**Unpackaging Art of the 1980s** Alison Pearlman,2003-06-15 American art of the 1980s is as misunderstood as it is notorious Critics of the time feared that market hype and self promotion threatened the integrity of art They lashed out at contemporary art questioning the validity of particular media and methods and dividing the art into opposing camps While controversies have since subsided critics still view art of the 1980s as a stylistic battlefield Alison Pearlman rejects this picture which is truer of the period s criticism than of its art Pearlman reassesses the works and careers of six artists who became critics biggest targets In each of three chapters she pairs two artists the critics viewed as emblematic of a given trend Julian Schnabel and David Salle in association with Neo Expressionism Jean Michel Basquiat and Keith Haring vis vis

Graffiti Art and Peter Halley and Jeff Koons in relation to Simulationism Pearlman shows how all these artists shared important but unrecognized influences and approaches a crucial and overwhelming inheritance of 1960s and 1970s Conceptualism a Warholian understanding of public identity and a deliberate and nuanced use of past styles and media Through in depth discussions of works from Haring s body paintings of Grace Jones to Schnabel s movie Basquiat Pearlman demonstrates how these artists interests exemplified a broader generational shift unrecognized by critics She sees this shift as starting not in the 1980s but in the mid 1970s when key developments in artistic style art world structures and consumer culture converged to radically alter the course of American art Unpackaging Art of the 1980s offers an innovative approach to one of the most significant yet least understood episodes in twentieth century art     **Keith Haring** Keith Haring,Barry Blinderman,1992 This book the first comprehensive monograph on Haring reveals the full range of his diverse oeuvre in over two hundred reproductions of his murals and other paintings drawings and sculpture performance and video art     *Crafting Change* Jessica Vitkus,2022-10-18 An informative and inspiring exploration of craftivism the intersection of handicraft and activism designed to encourage young creators while providing meaningful historical context You don t have to be old enough to vote to drive political change In *Crafting Change* author TV producer and craftivist Jessica Vitkus explores the rich lineage of craftivism with profiles of craftivisit icons many of whom are women and people of color This YA non fiction book shines a light on artist driven projects like This Is Not a Gun workshops where people sculpt objects the police have mistaken for a gun in fatal shootings alongside creative movements that mobilized entire communities like the AIDS Memorial Quilt and the Pussyhat project for the 2017 Women s March This engaging narrative combines compelling artist interviews with full color photos of creators and crafts alike A perfect book for teens who want to channel their creativity into political action with ideas for simple projects sure to appeal to budding craftivists
