Educational Psychology Angela M. O'Donnell,Johnmarshall Reeve,Jeffrey K. Smith,2011-12-06 Teachers help students learn develop and realize their potential To become successful in their craft teachers need to learn how to establish high quality relationships with their students and they need to learn how to implement instructional strategies that promote students learning development and potential To prepare pre service teachers for the profession the study of educational

psychology can help them to better understand their students and better understand their process of teaching. Such is the twofold purpose of Educational Psychology to help pre-service teachers understand their future students better and to help them understand all aspects of the teaching-learning situation. The pursuit of these two purposes leads to the ultimate goal of this text, namely to help pre-service teachers become increasingly able to promote student learning, development, and potential when it becomes their turn to step into the classroom and take full-time responsibility for their own classes.
