Keeping Poultry And Rabbits On Scraps:

Keeping Poultry and Rabbits on Scraps Alan Thompson, Claude Goodchild, 2008-11-06 First issued in 1941 when the national crisis made it essential for every scrap of kitchen waste and spare time to be used for increasing the nation's food resources this book enabled the meagre official wartime rations to be supplemented in thousands of homes by a regular supply of eggs and meat at a minimum of trouble and expense It now reappears in response to many requests to play its part in the hardly less urgent food production drive of peacetime Everything that the small scale raiser of rabbits or of poultry whether for egg production or for table use needs to know is here buying housing feeding breeding diseases are all fully dealt with by experts the instructions being given in simple and practical language for the beginner Keeping Poultry and Rabbits on Scraps was originally reissued after the war in 1949 Here it is once again a facsimile edition with all the delightful original illustrations and advice to keep your chickens and rabbits happy whether they be in a city garden or roaming in a farm yard

Keeping Poultry and Rabbits on Scraps Alan Thompson, 1943 **Keeping Poultry and Rabbits on Scraps** Alan Prescott Thompson, C. H. Goodchild, 1941 Keeping Poultry and Rabbits on Scraps. By Alan Thompson and Claude H. Goodchild. [With Portraits.]. Alan THOMPSON (Editor of "Poultry Farmer."), 1941 **The Spade as Mighty as the Sword** Daniel Smith, 2013-02-25 The little known history of the Garden Front Britain's wildly successful vegetable growing campaign during WWII A fascinating story Northern Echo After food rationing was introduced in 1940 and German U boats began threatening merchant shipping bringing in essential foodstuffs the Ministry of Agriculture decided something had to be done to make the kitchens of Britain more self sufficient The result was an amazingly effective campaign Dig for Victory encouraging every man and woman to turn their garden or even the grass verge in their street over to cultivating vegetables By 1942 half the population were taking part and even the Royal Family had sacrificed their rose beds for growing onions Now Daniel Smith tells the full story of this remarkable wartime episode when spades forks and bean canes became weapons the ordinary citizen could take up against the enemy It had tangible benefits for the war effort in that shipping could be reallocated for munitions instead of food imports as well as for the health of the nation in encouraging a diet of fresh fruit and veg The campaign also created unexpected celebrities like C H Middleton whose wartime BBC radio talks on gardening reached a vast audience and even sowed the seeds for the modern allotment movement Ultimately it is a war story without fighting or killing one that shows how even The Little Man with the Spade in the words of the Minister for Agriculture at the time did his bit for Victory Engaging The Sunday Times An inspirational account Lancashire Evening Post

Rations, A Very Peculiar History David Arscott,2012-01-19 When war broke out in 1939 few knew that they would soon be fighting to survive let alone how or when it would end Rations A Very Peculiar History looks at the measures the British government took to ensure the wellbeing of its people during wartime and how the British public dealt with it With some stealing some hoarding but most just trying to get by it was one of the bleakest periods in British history But there s a reason they called it the Blitz spirit this title features amazing tales of camaraderie and good humour in the face of bombs and hunger Featuring incredible food and energy saving recipes used at the time along with quotes from survivors Rations A Very Peculiar History will transport you back to a time when even Buckingham Palace and the Ritz hotel weren t above swapping a bit of venison for a bit of lobster

Waste: Uncovering the Global Food Scandal Tristram Stuart,2009-10-26 The true cost of what the global food industry throws away With shortages volatile prices and nearly one billion people hungry the world has a food problem or thinks it does Farmers manufacturers supermarkets and consumers in North America and Europe discard up to half of their food enough to feed all the world s

hungry at least three times over Forests are destroyed and nearly one tenth of the West's greenhouse gas emissions are released growing food that will never be eaten While affluent nations throw away food through neglect in the developing world crops rot because farmers lack the means to process store and transport them to market But there could be surprisingly painless remedies for what has become one of the world's most pressing environmental and social problems Waste traces the problem around the globe from the top to the bottom of the food production chain Stuart's journey takes him from the streets of New York to China Pakistan and Japan and back to his home in England Introducing us to foraging pigs potato farmers and food industry CEOs Stuart encounters grotesque examples of profligacy but also inspiring innovations and ways of making the most of what we have The journey is a personal one as Stuart is a dedicated freegan who has chosen to live off of discarded or self produced food in order to highlight the global food waste scandal Combining front line investigation with startling new data Waste shows how the way we live now has created a global food crisis and what we can do to fix it

Immortal Thoughts: Late Style in a Time of Plague Christopher Neve, 2023-05-16 A remarkable heartfelt beautifully written analysis of the late work of major artists which author Max Porter has called completely and utterly marvelous In 2020 as the spread of COVID 19 caused pandemonium worldwide a painter and writer returned to a childhood home to reflect upon the transcendence of nature and the work of the artists he most admires It seems to Christopher Neve that in their final works their late style that they have something remarkable in common This has more to do with intuition and memory than with rationality or reason *Immortal Thoughts Late Style in a Time of Plague* is an anthology of these reflections In this personal and moving account nineteen short essays on artists are interspersed with recollections of the cataclysmic global progress of the disease in poignant contrast to the beauty of the seasons in Neve's isolated house and garden From Paul C zanne and Michelangelo to Rembrandt and Gwen John Neve dwells on artists late ideas memories risks and places in the context of time and mortality As much art history as a discussion of great art in the context of the dance of death Neve also writes about Pierre Bonnard Giorgio Morandi Nicolas Poussin Chaim Soutine and many others *Immortal Thoughts* is a summary of a lifetime's contemplation of art

Reinventing Print David Jury, 2018-07-12 With the rise of digital technology as a design tool and its acceptance as simply part of the tool chest for today's design studios there has been a re evaluation and return to

exploring pre digital typography Design studios no longer flaunt their digital hardware in fact quite the opposite This attitudinal change toward digital technology has coincided with a growing fascination and re evaluation of those pre digital skills and processes that had been considered in recent years to be irrelevant Mapping the rise of digital technology and examining the infinite possibilities it offers and the profound cultural and technical influence it has had in all aspects of visual communication This text also focuses on our current post digital age in which the technology itself has become sufficiently common place for us to fully recognize what it excels at and what it does less well Reinventing Print focuses on those skills and processes which have been re appropriated and irreverently liberated by a new generation of typographers designers and artists raised with digital technology in their pockets and forever at their fingertips In this post digital age traditional typographic craft is new different and therefore exciting potent and culturally subversive Paradigms and Fairy Tales Julienne Ford,2020-09-23 This book is an introduction to the epistemology and practice of social science It provides an exposition and critique of the ideology and practice of social science and an examination of the professional social scientist as a manipulator of ideas and appearances
