and I might do in our kitchens when a favourite tune comes on It s more than a social history it s a set of interconnected histories of the overlooked places where dancing happens Why do we dance together What does dancing tell us about ourselves individually and collectively And what can it do for us Whether it be at home 80s club nights Irish dancehalls or reggae dances jungle raves or volunteer run spaces and youth centres Emma Warren has sought the answers to these questions her entire life Dancing doesn t just refract the music and culture within which it evolves it also generates new music and culture When we speak only of the music we lose part of the story the part that finds us dancing as children on the toes of adults the half that triggers communication across borders and languages the part that finds us worried that we ll never be able to dance again and the part that finds us wondering why we were ever nervous in the first place At the

intersection of memoir social and cultural history *Dance Your Way Home* is an intimate foray onto the dancefloor wherever and whenever it may be that speaks to the heart of what it is that makes us move      Reading and Interpreting the Works of Alice Walker Lisa A. Minister, 2018-10-18 This is the first book to provide an introduction to contemporary cultural approaches to the study of religion. This book makes sophisticated ideas accessible at an introductory level and examines the analytic tools of scholars in religious studies as well as in related disciplines that have shaped the field including anthropology, history, literature, and critical studies in race, sexuality, and gender. Each chapter is written by a leading scholar and includes the biographical and historical context of each theorist, their approaches, and key writings. Analysis and evaluation of each theory suggested further reading.

Part One: Comparative Approaches considers how major features such as taboo, texts, myths, and ritual work across religious traditions by exploring the work of Mary Douglas, Phyllis Klistner, Wendy Doniger, and Catherine Bell.

Part Two: Examining Particularities analyzes the comparative approach through the work of Alice Walker, Charles Long, and Caroline Walker Bynum, who all suggest that the specifics of race, body, place, and time must be considered.

Part Three: Expanding Boundaries examines Gloria Anzaldúa's language of religion as well as the work of Judith Butler on performative queer theories of religion and concludes with Saba Mahmood, whose work considers postcolonial religious encounters, secularism, and the relationship between East and West.

Reflecting the cultural turn and challenging the existing canon, this is the anthology instructors have been waiting for.
