

The background of the slide is an abstract composition of blue and white tones. A prominent diagonal line, transitioning from a light yellowish-green at the bottom to a darker blue at the top, cuts across the lower half of the image. The upper portion features a soft, ethereal glow of white and light blue, suggesting a nebula or a distant celestial body. The overall texture is smooth and atmospheric.

Language Space And Mind The Conceptual Geometry Of Linguistic Meaning:

Language, Space and Mind Paul Anthony Chilton, 2014-07-01 A new approach to linguistic meaning and grammatical constructions based on simple geometric principles Language, Space and Mind Paul Chilton, 2014 A new approach to linguistic meaning and grammatical constructions based on simple geometric principles **Language, Space and Mind** Paul Chilton, 2014-07-10 The idea that spatial cognition provides the foundation of linguistic meanings even highly abstract meanings has been put forward by a number of linguists in recent years This book takes this proposal into new dimensions and develops a theoretical framework based on simple geometric principles All speakers are conceptualisers who have a point of view both in a literal and in an abstract sense choosing their perspective in space time and the real world The book examines the conceptualising properties of verbs including tense aspect modality and transitivity as well as the conceptual workings of grammatical constructions associated with counterfactuality other minds and the expression of moral force It makes links to the cognitive sciences throughout and concludes with a discussion of the relationship between language brain and mind Language, Space and Mind Paul Chilton, 2014-07-10 A new approach to linguistic meaning and grammatical constructions based on simple geometric principles *The Stylistics of Embodiment* Anne Holm, 2025-01-22 This book presents a stylistic framework for analysing embodiment in lyric texts While the assumption that our minds are embodied underlies most approaches in cognitive stylistics and beyond a systematic account of the linguistic patterns through which the body may be manifested in poetic expression has not yet been provided Aiming to fill this gap the book focuses on contemporary lyric texts that prominently engage the senses in depicting past experiences Drawing its tools mainly from Cognitive Grammar and research on conceptual metaphors and iconicity the book investigates how sensory language gives rise to simulated embodied responses In doing so the book views poetic expression as a complex interplay of modalities and seeks to expand the concept of the lyric by incorporating digital poetry song lyrics performance poetry and lyrical prose among its case studies The book furthermore brings in current cognitive scientific research on the workings of memory to the analysis of sensory memory most centrally the psychological phenomenon of mental time travel It will be of interest to students and scholars working on stylistics literary studies and multimodal and intermedial studies The Discourse of Conflict and Crisis Piotr Cap, 2021-10-21 This book explores the linguistic patterns of conflict crisis and threat generation in Polish political rhetoric that have been at the heart of state level policies since the Law and Justice PiS Party came to power in October 2015 Analysing a vast corpus of speeches statements and remarks by prominent Law and Justice Party politicians this book sheds light on internal parliamentary and presidential discourse against opponents of the government before widening its lens to Poland's strained relations with the EU regarding refugee distribution and immigration Drawing on theories from contemporary critical discourse studies and critical cognitive pragmatics the book shows how the crisis conflict and threat elements in these discourses produce public coercion and strengthen the Party's leadership Piotr Cap extends his

argument further to examine discursive examples from Hungary Romania Bulgaria Austria Italy and the UK highlighting the correlation between the Law and Justice Party and broader socio political and rhetorical trends in contemporary Europe The result is an authoritative panorama of the mutual dependencies and shared discursive strategies of European right wing groups

Social Media Critical Discourse Studies Majid KhosraviNik, 2023-02-28 Critical Discourse Studies CDS aims to enhance our understanding of how discourse figures in social processes social structures and social change This book is in response to specific changes in mediation technologies of discourse brought about by the significant concentration of discursive practices within the paradigm of social media communication This book addresses this participatory media context against a broadly defined tradition in CDS its aspirations assumptions and critique It views discourse as forms of structured representations across a range of modalities of communication including the emerging meaning making artefacts and practices across social media It aspires to provide an overview of the key considerations in doing CDS on social media spaces The book firstly provides a set of aspiration signposting the parameters of doing social media CDS followed by critical explorations of a number of contemporary case studies of digital discourses around identity politics and representation It includes various social media communication including YouTube Instagram Wikipedia and Twitter The book will be of interest to researchers and advanced students of linguistics politics sociology communication studies media and cultural studies and science and technology studies It was originally published as a special issue of the journal Critical Discourse Studies

Persuasion in Public Discourse Jana Pelclová, Wei-lun Lu, 2018-08-08 This book approaches persuasion in public discourse as a rhetorical phenomenon that enables the persuader to appeal to the addressee's intellectual and emotional capacities in a competing public environment The aim is to investigate persuasive strategies from the overlapping perspectives of cognitive and functional linguistics Both qualitative and quantitative analyses of authentic data including English Czech Spanish Slovene Russian and Hungarian are grounded in the frameworks of functional grammar facework and rapport management classical rhetoric studies and multimodal discourse analysis and are linked to the constructs of re framing conceptual metaphor and blending mental space and viewpoint In addition to traditional genres such as political speeches news reporting and advertising the book also studies texts that examine book reviews medieval medical recipes public complaints or anonymous viral videos Apart from discourse analysts pragmaticians and cognitive linguists this book will appeal to cognitive musicologists semioticians historical linguists and scholars of related disciplines

Evidentiality Revisited Juana I. Marín Arrese, Gerda Haßler, Marta Carretero, 2017-03-21 Evidentiality Revisited focuses on semantic pragmatic based frameworks for the study of evidentials and evidential strategies in European languages Dutch English French German Italian Lithuanian Portuguese Russian and Spanish The book also presents discourse pragmatic studies with special emphasis on the use of evidential and epistemic expressions as resources for stancetaking in discourse The volume addresses issues such as the relationship between the conceptual domains of evidentiality and epistemic modality the role of

evidential and epistemic resources in modelling stancetaking the expression of speaker commitment to the validity status of the information and the discourse pragmatic variation of evidentiality and epistemic modality in discourse domains and genres The volume offers a collection of contributions in which cross linguistic studies and corpus based studies contribute to provide further insights into a usage based account of linguistic reality *The Routledge Handbook of Metaphor and Language* Elena Semino,Zsófia Demjén,2016-11-03

The Routledge Handbook of Language and Metaphor provides a comprehensive overview of state of the art interdisciplinary research on metaphor and language and maps out future directions of research and practice in a variety of contexts in this field **Pragmemes and Theories of Language Use**

Keith Allan,Alessandro Capone,Istvan Kecskes,2017-01-10 This volume offers recent developments in pragmatics and adjacent territories of investigation including important new concepts such as the pragmatic act and the pragmememe and combines developments in neighboring disciplines in an integrative holistic pragmatic approach The young science of pragmatics has from its inception differentiated itself from neighboring fields in the humanities especially the disciplines dealing with language and those focusing on the social and anthropological aspects of human behavior by focusing on the language user in his or her societal environment This collection of papers continues that emphasis on language use and pragmatic acts in their context The editors and contributors share a perspective that essentially considers language as a system for communication and wants to look at language from a societal perspective and accept the view that acts of interpretation are essentially embedded in culture In an interdisciplinary approach some authors explore connections with social theory in particular sociology or socio linguistics some offer a political stance critical discourse analysis others explore connections with philosophy and philosophy of language and several papers address problems in theoretical pragmatics

The Oxford Handbook of Event Structure Robert Truswell,2019-03-26 This handbook deals with research into the nature of events and how we use language to describe events The study of event structure over the past 60 years has been one of the most successful areas of lexical semantics uniting insights from morphology and syntax lexical and compositional semantics cognitive science and artificial intelligence to develop insightful theories of events and event descriptions This volume provides accessible introductions to major topics and ongoing debates in event structure research exploring what events are how we perceive them how we reason with them and the role they play in the organization of grammar and discourse The chapters are divided into four parts the first covers metaphysical issues related to events the second is concerned with the relationship between event structure and grammar the third is a series of crosslinguistic case studies and the fourth deals with links to cognitive science and artificial intelligence more broadly The book is strongly interdisciplinary in nature with insights from linguistics philosophy psychology cognitive science and computer science and will appeal to a wide range of researchers and students from advanced undergraduate level upwards [The Pragmatics of Adaptability](#)

Daniel N. Silva,Jacob L. Mey,2021-03-15 Humans are adaptive beings Gradually we have produced the fundamental

capacities for our cooperation recognition of intentions and interaction which led to the development of language and culture The present collective volume builds on an orientation to pragmatics as the sustained and principled human adaptability in interaction form and meaning Working on different strands of such a socially oriented pragmatics the authors gathered in this volume study the adaptability of language as shaped by the conditions of society culture and cognition Grouped in four sections the book's chapters explore the embedding of adaptability in language ideology text communicative practice and learning Adopting these various perspectives the authors gauge how language users navigate the different layers of societal cognitive and communicative constraints while adapting their communicative practices language ideologies and technologies of interaction to their everyday living conditions

Ten Lectures in Cognitive Linguistics Christopher Hart, 2024-03-18 In this book Christopher Hart provides a comprehensive description of an applied form of Cognitive Linguistics in Cognitive Critical Discourse Analysis Cognitive CDA Cognitive CDA applies frameworks in cognitive linguistics in analyses of political texts and talk to highlight the ideological qualities and legitimating functions of conceptualisations associated with dominant discourse practices Across the ten lectures various frameworks in cognitive linguistics are applied including cognitive grammar conceptual semantics conceptual metaphor theory and discourse space theory Texts and talk from a variety of contexts and genres are analysed In the final two lectures Cognitive CDA is extended to multimodal data in the form of images and gestures

Tense, Aspect, Modality, and Evidentiality Dalila Ayoun, Agnès Celle, Laure Lansari, 2018-08-15 After an introductory chapter that provides an overview to theoretical issues in tense aspect modality and evidentiality this volume presents a variety of original contributions that are firmly empirically grounded based on elicited or corpus data while adopting different theoretical frameworks Thus some chapters rely on large diachronic corpora and provide new qualitative insight on the evolution of TAM systems through quantitative methods while others carry out a collostructional analysis of past tensed verbs using inferential statistics to explore the lexical grammar of verbs A common goal is to uncover semantic regularities and variation in the TAM systems of the languages under study by taking a close look at context Such a fine grained approach contributes to our understanding of the TAM systems from a typological perspective The focus is on well known Indo European languages e.g. French German English Spanish and also on less commonly studied languages e.g. Hungarian Estonian Avar Andi Tagalog provides a valuable cross linguistic perspective

The Present Perfective Paradox Across Languages Astrid De Wit, 2017 This book presents an analysis of how speakers of typologically diverse languages report present time situations Astrid De Wit brings together cross linguistic observations from English French the English based creole language Sranan and various Slavic languages and relates them to the same phenomenon the present perfective paradox

The Impulse to Gesture Simon Harrison, 2018-08-23 Gestures are central to the way people use language when they interact This book places our impulse to gesture at the very heart of linguistic structure grammar Based on the phenomenon of negation a linguistic universal with clear grammatical and gestural manifestations Simon Harrison argues

that linguistic concepts are fundamentally multi modal and shows how they lead to recurrent bindings between grammar and gesture when people speak Studying how speakers express negation multi modally in a range of social and professional contexts Harrison explores how and when people gesture what people achieve linguistically and discursively with their gestures and why we find similar uses of gesture in different languages including spoken and signed language Establishing the inseparability of grammar and gesture this book is an important reference for any researcher interested in the relation between language gesture and cognition

Communication as Gesture Michael Schandorf, 2019-06-19 This book critiques current assumptions about communication particularly digitally mediated communication by re examining conceptual foundations in rhetoric linguistics semiotics information theory and cybernetics The result is a dimensional account of interaction that is at once both intuitive and revolutionary
