Connecting Social Problems and Popular Culture Karen

Sternheimer,2018-05-04 Is violence on the streets caused by violence in video games Does cyber bullying lead to an increase in suicide rates Are teens promiscuous because of Teen Mom As Karen Sternheimer clearly demonstrates popular culture is an easy scapegoat for many of society s problems but it is almost always the wrong answer Now in its second edition Connecting Social Problems and Popular Culture goes beyond the news grabbing headlines claiming that popular culture is public enemy number one to consider what really causes the social problems we are most concerned about The sobering fact is that a media made them do it explanation fails to illuminate the roots of social problems like poverty violence and environmental degradation Sternheimer s analysis deftly illustrates how welfare reform a two tiered health care system and other difficult systemic issues have far more to do with our contemporary social problems than Grand Theft Auto or Facebook The fully revised new edition features recent moral panics think sexting and cyberbullying and an entirely new chapter exploring social media Expanded discussion of how we understand society s problems as social constructions without disregarding empirical evidence as well as the cultural and structural issues underlying those ills allows students to stretch their sociological imaginations

Reader's Guide to the Social Sciences Jonathan Michie,2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense

The Cambridge Handbook of Social Problems: A. Javier Treviño,2018-03-22 The introduction of the Affordable Care Act in the United States the increasing use of prescription drugs and the alleged abuse of racial profiling by police are just some of the factors contributing to twenty first century social problems The Cambridge Handbook of Social Problems offers a wide ranging roster of the social problems currently pressing for attention and amelioration Unlike other works in this area it also gives great consideration to theoretical and methodological discussions This Handbook will benefit both undergraduate and graduate students eager to understand the sociology of social problems It is suitable for classes in social problems current events and social theory Featuring the most current research the Handbook provides an especially useful resource for sociologists and graduate students conducting research

America's Problems Elliott Currie,Jerome H. Skolnick,1984

Reader's Guide to American History Peter J. Parish,2013-06-17

There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes

and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

Progressive Evangelicals and the Pursuit of Social Justice Brantley W. Gasaway, 2014-10-30 In this compelling history of progressive evangelicalism Brantley Gasaway examines a dynamic though often overlooked movement within American Christianity today Gasaway focuses on left leaning groups such as Sojourners and Evangelicals for Social Action that emerged in the early 1970s prior to the rise of the more visible Religious Right He identifies the distinctive public theology a set of biblical interpretations regarding the responsibility of Christians to promote social justice that has animated progressive evangelicals activism and bound together their unusual combination of political positions The book analyzes how prominent leaders including Jim Wallis Ron Sider and Tony Campolo responded to key political and social issues over the past four decades Progressive evangelicals combated racial inequalities endorsed feminism promoted economic justice and denounced American nationalism and militarism At the same time most leaders opposed abortion and refused to affirm homosexual behavior even as they defended gay civil rights Gasaway demonstrates that while progressive evangelicals have been caught in the crossfire of partisan conflicts and public debates over the role of religion in politics they have offered a significant alternative to both the Religious Right and the political left

Social Psychology in the 80s Lawrence S. Wrightsman, Kay Deaux, 1981

Reader's Guide to Judaism Michael Terry, 2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly

The Importance of Teaching Social Issues Samuel Totten, 2014-08-07 John Dewey's My Pedagogical Creed outlined his beliefs in regard to teaching and learning In this volume prominent contemporary teacher educators such as Diana Hess Geneva Gay and O L Davis follow in Dewey's footsteps articulating their own pedagogical creeds as they relate to educating about social issues Through personal stories each contributor reveals the major concerns tenets and interests behind their own teaching and research including the experiences underlying their motivation to explore social issues via the school curriculum Rich with biographical detail The Importance of Teaching Social Issues combines diverse voices from curriculum theory social studies education science education and critical theory providing a unique volume relevant for today's teachers and education scholars

Instructor's Manual for Human Behavior in the Social Environment Caryl B. Germain, 1991

Developmental Neuropsychiatry James C. Harris, 1998 Although developmental concepts have held a prominent place in American psychiatry for over fifty years because of the dominance of psychodynamic theory it is only in recent years that advances in neuroscience have begun to

impact developmental psychiatry James Harris's two volume work on developmental neuropsychiatry sets the agenda for this emerging clinical specialty Written by an individual with the developmental expertise of a pediatrician the behavioral sophistication of an adult and child psychiatrist and a deep appreciation of neuroscience these two books offer an integrated yet comprehensive approach to developmental neuropsychiatry In Volume I Part I discusses basic neural science including aspects of molecular neurobiology developmental neuroanatomy neurotransmitter systems and neuronal signaling mechanisms sleep and circadian rhythms and basic genetics Part II provides background on cognitive neuroscience that relate to attention emotion language memory neural networks and consciousness Part III emphasizes the developmental perspective which is crucial to an understanding of neurodevelopmental disorders It offers an ethological framework as well as background information on cognitive development emotion expression and regulation language development temperament and personality and the emergence of the self
