Gutzon Borglum Robin Borglum Carter,1998 Gutzon Borglum is remembered as the sculptor of Mount Rushmore as though it were his only accomplishment Yet he had gained international recognition long before he began the work that would overshadow his earlier achievements His many monumental sculptures were already in place by the time he began Mount Rushmore his grandest dream at age sixty Page 4 cover [Give the Man Room](#) Robert Joseph Casey,Gutzon Borglum,Mary Borglum,2011-10-01 **Gutzon Borglum** Mary (Montgomery) Borglum,1949 **The House of Truth** Brad Snyder,2017-02-02 In 1912 a group of ambitious young men including future Supreme Court justice Felix Frankfurter and future journalistic giant Walter Lippmann became disillusioned by the sluggish progress of change in the Taft Administration The individuals started to band together informally joined initially by their enthusiasm for Theodore Roosevelt s Bull Moose campaign They self mockingly called the 19th Street row house in which they congregated the House of Truth playing off the lively dinner discussions with frequent guest and neighbor Oliver Wendell Holmes Jr about life s verities Lippmann and Frankfurter were house mates and their frequent guests included not merely Holmes but Louis Brandeis Herbert Hoover Herbert Croly founder of the New Republic and the sculptor and sometime Klansman Gutzon Borglum later the creator of the Mount Rushmore monument Weaving together the stories and trajectories of these varied fascinating combative and sometimes contradictory figures Brad Snyder shows how their thinking about government and policy shifted from a firm belief in progressivism the belief that the government should protect its workers and regulate monopolies into what we call liberalism the belief that government can improve citizens lives without abridging their civil liberties and eventually civil rights Holmes replaced Roosevelt in their affections and aspirations His famous dissents from 1919 onward showed how the Due Process clause could protect not just business but equality under the law revealing how a generally conservative and reactionary Supreme Court might embrace even initiate political and social reform Across the years from 1912 until the start of the New Deal in 1933 the remarkable group of individuals associated with the House of Truth debated the future of America They fought over Sacco and Vanzetti s innocence the dangers of Communism the role the United States should play the world after World War One and thought dynamically about things like about minimum wage child welfare laws banking insurance and Social Security notions they not only envisioned but worked to enact American liberalism has no single source but one was without question a row house in Dupont Circle and the lives that intertwined there at a crucial moment in the country s history [Gutzon Borglum](#) Mount Rushmore Memorial Society,19?? and discusses the outstanding personalities involved Metropolitan Museum of Art website The American West in Bronze, 1850-1925 Thayer Tolles, Thomas Brent Smith, 2013 Themes of the American West have been enduringly popular and The American West in Bronze features sixty five iconic bronzes that display a range of subjects from portrayals of the noble Indian to rough and tumble scenes of rowdy cowboys to tributes to the pioneers who settled the lands west of the Mississippi Fascinating texts offer a fresh look at the roles that artists played in creating interpretations of the vanishing West Whether based on fact fiction or something in between These artists including Charles M Russell and Frederic Remington embody a range of life experiences and artistic approaches The American West in Bronze 1850 1925 is the first full scale exhibition to explore the aesthetic and cultural impulses behind the creation of statuettes with American western themes which have been so popular with audiences then and now Both the exhibition and this accompanying catalogue offer a fresh look at the multifaceted roles played by these sculptors in creating three dimensional interpretations of western life whether based on historical fact mythologized fiction or most often something in between Examples by such archetypal representatives of the West as Frederic Remington and Charles M Russell are complemented by the work of sculptors such as James Earle Fraser and Paul Manship who contributed to the popularity of the American bronze statuette even though their western subjects were less frequent Publisher's description *The Ku Klux Klan in South Dakota* Arley Kenneth Fadness, 2024-03-18 A startling rise and retreat In the 1920s a reborn Ku Klux Klan slithered into South Dakota Bold at times the group intimidated citizens in every county KKK anti Catholicism sentiment resulted in the murder of Father Arthur Belknap of Lead Idealized Gutzon Borglum sculptor of Mount Rushmore operated as a white supremacist and KKK leader In 1925 animosity between the KKK and Fort Meade soldiers came to a clash one night in Sturgis The clatter of two borrowed 30 caliber Browning cooled machine guns split the air over the heads of a Klan gathering across the valley Author Arley Fadness follows the Klan's trail throughout the Rushmore state The World's Work, 1914 **Bulwark Against the Bay** Mary Jo O'Rear, 2017-02-03 After a devastating hurricane in 1919 the people of Corpus Christi faced the stark reality of their vulnerability It was clear that something had to be done but the mere will to take precautionary measures did not necessarily lead the way Instead two decades would pass before an effective solution was in place Mary Jo O'Rear author of *Storm over the Bay* returns to tell the story of a city's long and often frustrating path to protecting itself *Bulwark Against the Bay* reveals the struggle to construct a seawall was not merely an engineering challenge it was also bound up with the growing popularity of the Ku Klux Klan local aversion to Roman Catholicism the emergence of the League of United Latin American Citizens new efforts on behalf of African American equality the impact of the Great Depression support for Franklin Roosevelt and reactions to the New Deal A case study of a community wrestling with itself even as it races with the clock *Bulwark Against the Bay* adds to our understanding of urban history boardroom and backroom politics and the often harsh realities of geography and climate Mormons and Popular Culture J. Passion and Principle Sally Denton, 2009-05-01 John Charles Fr mont was the illegitimate child of a Virginia aristocrat and a working class French immigrant Jessie Benton was the daughter of the most powerful pre Civil War U S senator Thomas Hart Benton of Missouri and her gender notwithstanding had been groomed as much as any young man to be president Senator Benton unwittingly brought the two together never imagining that his daughter would fall in love with Fr mont Despite their disparate backgrounds however John and Jessie s marriage was one of the most storied events of the nineteenth century And indeed Jessie and John made a formidable couple Both together and apart they contributed significantly to shaping the United States He was a key figure in western expansion and the first presidential candidate for the Republican Party She was a savvy political operator who played confidante and adviser to the highest political powers in the country Despite their great efforts on behalf of their country however their reputations did not survive a Washington smear campaign led by none other than Jessie s father Written with an investigative journalist s eye for detail and a novelist s flair this biography of explorer politician and gold mine owner John C Fr mont and his intellectual wife Jessie Benton Fr mont also casts light on the tumultuous period that forms the backdrop for their lives from the abolition of slavery to the building of the railroad

The Ethos of Rhetoric Michael J. Hyde, 2004 Fourteen noted rhetorical theorists and critics answer a summons to return ethics from abstraction to the particular They discuss and explore a meaning of ethos that predates its more familiar translation as moral character and ethics Together the contributors define ethical discourse and describe what its practice looks like in particular communities

Great White Fathers John Taliaferro, 2007-10-09 Gutzon Borglum the sculptor of Mount Rushmore National Memorial hoped that ten thousand years from now when archaeologists came upon the four sixty foot presidential heads carved in the Black Hills of South Dakota they would have a clear and graphic understanding of American civilization Borglum the child of Mormon polygamists had an almost Ahab like obsession with Colossalism a scale that

matched his ego and the era He learned how to be a celebrity from Auguste Rodin how to be a political bully from Teddy Roosevelt He ran with the Ku Klux Klan and mingled with the rich and famous from Wall Street to Washington Mount Rushmore was to be his crowning achievement the newest wonder of the world the greatest piece of public art since Phidias carved the Parthenon But like so many episodes in the saga of the American West what began as a personal dream had to be bailed out by the federal government a compromise that nearly drove Borglum mad Nor in the end could he control how his masterpiece would be received Nor its devastating impact on the Lakota Sioux and the remote Black Hills of South Dakota Great White Fathers is at once the biography of a man and the biography of a place told through travelogue interviews and investigation of the unusual records that one odd American visionary left behind It proves that the best American stories are not simple they are complex and contradictory at times humorous at other times tragic National Monuments and Nationalism in 19th Century Germany Hans A. Pohlsander, 2008 No century in modern European history has built monuments with more enthusiasm than the 19th Of the hundreds of monuments erected those which sprang from a nation wide initiative and addressed themselves to a nation rather than part of a nation we may call national monuments Nelson s Column in London or the Arc de Triomphe in Paris are obvious examples In Germany the 19th century witnessed a veritable flood of monuments many of which rank as national monuments These reflected and contributed to a developing sense of national identity and the search for national unity they also document an unsuccessful effort to create a genuinely German style They constitute a historical record quite apart from aesthetic appeal or ideological message As this historical record is examined German national monuments of the 19th century are described and interpreted against the background of the nationalism which gave birth to them **Monumental Controversies** Harriet F. Senie, 2023-04 In recent years the United States has witnessed major controversies surrounding past American presidents monuments and sites Consider Mount Rushmore which features the heads of the nation s most revered presidents George Washington Thomas Jefferson Abraham Lincoln and Theodore Roosevelt Is Rushmore a proud national achievement or a symbol of the U S theft and desecration of the Lakota Sioux s sacred land Is it fair to denigrate George Washington for having owned slaves and Thomas Jefferson for having had a relationship with Sally Hemings an enslaved woman to the point of dismissing these men s accomplishments Should we retroactively hold Abraham Lincoln accountable for having signed off on the largest single day mass execution in U S history of thirty eight Dakota men How do we reckon with Theodore Roosevelt s legacy He was criticized for his imperialist policies but praised for his pro labor antitrust and conservation programs These charged issues and many others have been plaguing our nation and prompting the removal of Confederate statues and flags amid racial unrest a national pandemic and political strife Noted art historian Harriet F Senie tackles these pivotal subjects and more in Monumental Controversies Senie places partisan politics aside as she investigates subjects that have not been adequately covered in classrooms or literature and require substantial reconciliation in order for Americans to come to terms with their history She shines a spotlight on the

complicated facts surrounding these figures monuments and sites enabling us to revisit the flaws of our Founding Fathers and their checkered legacies while still recognizing their enormous importance and influence on the United States of America Monumental Controversies presents strategies to create an inclusive narrative that honors the varied stakeholders in a democracy a vital step toward healing the divisiveness that now appears to be a dominant feature of American discourse As the public and press reconsider the viability of the American experiment in democracy Senie offers a thoughtful reflection on the complex lives and legacies of the four presidents memorialized on Mount Rushmore All four presidents faced some of the most contentious times in our history and yet they championed unity made possible by acknowledging and accepting opposing opinions as a basic premise of democracy Historians curators government officials academics and students at all levels will be riveted by this authoritative work
