Keep the Aspidistra Flying first published in 1936 is a socially critical novel by George Orwell. It is set in 1930s London. The main theme is Gordon Comstock's romantic ambition to defy worship of the money god and status and the dismal life that results. Two aspidistra plants. The types he saw all round him especially the older men made him squirm. That was what it meant to worship the money god. To settle down to Make Good to sell your soul for a villa and an aspidistra. To turn into the typical bowler hatted sneak Strube's little man. What a fate. Ch III. Orwell wrote the book in 1934 and 1935 when he was living at various locations near Hampstead in London and drew on his experiences in these and the preceding few years. At the beginning of 1928 he lived in lodgings in Portobello Road from where he started his tramping expeditions sleeping rough and roaming the poorer parts of London. At this time he wrote a fragment of a play in which the protagonist Stone needs money for a life saving operation for his child. Stone would prefer to prostitute his wife rather than prostitute his artistic integrity by writing advertising copy.
