Misdefending the Realm Antony Percy, 2017 This is the story of how the Soviet Union successfully infiltrated the UK government in the years leading up to WW2 and specifically when the USSR was an ally of Nazi Germany August 1939 June 1941 Historians have previously argued that this success was due to the existence of a Communist super mole within MI5 and that in the fight against Fascism multiple indulgences towards communists were an unavoidable strategy The reality was very different When a key Soviet defector warned of the deep insertion of agents within the corridors of power the Comintern were obliged by the Hitler Stalin pact to launch an aggressive counteroffensive in 1940 Britain's Security Service was persuaded that the threat from communist subversion was minimal When this most damaging espionage was detected MI5's officers engaged in an extensive cover up to conceal their deficiencies Exploiting recently declassified material and a broad range of historical and biographical sources Antony Percy here reveals how the Soviet Union caught up so swiftly with Western expertise and weaponry and so removed a key Western advantage over its Communist adversary as the Cold War ensued

Looking-Glass Wars: Spies on British Screens since 1960 Alan Burton, 2018-01-31 Looking Glass Wars Spies on British Screens since 1960 is a detailed historical and critical overview of espionage in British film and television in the important period since 1960 From that date the British spy screen was transformed under the influence of the tremendous success of James Bond in the cinema the spy thriller and of the new style spy writing of John le Carr and Len Deighton the espionage story In the 1960s there developed a popular cycle of spy thrillers in the cinema and on television The new study looks in detail at the cycle which in previous work has been largely neglected in favour of the James Bond films The study also brings new attention to espionage on British television and popular secret agent series such as Spy Trap Quiller and The Sandbaggers It also gives attention to the more realistic representation of spying in the film and television adaptations of le Carr and Deighton and other dramas with a more serious intent In addition there is wholly original attention given to

nostalgic spy fictions on screen adaptations of classic stories of espionage which were popular in the late 1970s and through the 1980s and to historical spy fiction dramas which treated real cases of espionage and their characters most notably the notorious Cambridge Spies Detailed attention is also given to the secret state thriller a cycle of paranoid screen dramas in the 1980s which portrayed the intelligence services in a conspiratorial light best understood as a reaction to excessive official secrecy and anxieties about an unregulated security service The study is brought up to date with an examination of screen espionage in Britain since the end of the Cold War The approach is empirical and historical The study examines the production and reception literary and historical contexts of the films and dramas It is the first detailed overview of the British spy screen in its crucial period since the 1960s and provides fresh attention to spy films series and serials never previously considered

Studies in Intelligence, 2013 *Yangtze Showdown* Brian Izzard, 2015-02-18 Tells the epic tale of the entrapment of HMS Amethyst by the Chinese Communists a good sea story and a look inside the early days of the Cold War Strategy Page The attack on the British frigate Amethyst on the Yangtze River by Chinese Communists in 1949 made world headlines There was even more publicity when the ship made a dramatic escape

after being trapped for 101 days Eulogized by the British as an example of outstanding courage and fortitude the Yangtze Incident was even made into a feature film which depicted the ship and her crew as innocent victims of Communist aggression The truth was more complex and so sensitive that the government intended that the files should be closed until 2030 However these have now been released and in making use of these documents this book is the first to tell the full story What emerges is an intriguing tale of intelligence failure military over confidence and a hero with feet of clay it is by no means as heroic as the well publicized official version but every bit as entertaining While the reputations of diplomatic and naval top brass take a knock the bravery and ingenuity of those actively involved shines even more brightly Written with verve and including much new and surprising information this book is both enjoyable and informative A masterly work gripped with tension and it is hard to put down the feat of legends which will forever be celebrated throughout the endless history of the Royal Navy Australian Naval Institute A classic piece of post war naval adventure in a highly readable and well researched manner Scuttlebutt

A Force So Swift Kevin Peraino, 2018-09-18 New York Times Book Review Editors Choice Winner of the 2018 Truman Book Award A gripping narrative of the Truman Administration's response to the fall of Nationalist China and the triumph of Mao Zedong's Communist forces in 1949 an extraordinary political revolution that continues to shape East Asian politics to this day In the opening months of 1949 U S President Harry S Truman found himself faced with a looming diplomatic catastrophe perhaps the greatest that this country has ever suffered as the journalist Walter Lippmann put it Throughout the spring and summer Mao Zedong's Communist armies fanned out across mainland China annihilating the rival troops of America's one time ally Chiang Kai shek and taking control of Beijing Shanghai and other major cities As Truman and his aides including his shrewd ruthless secretary of state Dean Acheson scrambled to formulate a response they were forced to contend not only with Mao but also with unrelenting political enemies at home Over the course of this tumultuous year Mao would fashion a new revolutionary government in Beijing laying the foundation for the creation of modern China while Chiang Kai shek would flee to the island sanctuary of Taiwan These events transformed American foreign policy leading ultimately to decades of friction with Communist China a long standing U S commitment to Taiwan and the subsequent wars in Korea and Vietnam Drawing on Chinese and Russian sources as well as recently declassified CIA documents Kevin Peraino tells the story of this remarkable year through the eyes of the key players including Mao Zedong President Truman Secretary of State Acheson Minnesota congressman Walter Judd and Madame Chiang Kai shek the influential first lady of the Republic of China Today the legacy of 1949 is more relevant than ever to the relationships between China the United States and the rest of the world as Beijing asserts its claims in the South China Sea and tensions endure between Taiwan and the mainland

The Fate of Abraham Peter Osborne, 2022-05-12 As the Cold War faded into history it appeared to have been replaced by a new conflict between Islam and the West Or so we are told After the events of 9 11 and the advent of the war on terror this narrative seemed prophetic But as Peter Osborne reveals in this masterful new

analysis the concept of an existential clash between the two is a dangerous and destructive fantasy Based on rigorous historical research and forensic contemporary journalism that leads him frequently into war torn states and bloody conflict zones Osborne explains the myths fabrications and downright lies that have contributed to this pernicious state of affairs He shows how various falsehoods run deep reaching back as far as the birth of Islam and have then been repurposed for the modern day Many in senior positions in governments across the West have suggested that Islam is trying to overturn our liberal values and even that certain Muslims are conspiring to take over the state while Douglas Murray claims in his new book that we face a War on the West But in reality these fears merely echo past debates as we continue to repeat the pattern of seemingly wilful ignorance With murderous attacks on Muslims taking place from Bosnia in 1995 to China today Osborne dismantles the falsehoods that lie behind them and he opens the way to a clearer and more truthful mutual understanding that will benefit us all in the long run □□□□□ □□□□□□,2019-09-25 2018 2019 1949 1949 1949 1949 1949 Kevin Peraino Newsweek Livingston Award for foreign reporting National Magazine Award Lincoln in the World The Making of a Statesman and the Down of American Power 1949 A Force So Swift Mao Truman and the Birth of Modern China 1949 100 21 2049
