RE: Hardship Letter - Short Sale for _____ address
Loan number: (#)

To Whom It May Concern:

Since last month I am experiencing financial difficulties due to (layoff, medical problem, etc.)

After having my current financial situation carefully analyzed, I have concluded that it is no longer possible to comply with the original terms of the agreement. I have no choice but ask you for your help on avoiding the foreclosure of my family's home.

Due to the dropping of home prices that have affect the entire country in the last year, I currently owe more on my mortgage than my home is actually worth.

Please consider allowing me into your Short Sale Program so that we can lower the price and sell the house quickly before it goes into foreclosure. This will allow me to settle my financial obligation to you and have a chance to get back on my feet, without having to file for bankruptcy.

Please understand that financial hardships can occur and many times it's not a choice. I deeply appreciate your help in this matter. If you have any questions, or need anything further from me, you can contact my Realtor, Mr. Realty at (123) 123-1234.

I am enclosing my (last two months bank statements, last two year's federal tax returns, last two pay stubs for all working borrowers, and my last two year's W-2's .

I, (your name), state that the information provided above is true and correct to the best of my knowledge .

Sincerely,

Short Sales - Investing In Today's Real Estate Market Noah Daniels, 2014-04-12 You have probably been thinking about how you can invest in today's real estate market You have been watching the news and reading the papers and probably by now realize that the residential real estate market has reached rock bottom There are many more houses on the market than there are buyers This means that this is the time to buy and not sell It almost looks as if it is fruitless to want to invest in real estate in the market today or does it Perhaps you have heard some people talking about investing in real estate today and making quick money and thought that it was some sort of scam After all how can you invest in a down market and still be able to turn it around and make money It has to be some sort of scam and must be impossible to accomplish Or is it If you have been looking for a chance to make a higher return on your money than you can get anywhere else on the market including the stock market and with minimal risk look no further You can invest in today's real estate market and take advantage of the current situation There are more foreclosures than ever in today's real estate market Foreclosures have hit their all time high in states such as California Florida and Nevada Most of the states in the union have also been suffering from massive amounts of foreclosures You have probably heard about people who are purchasing foreclosed properties and making money But this can be difficult to do if you do not have an inside guide to the market After all the investors who know the market will be the first to grab the properties that are well worth getting You may be able to buy a foreclosure but you might not be able to get that good of a deal There is a lot of competition out there for the foreclosure buying market But what if you do not wait for a house to go into foreclosure What if you have a method where you can purchase property that is in good condition for less than market value and make the seller and prior lender happy Do you think this would work for you This book will teach you everything you need to learn about a short sale how to find a good opportunity and how to negotiate with the seller as well as the lender It will teach you how to find investors and what to look for when you are investing in a short sale property All in easy to understand language that takes you through the short sale process step by step There are many different ways you can make money in the short sale vehicles You can use the properties that you buy to make money as a long term real estate investment or a short term investment If you think that the buyer's market means that real estate investing days and making quick money are over think again You have the perfect opportunity for a quick turnover in a short sale

Real Estate Recession Riches - Top 10 Real Estate Investing Tips That Don't Suck! Cory Boatright, 2013-02 Allow me to share my story with you My name is Cory Boatright I am 35 years old and since my early twenties I have started run or been directly involved with almost 40 different companies I have sold everything from Ginsu knives on eBay Kirby vacuum cleaners door to door all the way to 50 000 high end electronics Online Out of the forty something companies only TWO of them ever proved to be worthwhile endeavors The other thirty eight I decided to call business therapy Interestingly enough both of the successful companies harnessed the power of the Internet to make their profits After bringing in almost 4 million

dollars in sales from my first start up I sold it and directed my passion to the world of real estate investing Why real estate Well most of my affluent customers in my first business owned real estate so I knew there was something to be learned in that industry I was a complete novice to it And oh by the way before I forget did I mention that I didn't even graduate from high school Apparently my drive to succeed coupled with my persistence to not fail clouded my judgment of the value of a formal education So instead I settled for a G E D I'm not looking for any pity party I just mentioned this to demonstrate that if a highschool dropout can make it the doors are open for just about anyone else to do it too Now fast forward a bit into my real estate experiences I started out being a bird dog which means I was out finding good deals on properties and getting paid a finders fee for it That fee was usually 500 1 500 After I learned how much money the investor was making selling the houses I was bringing him I quickly learned how to assign wholesale and flip distressed properties That brought in checks anywhere from 3 000 10 000 Not bad but I had a hunch those properties were worth a lot more after they were fixed up So I decided to put together a skeleton rehab crew and thought I would make 15 000 30 000 per deal but I was sadly mistaken My rehab attempts ended up being more of a mirage instead of a real profit center My 30 000 paydays actually came out to be more around 17 500 after considering all the contractor frustrations material costs labor marketing selling and other holding costs Needless to say I had more fun assigning contracts It wasn't until around 2004 that I stumbled my way through a short sale and I made over 30 000 on that deal That was the most money that I had ever made on one single real estate transaction I couldn't believe the lender would accept less than what was owed for a payoff I was immediately hooked and quickly learned everything possible about the short sale process The more I learned about Short Sales the more I was asked by other investors to partner on deals I quickly became known as the local go to guy for doing short sales Other investors continually asked me how they too could learn to do what I was doing So after being asked by numerous fellow investors to teach and coach them on the subject I decided to dive in head first and write my first information product home study course What I discovered in real estate investing was something I never expected Not only was the short sale niche secretive but the entire industry And the real truth was shared only amongst a small tight knit group of investors but not anymore I've cornered the top dogs in their niche of real estate investing and forced them to talk When you finish reading Real Estate Recession Riches you are going to be smarter and wiser newbie or advanced real estate investor Period Remember be a servant Cory Boatright Cory Boatright is a flat out ge Short Sales - An Ethical Approach David Petrovich,2006-06-01 An insider's view into ethical and successful preforeclosure sales and preforeclosure short sales A must read for buyers sellers or anyone whose home is in foreclosure **Untitled** Aspose.Words for .NET 10.2.0.0, Foreclosure Nation Shari B. Olefson,2009-12-04 The family residence is the backbone of the American economy the most valuable and enduring asset for those who have achieved a financial foothold Yet today record numbers of households confront foreclosure In the next year it is estimated that over two million Americans will lose their homes and almost two billion dollars of wealth will disappear in the process

How did the traditional American Dream morph into a nightmare for so many Real estate attorney and educator Shari B Olefson a recognized expert in the current mortgage crisis and its effects on homeowners explains how America slipped to the edge of this dangerous stagnation recession precipice In plain language that is easily understandable to the average person she clarifies legal and financial terminology and describes how our country s mortgage system really works Utilizing real life lender and borrower interviews she exposes its intrinsic flaws and often discriminatory practices from the mortgage application process to the securitization of bundled mortgages by large investment firms She also provides evidence to show the government s and Wall Street s roles in both causing and solving the problem Above all Olefson offers expert tips tools and resources to help you Choose a mortgage professional and understand what s motivating him or her Decide what mortgage product fits best and when to refinance Get the best fees interest rate and service Create your own solutions for navigating the credit crunch Know what to do when you can t afford your mortgage Protect your home if you are at risk of foreclosure Understand how to proceed if you are already in foreclosure Capitalize on emerging opportunities and avoid the scams and mortgage fraud Prepare for coming changes Foreclosure Nation demystifies the real estate bubble and the subprime mortgage crises that followed With bold clear visuals like inventory absorption and price trend graphs Olefson pinpoints exactly when and why experts are predicting a recovery She also cites statistics that strongly suggest the number of foreclosures will surge in the fall of 2008 and again in 2009 with increased reverberations felt throughout the US and global economies Foreclosure Nation will prove indispensable to explaining what is happening and guiding readers through Whether you are planning on buying your first home struggling to meet your current mortgage payments facing foreclosure or wondering how your investments will be affected this comprehensive book will assuage the fear of the unknown empowering you to make wise choices and protect your most valuable assets
