in recent literature providing a series of political and institutional perspective at the same time it recognises the importance of developments across the empire not least in terms of how they affected imperial policy and its implementation It analyses a range of contemporary debates and ideas political and intellectual as well as religious and administrative relating to political economy legal geography and sovereignty as well as the messy realities of the imperial project including the costs and losses of empire collectively and individually

**Cavafy's Hellenistic Antiquities** Takis Kayalis,2023-12-11 This book reinterprets C P Cavafy s historical and archaeological poetics by correlating his work to major cultural political and sexualized receptions of antiquity that marked the turn of the 20th century Focusing on selected poems which stage readings of Hellenistic and late ancient texts and material objects this study probes the poet s personal library and archive to trace his scholarly sources and scrutinize their contribution to his creative practice A new understanding of Cavafy s historicism emerges by comparing his poetics to a broad array of discourses and intellectual pursuits of his time these range from antiquarianism physiognomy and Egyptomania to cultural appropriations of the classics which sought to legitimate British colonial rule as well as homoerotic desire As this volume demonstrates Cavafy embraced antiquarianism as an empathetic and passionate way of relating to the past and shaped it into a method that allowed his poetry to render modern meanings to Hellenistic antiquities

Reading Down Under Amit Sarwal,Reema Sarwal,2009 The Englishness of English literature had been expressed in Chaucer Shakespeare Wordsworth and Sir Walter Scott those writers whose works seemed best to embody the spirit of the place or the spirit of its folk In what writers or works would the Australianness of Australian literature be discovered David Carter 1997 This first literary Reader on Australian studies from India not only investigates this central question but explores many other facets of Australian literature and especially Australian cross cultural relationships with India and Asia Taking a broad

view of what Australian literature is this Reader explores the dimensions of Australian literature national Aboriginal multicultural ecocritical postcolonial modernist comparative feminist and popular in its varied genres of drama poetry autobiography explorers journals short stories literature of war travel writing Anglo Indian fiction diasporic writing mainstream novel nature writing children s literature romance science fiction gothic literature horror crime fiction queer writing and humour Each paper in this Reader presents different ways of reading down under and performing Australianness Juxtaposing the varied critical perspectives of nearly 60 critics this Reader hopes to create a constructive dialogue in the fight against the dominance of an Anglo American academic approach Democracy and Empire Inés Valdez,2023-09-07

Reconceptualizes central notions in political theory to make sense of the systems of imperial popular sovereignty and self determination Bonds of Empire Anne Spry Rush,2011-06-09 In the first half of the twentieth century Britishness was an integral part of the culture that pervaded life in the colonial Caribbean Caribbean peoples were encouraged to identify with social structures and cultural values touted as intrinsically British Many middle class West Indians of colour duly adopted Britishness as part of their own identity Yet as Anne Spry Rush explains in Bonds of Empire even as they re fashioned themselves West Indians recast Britishness in their own image basing it on hierarchical ideas of respectability that were traditionally British but also on more modern expectations of racial and geographical inclusiveness Britain became the focus of an imperial British identity an identity which stood separate from and yet intimately related to their strong feelings for their tropical homelands Moving from the heights of empire in 1900 to the independence era of the 1960s Rush argues that middle class West Indians used their understanding of Britishness first to establish a place for themselves in the British imperial world and then to negotiate the challenges of decolonization Through a focus on education voluntary organization the challenges of war radio broadcasting and British royalty she explores how this process worked in the daily lives of West Indians in both the Caribbean and the British Isles Bonds of Empire thus traces West Indians participation in a complex process of cultural transition as they manipulated Britishness and their relationship to it not only as colonial peoples but also as Britons *Reading the Global* Sanjay Krishnan,2007-07-24 The global is an instituted perspective not just an empirical process Adopted initially by the British in order to make sense of their polyglot territorial empire the global perspective served to make heterogeneous spaces and nonwhite subjects legible and in effect produced the regions it sought merely to describe The global was the dominant perspective from which the world was produced for representation and control It also set the terms within which subjectivity and history came to be imagined by colonizers and modern anticolonial nationalists In this book Sanjay Krishnan demonstrates how ideas of the global took root in eighteenth and nineteenth century descriptions of Southeast Asia Krishnan turns to the works of Adam Smith Thomas De Quincey Abdullah bin Abdul Kadir and Joseph Conrad four authors who discuss the Malay Archipelago during the rise and consolidation of the British Empire These works offer some of the most explicit and sophisticated discussions of the world as a single interconnected entity inducting their

readers into comprehensive and objective descriptions of the world The perspective organizing these authors conception of the global the frame or code through which the world came into view is indebted to the material and discursive possibilities set in motion by European conquest The global therefore is not just a peculiar mode of thematization it is aligned to a conception of historical development unique to European colonial capitalism Krishnan troubles this dominant perspective Drawing on the poststructuralist and postcolonial approaches of Jacques Derrida Michel Foucault and Gayatri Chakravorty Spivak and challenging the recent historiography of empire and economic histories of globalization he elaborates a bold new approach to the humanities in the age of globalization

Colonialism Norrie Macqueen, 2014-07-22 Europe s rapacious hunger for other people s lands is one of the key shaping forces of our contemporary world Everything is touched by our colonial past from the way we see the world to the food we eat Our contemporary preoccupations and ills from globalization to humanitarian intervention to international terrorism have colonialism somewhere in their genetic make up The character and policies of contemporary international organizations from the United Nations to the European Union have also been deeply affected by the colonial inheritance of their members whether as perpetrators or victims Weaving together the complex strands of history and politics into one compact narrative this book addresses the key theories of colonialism examining them against contemporary realities It goes on to look at how the different policies of colonisers have had profoundly contradictory effects on the way different empires ended in the 20th century These endings in turn affected the entire nature of modern day international relations It also exposes the moral ambiguities of colonialism and the hypocrisies which underlay colonial policies in the 19th and 20th centuries

**Partners of British Rule** Mohinder Singh Pannu, 2006

**Colony, Nation, and Globalisation** Eddie Tay, 2010-06-01 The literature of Malaysia and Singapore the multicultural epicentre of Asia offers a rich body of source material for appreciating the intellectual heritage of colonial and postcolonial Southeast Asia Focusing on themes of home and belonging Eddie Tay illuminates many aspects of identity anxiety experienced in the region and helps construct a dialogue between postcolonial theory and the Anglophone literatures of Singapore and Malaysia A chronologically ordered selection of texts is examined including Swettenham Bird Maugham Burgess and Thumboo This genealogy of works includes colonial travel writings and sketches as well as contemporary diasporic novels by Malaysian and Singapore born authors based outside their countries of origin The premise is that home is a physical space as well as a symbolic terrain invested with social political and cultural meanings As discussions of politics and history augment close readings of literary works the book should appeal not only to scholars of

literature but also to scholars of Southeast Asian politics and history **America Pathways to the Present** ,1995

**Encyclopedia of the Age of Imperialism, 1800-1914** Carl C. Hodge,2007-11-30 In 1800 Europeans governed about one third of the world's land surface by the start of World War I in 1914 Europeans had imposed some form of political or economic ascendancy on over 80 percent of the globe The basic structure of global and European politics in the twentieth century was fashioned in the previous century out of the clash of competing imperial interests and the effects both beneficial and harmful of the imperial powers on the societies they dominated This encyclopedia offers current detailed information on the major world powers and their global empires as well as on the people events ideas and movements both European and non European that shaped the Age of Imperialism **Graduate Studies** ,1993 [#RhodesMustFall](#) B. Nyamnjoh,2016-04-18 This book on rights entitlements and citizenship in post apartheid South Africa shows how the playing field has not been as levelled as presumed by some and how racism and its benefits persist Through everyday interactions and experiences of university students and professors it explores the question of race in a context still plagued by remnants of apartheid inequality and perceptions of inferiority and inadequacy among the majority black population In education black voices and concerns go largely unheard as circles of privilege are continually regenerated and added onto a layered and deep history of cultivation of black pain These issues are examined against the backdrop of organised student protests sweeping through the country's universities with a renewed clamour for transformation around a rallying cry of Black Lives Matter The nuanced complexity of this insightful analysis of the Rhodes Must Fall movement elicits compelling questions about the attractions and dangers of exclusionary articulations of belonging What could a grand imperialist like the stripling Uitlander or foreigner of yesteryear Sir Cecil John Rhodes possibly have in common with the present day nimble footed makwerekwere from Africa north of the Limpopo The answer Nyamnjoh suggests is to be found in how human mobility relentlessly tests the boundaries of citizenship
