Domesticating Empire Karen Stolley, 2021-04-30 Why has the work of writers in eighteenth century Latin America been forgotten During the eighteenth century enlightened thinkers in Spanish territories in the Americas engaged in lively exchanges with their counterparts in Europe and Anglo America about a wide range of topics of mutual interest responding in the context of increasing racial and economic diversification Yet despite recent efforts to broaden our understanding of the global Enlightenment the Ibero American eighteenth century has often been overlooked Through the work of five authors Jose de Oviedo y Banos Juan Ignacio Molina Felix de Azara Catalina de Jesus Herrera and Jose Martin Felix de Arrate *Domesticating Empire* explores the Ibero American Enlightenment as a project that reflects both key Enlightenment concerns and the particular preoccupations of Bourbon Spain and its territories in the Americas At a crucial moment in Spain s imperial trajectory these authors domesticate topics central to empire conquest Indians nature God and gold by making them familiar and utilitarian As a result their works later proved resistant to overarching schemes of Latin American literary history and have been largely forgotten Nevertheless eighteenth century Ibero American writing complicates narratives about both the Enlightenment and Latin American cultural identity

The Dasmariñases, Early Governors of the Spanish Philippines John Newsome Crossley, 2016-03-22 Building upon Dr Crossley s 2011 book *Hernando de los R os Coronel and the Spanish Philippines in the Golden Age* this new work further expands our understanding of the Spanish Philippines by looking at Gomez P rez Dasmari as and his son Luis successive governors from 1589 Drawing upon a rich selection of documents from the official Spanish archives principally the Archivo General de Indias Seville and earlier histories the book also utilizes an unpublished 628 page manuscript in the Lilly Library at Indiana University to provide many details not available elsewhere In so doing the book reveals the complex situation that existed in the Philippines and how the two governors and the people around them threw out and responded to challenges from a variety of different cultures Born into a rich family in north western Spain about 1539 Gomez P rez Dasmari as had a distinguished career in Spain before being selected in 1588 to become the new governor of the Philippines A devout Christian intent on converting the new country in which he found himself Dasmari as epitomised the Spanish state s increasing emphasis on its missionary role He departed Spain with clear instructions from the king which had been drawn up in response to requests from the Philippines asking for a better governor and one of higher moral standards than they had previously enjoyed From the evidence found in his sources John Newsome Crossley argues that Dasmari as largely measured up to these requirements Killed in an attempt to capture the fort at Ternate in the Moluccas in 1593 Gomez P rez Dasmari as was succeeded by his son Luis After being replaced himself as governor in 1596 Luis remained in the Philippines until his death in the Chinese rebellion of 1603 in Manila In revealing the story of the two Dasmari as governors this book further illuminates the history of the Spanish Philippines and its relationship both with the wider Spanish empire and the regional powers including China Japan Siam and

original interpretation of the politics of fear which surrounded the process of victimization as well as assessing the extent to which the issue of violence led to the polarisation of citizens Thirdly the authors examine the historical narratives and rituals that contributed to the production and reproduction of identity binaries and memories of war Arguing that the defeat of ETA must be contextualised within the strategic evolution of Basque nationalism the declining resonance of the radical message and the effectiveness of the Spanish counter terrorist effort this book is essential reading for students and scholars working in the areas of European politics nationalism and terrorism studies

Untold Stories of the Spanish Civil War Raanan Rein,Susanne Zepp-Zwirner,2023-11-23 This is the first scholarly volume to offer an insight into the less known stories of women children and international volunteers in the Spanish Civil War Special attention is given to volunteers of different historical experiences especially Jews and voices from less researched countries in the context of the Spanish war such as Palestine and Turkey Of an interdisciplinary nature this volume brings together historians and literary scholars from different countries Their research is based on newly found primary sources in both national and private archives as well as on post essentialist methodological insights for women s history Jewish history and studies on belonging By bringing together a group of emerging and senior scholars from different countries we highlight the polyphony of voices of diverse individuals drawn into the Spanish Civil War Contributors to this volume have explored

new or little researched primary sources found in archives and documentary centers including papers held by relatives of the people we study The volume is aimed at both scholarly and non scholarly public including any readers interested in the Spanish Civil War twentieth century European history Jewish studies women s history or anti fascism This volume can be used both in undergraduate college courses and in postgraduate university seminars [Linguistics](#) ,2000 **Insurgent Cuba** Ada Ferrer,1999 In the late nineteenth century in an age of ascendant racism and imperial expansion there emerged in Cuba a movement that unified black mulatto and white men in an attack on Europe s oldest empire with the goal of creating a nation explicitly defined *Franco* Enrique Moradiellos,2017-12-18 On 20th November 1975 General Francisco Franco died in Madrid just before his 83rd birthday At the time of his death he had been the head of a dictatorial regime with the title of Caudillo for almost 40 years In this book Enrique Moradiellos redraws Franco in three dimensions Franco the man Franco the Caudillo and Franco s Spain In so doing he offers a reappraisal of Franco s personality his leadership style and the nature of the regime that he established and led until his death As a dictator who established his power prior to World War II and maintained it well into the 1970s Franco was one of the most central figures of twentieth century European history In Spain today he is a spectre from a regrettable recent past uncomfortable yet still very real and significant Although a relatively minor dictator in comparison with Mussolini Hitler or Stalin Franco was more fortunate than them in terms of survival long lasting influence and public image A study of his regime and its historical evolution sheds new light on fundamental questions of European history including the social and cultural bases for totalitarian or authoritarian challenges to democracy and sources of political legitimacy grounded in the charisma of a leader In this book Enrique Moradiellos Garcia examines the dictatorship as well as the dictator and in doing so reveals new aspects to our understanding of General Franco the Caudillo *The Spanish Labyrinth* Gerald Brenan,2014-11-06 The Spanish Labyrinth first published in 1943 has become the classic account of the background to the Spanish Civil War [Studies in European History](#) Johann Joseph Ignaz von Döllinger,1890 **Female Amerindians in Early Modern Spanish Theater** Gladys Robalino,2014-08-20 Female Amerindians in Early Modern Spanish Theater is a collection of essays that focuses on the female Amerindian characters in comedias based on the discovery exploration and conquest of America This book emerges as a response to the limited number of studies that focus on these characters and more importantly on the function of these characters as theatrical artifacts within conquest plays Conquest plays are about a handful their heroes are the European male conquerors yet the Amerindian has attracted attention from critics for the value as constructs of cultural discourse We see this character the theatrical Indian as a construct an instrument in many ways a spectacular artifact of the baroque tramoya which emerges from the conversion point of the Counterreformation ideology It has been our purpose here to advance the study of these characters by adding a gender perspective Therefore while sociological and cultural studies are still a fundamental part of the theoretical framework of this project we use feminism as a critical matrix in our inquiries Amerindian female characters

stand apart from male Amerindians and Spanish women in dramas which we believe make them worthy of individual attention The articles in this collection delineate different representations of Amerindian women and as a whole this book contributes to a better understanding of the dramatic use of these characters **The Spanish Resurgence, 1713-1748**
Christopher Storrs, 2016-01-01 This work considers the extraordinary revival of Spanish power following the War of the Spanish Succession
