Espresso Party **Divided We Fall** Alice M. Rivlin, Sheri Rivlin, Allan Rivlin, 2022-10-04 Partisan warfare and gridlock in Washington threaten to squander America s opportunity to show the world that democracy can solve serious economic problems and ensure widely shared prosperity Instead of working together to meet the challenges ahead an aging work force exploding inequality climate change rising debt our elected leaders are sabotaging our economic future by blaming and demonizing each other in hopes of winning big in the next election They are weakening America s capacity for world leadership and the case for democracy here and abroad Alice M Rivlin with decades of experience in economic policy making argues that proven economic policies could lead to sustainable American prosperity and opportunity for all but crafting them

requires the tough time consuming work of consensus building and bipartisan negotiation In a divided country with shifting majorities major policies must have bipartisan buy in and broad public support Otherwise we will have either destabilizing swings in policy or total gridlock in the face of challenges looming at us Rivlin believes that Americans can and must save our hyper partisan politicians from themselves She makes the case that on many practical economic issues the public is far less divided than partisan politicians and sensationalist media would have us believe She draws attention to numerous hopeful efforts to bridge partisan and ideological divides in Washington in state capitols and city governments and communities around the country and advocates a major national effort to enable citizens and future leaders to learn and practice the art of listening to each other and working together to find common ground This book is a practical guide for Americans across the political spectrum who are agonizing over partisan warfare incivility and policy gridlock and looking for ways they can help to get our democratic policy process back on a constructive track before it is too late

Stoneham began his tenure with the Giants in 1924 learning all sides of the operation until he moved into the front office In 1936 when his father died of kidney disease Horace assumed control of the Giants at age thirty two becoming one of the youngest owners in baseball history Stoneham played a pivotal role in not just his team s history but the game itself In the mid 1940s when the Pacific Coast League sought to gain Major League status few but Stoneham and Branch Rickey took it seriously and twelve years later the Giants and Dodgers were the first two teams to relocate west Stoneham signed former Negro Leaguers Monte Irvin and Hank Thompson making the Giants the second National League franchise to racially integrate In the late 1940s the Giants hired their first Spanish speaking scout and soon became the leading team in developing Latin American players Stoneham was shy and self effacing and avoided the spotlight His relationships with players were almost always strong yet for all his leadership skills and baseball acumen sustained success eluded most of his teams In forty seasons his Giants won just five National League pennants and only one World Series The Stoneham family business struggled and the team was forced to sell off its beloved stars first Willie Mays then Willie McCovey and finally Juan Marichal Then Stoneham had no choice but to sell the club in 1975 While his tenure came to an unfortunate end he is heralded as a pioneer and leader whose story tells much of baseball history from the 1930s through the 1970s
