Group Work with Sexually Abused Children Lynn Grotzky, Caryl Camerer, Lynn Damiano, 2000 This easy to follow manual presents techniques for working with groups of children who have been sexually abused It begins with an overview of the theory and literature of group therapy with children and then offers seven sections on psycho social skill building techniques trust building self esteem identifying and expressing feelings healing the inner child relationships boundary setting and prevention skills

*Helping Vulnerable Children and Adolescents to Stay Safe* Katie Wrench, 2016-08-18 Helping vulnerable children and young people to build protective behaviours is the key to keeping them safe Full of creative ideas and activities this guide provides the tools to help children develop these key skills Topics include work around building resilience and problem solving skills identifying a safety network developing emotional literacy awareness of grooming strategies and safe unsafe touch and cyber safety The range of tried and tested techniques will be sure to engage any child in thinking about their personal safety allowing adult carers to have confidence that their child will be empowered to better identify and avoid harmful situations and behaviours Practical and easy to use this is a valuable resource for professionals working with vulnerable children and young people such as adopted or fostered children and those in residential care as well as the parents and carers of these children

Resources in Education, 2001 Psychological Assessment of Sexually Abused Children and Their Families William N Friedrich, 2002 Designed for professionals in the field of child maltreatment this authoritative book presents a compelling theoretical framework that guide s assessment of children and adolescents who have been sexually abused and their parents The book is designed to make it easier for clinicians to select a number of measures or procedures across three dimensions that have considerable clinical relevance attachment dysregulations and self perception Psychological Assessment of Sexually Abused Children and Their Families features in particular the assessment of sexually aggressive children and an extensive set of interview formats checklists and other forms that clinicians will find especially useful in evaluating children and their families The book is also richly illustrated with case studies

*Counseling Troubled Boys* Mark S. Kiselica, Matt Englar-Carlson, Arthur M. Horne, 2011-02-14 This volume provides practitioners with clear helpful information about the process of understanding and engaging a wide array of boys and adolescent males in counseling It supplies case examples and covers topics including race ethnicity religion and other cultural factors of boys A practical tool for school and mental health practitioners who need to understand and respond to the developmental and special issues of boys and adolescent males Counseling Troubled Boys

creates a bridge between young men and helping professionals Key content includes adjustment issues strategies for establishing rapport interventions case studies and suggestions for future training and research **Creative Ideas for Assessing Vulnerable Children and Families** Katie Wrench, 2018-06-21 Providing creative ideas and activities to support busy social workers in assessing the needs of vulnerable children and their families or caregivers this book is based upon tried and tested methods from an experienced social worker and offers handy practical hints throughout Ideal as a quick reference guide for everyday practice *A Safe Place to Grow* Vivienne Roseby, Janet Johnston, Bettina Gentner, Erin Moore, 2014-07-16 Discover the effective group treatment strategies that help your school aged clients A child immersed in a conflicted family life may be forced to cope with a multitude of trauma including violence abuse and insecurity In *A Safe Place to Grow A Group Treatment Manual for Children in Conflicted Violent and Separating Homes* highly respected experts give mental health professionals the tools to provide effective group treatment for children scarred by family environments of conflict and abuse This easy to understand step by step manual is a developmentally appropriate treatment curriculum for traumatized school aged children Age appropriate sections separate therapy for big or little kids focusing on efficacy while presenting a comfortable multi ethnic multi cultural model *A Safe Place to Grow* has easy to understand descriptions of techniques with each session in the curriculum containing games and activities that are therapeutic yet flexible enough to be modified whenever the situation warrants A chapter is included to helpfully troubleshoot problems encountered when in session with either age group of children Useful illustrations accompany the text along with a comprehensive bibliography listing additional therapeutic resources for different types of family problems Appendixes are included for instruction on psycho educational groups for parents that enhance their sensitivity to their children s needs as well as providing an evaluation study of the group model itself *A Safe Place to Grow* provides a sequence of activities within the group model aimed at each of these five goals creating common ground and safety exploring the language and complexity of feeling defining and understanding the self defining and revising roles and relationships restoring a moral order *A Safe Place to Grow* is an essential resource for social workers psychologists family and child therapists school counselors and battered women and children s advocates *Handbook for the Treatment of Abused and Neglected Children* P. Forrest Talley, 2014-01-21 Practical solutions for difficult clinical situations With many chapters written by some of the field s best known contributors this handbook was developed for the practitioner who wants practical and effective guidance for helping abused children Each major area of clinical practice is discussed by experienced professionals providing you with new insights and ideas regarding medical findings clinical assessment individual group and family therapy testifying in court the role of medication in treatment and much more To make the application from the written page to your practice even more compelling every clinical chapter is followed by a patient vignette that demonstrates how the principles just described can be successfully applied in the working world of therapists Whether abused children number only a few or many on your caseload

this is a handbook to which you will often refer over the years The Handbook for the Treatment of Abused and Neglected Children pulls together a wide range of practical information for therapists on how to effectively work with abused and neglected children Unlike other volumes on the subject this book puts the information in context with a big picture overview of how the therapist fits into the larger system into which the child has been swept up Child Protective Services legal proceedings medical issues disputes regarding custody etc Inside you ll find effective strategies for conducting individual therapy with abused children how to begin therapy identify distortions effectively challenge ingrained patterns of behavior and constructively bring therapy to a close navigating the maze of Child Protective Services knowing what resources are available what obstacles are likely to arise and how to work with social workers understanding the medical findings of maltreated children how information from a child s physician can provide critical insights into the child s experience and often into children s expectations of future relationships testifying in court as a therapist how the court works and how to prepare to give effective testimony facilitating parent interventions how to help mothers and fathers develop relationships with their children to the fullest and nurture each child s potential as his or her personality develops The Handbook for the Treatment of Abused and Neglected Children will prove valuable for students and educators as well as novice and experienced therapists Whether you see children only occasionally or focus your practice on maltreated children this one of a kind resource deserves a place in your professional collection

*Handbook of Cognitive-Behavior Group Therapy with Children and Adolescents* Ray W. Christner, Christy A. Mulligan, 2007-05-07 This Handbook offers a much needed resource of theoretical knowledge evidence based interventions and practical guidelines for professionals providing group psychotherapy to youth clients Written by leading professionals in the field of child and adolescent cognitive behavioral therapy this comprehensive volume offers readers a collection of innovative and well established approaches for group interventions with youth in a variety of treatment settings It addresses a wide range of issues not limited to assessment group member selection and specific protocols and strategies that readers can implement in their own practice Integrating theoretical and practical aspects leading experts offer their experience through case examples and vignettes suggesting guidelines for overcoming inherent treatment obstacles This Handbook provides not only a framework for delivering effective group therapy but also highlights specific problem areas and it is an invaluable reference for professionals providing therapeutic intervention to children and adolescents

**Assessing and Treating Physically Abused Children and Their Families** David Kolko, Cynthia Cupit Swenson, 2002-03-15 A professional book aimed at practitioners and practitioners in training this volume is the first attempt to provide a comprehensive practical approach to the assessment and treatment of physically abused children While there are other books that cover certain aspects of assessment and treatment this book is comprehensive in that it covers child specific parent specific and family specific interventions The volume will present an overview of child physical abuse including statistics and consequences it will discuss outcome studies and treatment implications and it will

thoroughly discuss assessment and treatment It will help practitioners Understand children s abuse experiences views exposures to violence and it will help expose thinking errors or negative attributions It will also help the practitioner help the children with anxiety management anger management social skills and safety plans Help parents with child management and development expectations and cognitive distortions behavior management and discipline Facilitate family communication and problem solving

Handbook of Child Sexual Abuse Paris Goodyear-Brown,2011-09-09 A comprehensive guide to the identification assessment and treatment of child sexual abuse The field of child sexual abuse has experienced an explosion of research literature and enhanced treatment methods over the last thirty years Representing the latest refinements of thought in this field Handbook of Child Sexual Abuse Identification Assessment and Treatment combines the most current research with a wealth of clinical experience The contributing authors many of whom are pioneers in their respective specialties include researchers and clinicians forensic interviewers and law enforcement professionals caseworkers and victim advocates all of whom do the work of helping children who have been sexually victimized Offering a snapshot of the state of the field as it stands today Handbook of Child Sexual Abuse explores a variety of issues related to child sexual abuse from identification assessment and treatment methods to models for implementation and prevention including The impact of sexual abuse on the developing brain The potential implications of early sexual victimization Navigating the complexities of multidisciplinary teams Forensic interviewing and clinical assessment Treatment options for children who have traumagenic symptoms as a response to their sexual victimization Treating children with sexual behavior problems and adolescents who engage in illegal sexual behavior Secondary trauma and vicarious traumatization Cultural considerations and prevention efforts Edited by a leader in the field of child therapy this important reference equips helping professionals on the front lines in the battle against child sexual abuse not merely with state of the art knowledge but also with a renewed vision for the importance of their role in the shaping of our culture and the healing of victimized children

The Practitioner's Guide to Working with Families Margaret Bell,Kate Wilson,2017-03-14 This book offers a clear and coherent guide to working with families for practitioners and students in social work health counselling and related professions It brings together recent thinking on the historical and contemporary constructions of the family in such a way as to provide a helpful framework for practitioners working in a variety of settings in the field It offers up to date information on political legislative and theoretical frameworks and it reviews and illustrates a wide range of approaches and practice skills for working with families with different problems in different contexts

**International Handbook of Behavior Modification and Therapy** Alan S. Bellack,Michel Hersen,Alan E. Kazdin,2012-12-06 It is particularly gratifying to prepare a second edition of a book because there is the necessary implication that the first edition was well received Moreover now an opportunity is provided to correct the problems or limitations that existed in the first edition as well as to address recent developments in the field Thus we are grateful to our friends colleagues and students as well as to the reviewers who have expressed their approval of the first

edition and who have given us valuable input on how the revision could best be structured Perhaps the first thing that the reader will notice about the second edition is that it is more extensive than the first The volume currently has 41 chapters in contrast to the 31 chapters that comprised the earlier version Chapters 3 9 29 and 30 of the first edition either have been dropped or were combined whereas 14 new chapters have been added In effect we are gratified in being able to reflect the continued growth of behavior therapy in the 1980s Behavior therapists have addressed an ever increasing number of disorders and behavioral dysfunctions in an increasing range of populations The most notable advances are taking place in such areas as cognitive approaches geriatrics and behavioral medicine and also in the treatment of childhood disorders

Groupwork with Children of Battered Women Einat Peled,Diane Davis,1995 HOW TO MANUAL FOR SUCCESSFULLY OPERATING A GROUP PROGRAM FOR 4 12 YEAR OLD CHILDREN OF BATTERED WOMEN      **Working with Child Abuse and Neglect** Vernon R. Wiehe,1996-06-24 How do you intervene in abusive and neglectful families or prevent maltreatment in families at risk How can you find the answers you need in the overwhelming array of information now available on the subject In Working with Child Abuse and Neglect author Vernon R Wiehe helps you focus by evaluating a wealth of references to current published literature and pinpointing the practical applications that put these findings into action Condensing the explosion of knowledge about child maltreatment into one provoking yet accessible primer Wiehe first offers a historical perspective on child maltreatment and an assessment of the scope of the problem He also discusses theoretical perspectives for understanding the problem and specific treatment and prevention techniques Information on state and national organizations working in the field illustrates not only the size of the problem but also the mobilized efforts to stem child abuse and neglect As well as a balanced introduction Working with Child Abuse and Neglect serves as a springboard to important sources of additional knowledge Ideal for upper division undergraduates as well as graduate students and anyone in the helping professions who is beginning to work with victimized children Working with Child Abuse and Neglect provides a sound assessment of the state of the literature and application in this expanding area of study and practice In addition the handy reference value of this volume will appeal in particular to social workers counseling and clinical psychologists and nurses      *Therapeutic Work with Sexually Abused Children* Randall Easton Wickham,Janet West,2002-03-08 This book is a practical and supportive guide for the professionals facing this traumatic subject It is easily readable Journal of Child and Adolescent Mental Health Therapeutic Work With Sexually Abused Children locates the practice experience of the authors within a rigorous theoretical framework and is a readable and useable guide to the complexities of helping children and adolescents who have suffered the trauma of sexual abuse Youth Policy It is refreshing to find child therapists ready to engage with sexually abused children by incorporating trauma theory and research addressing child protection and seeing themselves as part of a team that includes the carers The authors provide an overview of phases of treatment theoretical considerations and essential skills They emphasize the importance of relationship and

explore its impact on the therapist Their approach is creative and child centered Case vignettes poems and exercises promote empathy with the child s perspective There is a useful chapter on cultural issues and the needs of children in alternative care this is an excellent primer for the child s helping network Community Care This is an excellent book for workers seeking to respond more effectively to child victims of abuse David Pearson Caring Magazine Therapeutic Work with Sexually Abused Children is a creative and practical guide for professionals working directly with those who have suffered sexual abuse and for their carers The trauma of sexual abuse experienced in childhood can be severe and enduring Therapeutic support is offered to help both the child and the family cope with psychological or emotional difficulties both currently and in later life Therapists must be able to respond effectively to the child victim in a sensitive and timely way which prioritizes the needs of each child Drawing on their experience as practitioners the authors explore the reactions which children commonly experience following abuse and examine the tasks of the therapist in responding to them This book explores the counselling of children who have been abused rather than adult survivors of child abuse The book will benefit from the combined experiences of one US author and one UK author      *Assessing Allegations of Sexual Abuse in Preschool Children* Sandra K. Hewitt,1999 Written to help frontline practitioners assess and manage cases with children aged 18 months to six years who present allegations of child abuse this book provides concrete and easily understood information about basic child development interview procedures and case management theory Extensive experience is integrated with the research literature to provide an overview of child development information as it applies to interviewing young children a protocol for assessment of preverbal children that is grounded in theory and research a format for assessment of children aged three to five a review of the strengths and weaknesses of some current interview formats a technique for structured interviewing      **Cognitive Processing Therapy for Rape Victims** Patricia A. Resick,Monica Schnicke,1993-06-02 Sexual assault is a traumatic event from which many survivors never fully recover They may develop a range of disorders including post traumatic stress disorder depression poor self esteem interpersonal difficulties and sexual dysfunction This volume provides insight into the effects of rape and explores a treatment approach that assists in the healing process      **Homicide: The Hidden Victims** Deborah Spungen,1998 The author of this groundbreaking volume is not only a social scientist and victim advocate she is also the mother of a murder victim Deborah Spungen illustrates how and why family members become co victims when a loved one is murdered and she poignantly addresses the emotional physical spiritual and psychological effects of such traumatic events These invisible victims often find their wounds compounded by confusion and a sense of aloneness in the aftermath of such a tragic event The author draws on research personal insight and case examples to illuminate critical issues that surround family notification of a loved one s murder effects of murder on family and friends of the victim media influences traumatic grief circumstantial influences the criminal justice system and reconstruction and healing The book will be invaluable for mental health practitioners and victim advocates
