Bellah, 1985 Habits of the Heart, With a New Preface Robert N. Bellah, Richard Madsen, William M. Sullivan, Ann Swidler, Steven M. Tipton, 2007-09-17

Bellah led a team of sociologists in interviewing some 200 Americans on love work success and values Blending interviews with historical analysis they explore what habits of the heart move Americans and what beliefs and practices shape their character and social order They examine the traditions Americans use to make sense of themselves and their society and show that while individualism creates self-reliant heroes it also destroys the fabric of community and the capacity for commitment to one another Most of the people interviewed wives and husbands managers psychotherapists local businessmen and civic activists are split between a public world of competitive striving and a private world supposed to provide the meaning and love that make the competitive jungle bearable For sale in India at Rs 66 00 **Habits of the**
