**Instructions:** Read the following passage about the concept of Implied Powers in Government. Then answer the questions on the information.

Implied powers are used extensively in regulating the economy. Congress has broad powers to regulate interstate commerce, and implied from this is the authority to pass laws affecting labor conditions, environmental protection, and consumer safety, even if these specific areas aren't mentioned in the Constitution.

Additionally, foreign policy involves implied powers. Though the Constitution empowers Congress to declare war, the president, as Commander-in-Chief, has implied powers to conduct
