Girardot,1988 Myth and Meaning in Early Daoism examines some of the earliest texts associated with the Daoist tradition primarily the Daode jing Zhuangzi and Huainanzi from the outlook of the comparative history of religions and finds a kind of thematic and soteriological unity rooted in the mythological symbolism of hundun the primal chaos being and principle that is foundational for the philosophy and practice of the Dao as creatio continua in cosmic social and individual life Dedicated to the proposition that ancient Chinese texts and traditions are often best understood from a broad interdisciplinary and interpretive perspective this work when it was written challenged many prevailing conceptions of the Daode jing and Zhuangzi as primarily philosophical texts without any religious significance or affinity with the later sectarian traditions While controversial and at times playfully provocative the methodology and findings of this book are still important for the ongoing scholarship about Daoism in China and the world

Mary Poppins, She Wrote Valerie Lawson, 2013-12-03 The story of Mary Poppins the quintessentially English and utterly magical children's nanny is remarkable enough She flew into the lives of the unsuspecting Banks family in a children's book that was instantly hailed as a classic then became a household name when Julie Andrews stepped into the starring role in Walt Disney's hugely successful and equally classic film Now she is a sensation all over again both on Broadway and in Disney's upcoming film Saving Mr Banks Saving Mr Banks retells many of the stories in Valerie Lawson's biography Mary Poppins She Wrote including P L Travers's move from London to Hollywood and her struggles with Walt Disney as he adapted her novel for the big screen Travers whom Disney accused of vanity for thinking she knows more about Mary Poppins than I do was a poet and world renowned author as tart and opinionated as Andrews's big screen Mary Poppins was cheery and porcelain beautiful Yet it was a love of mysticism and magic that shaped Travers's life as well as the very character of Mary Poppins The clipped strict and ultimately mysterious nanny who emerged from her pen was the creation of someone who remained inscrutable and enigmatic to the end of her ninety six years Valerie Lawson's illuminating biography provides the first full look at the life of the woman and writer whose personal journey is as intriguing as her beloved characters

The Sacred Embrace of Jesus and Mary Jean-Yves Leloup, 2006-02-24 An examination of how the teachings of Jesus reveal the essential role of sexuality in spiritual growth and transformation Shows that Jesus did not come to redeem humanity from the life of the flesh but to honor it as a spiritual path Uses Hebrew gnostic and early Christian source texts to reveal the true context of the words attributed to Jesus Explores the spiritual and physical relationship shared by Jesus and Mary Magdalene Of all the major religions Christianity is the only one that has utterly rejected sexuality as one of the many paths that can lead to enlightenment and salvation But if Jesus was indeed the Word made flesh and serious consideration is given to the mystery of his Incarnation is it reasonable that physical love would have been prohibited to him Drawing from the canonical and apocryphal gospels the Hebrew esoteric tradition and gnosticism Jean Yves Leloup shows that Jesus did not come to save humanity from the life of the flesh but to save the life of the flesh so that it would truly transfigure all people Leloup explains that when Saint Paul said it was good to be without women he did not cite any words of Jesus in support of this contention In fact Paul's statement utterly contradicts the words of God in Genesis It is not good that man should be alone Leloup argues that the elimination of the divine feminine and sacred sexuality set in motion by Paul's words does not reflect the true teachings of Christ and that the transformation of Jesus into a celibate is the true heresy His research restores Christ's true human sexuality and shows it to be a vital part of

humanity's spirituality Leloup contends that by understanding the sacred nature of the embrace shared by man and woman as a true reflection of humanity made in God's image Christianity can again become the powerful path of transfiguration Christ intended
