Ilewa Irilitia Chronicles Evan Meyer:

Ilewa Evan Meyer,2015-12-09 Imagine for a moment that there is one other person in the entire world regardless of distance with whom you can communicate telepathically at will In the world of Irilitia a land plagued with warring states and political strife and blessed with magical power this is a reality reserved for a few choice individuals with destinies greater than that of the common man Men with this gift become Spellswords skillful wielders of both blade and Phyrin while women become Magicians powerful wielders of the elements of magic itself Together they stand as protectors of the realm But looming in the shadows lurks a threat spawned with the intent of killing all humans the Churai Over centuries they have become more adept at removing Spellswords and Magicians from their path and the world begs for anyone to come forward to stop them In two remote parts of the northern continent a pair of children come to realize their destiny bound together by their telepathic bond Embark with Reldon and Alira in their adventures as they form alliances escape capture and make life or death decisions in the name of stopping the Churai threat It s a lot for two children to handle In the end they may have to rely on the only strength they have left each other

Xanem Evan Meyer,2017-06-30 Taken into custody after their long arduous adventures as Irilitia s last hopes for peace Reldon and Alira now must face a dreaded trial by the most powerful lords and lieges in the land who would like nothing more than to exploit their influence for political gain Meanwhile their friends watch from behind the royal gates helpless to aid in their struggle to prove their innocence As the politicians squabble the Kuru and their evil Churai allies begin to stir in the west threatening an invasion which could happen at any moment When the dust from the trial settles the only means to stop that invasion may rest within the hands of the very lords and lieges which had a hand in sentencing Alira and Reldon yet their differences seem insurmountable Can our heroes retain their freedom and garner enough strength of arms in time to stop the Kuru from destroying the rest of known civilization
