The Paradox of Planetary Human Entanglements Innocent Moyo, Sabelo J. Ndlovu-Gatsheni, 2022-12-30 The Paradox of Planetary Human Entanglements provides a nuanced understanding of the complexity of planetary human entanglements in this age of increased borderisation and territorialisation racism and xenophobia and inclusion and exclusion One of the greatest paradoxes of the 21st century is that of increased planetary human entanglements enabled by globalisation on the one hand and by the rising tide of exclusionary right wing politics of racism xenophobia and the building of walled states on the other The characteristic feature of this paradox is the unrestrained move towards the detention and incarceration of those who attempt to migrate This brings to the fore the issue of borders in terms of their materiality and symbolism and how this mediates belonging citizenship and the ethics or lack thereof and politics of living together This book shows that at the core of border and migration restrictions is the desire to exclude certain categories of people which aptly demonstrates that borders in their materiality are not for everyone but for those who are considered undesirable migrants The authors examine questions of borders nationalism migration immigration and belonging setting the basis of a campaign for planetary humanism grounded on human dignity which transcends ethnicity and nationality This book will be a useful resource for students scholars and researchers of African Studies Border Studies Migration Studies Development Studies International Studies Black Studies International Relations and Political Science *Radio, Public Life and Citizen Deliberation in South Africa* Sarah Chiumbu, Gilbert Motsaathebe, 2021-05-24 This book critically analyses the important role of radio in public life in post apartheid South Africa As the most widespread and popular form of communication in the country radio occupies an essential space in the deliberation and the construction of public opinion in South Africa From just a few state controlled stations during the apartheid era there are now more than 100 radio stations reaching vast swathes of the population and providing an important space for citizens to air their views and take part in significant socio economic and political issues of the country The various contributors to this book demonstrate that whilst print and television media often serve elite interests and audiences the low cost and flexibility of radio has helped it to create a common space for national dialogue and deliberation The book also investigates the ways in which digital technologies have enhanced the consumption of radio and produced a sense of imagined community for citizens including those in marginalised communities and rural areas This book will be of interest to researchers with an interest in media politics and culture in South Africa specifically as well as those with an interest in broadcast media more generally African Evangelicalism and the Transformation of Africa Jacob K. Olupona, 2025 What is the impact of Evangelical Christianity on Africa Evangelical Christianity and the Transformation of Africa will answer this question Evangelical Christianity is manifesting into a strong presence in African states perhaps more than in any other place in the world Given its exponential rise in Africa it is increasingly clear that Christianity in its evangelical form is exercising significant influence in virtually all spheres of life defining the essence of public and private

life Drawing on original works from leading scholars in humanities and social science disciplines such as Afe Adogame Yolanda Covington Ward Jacob Olupona Derek Peterson Shobana Shankar and Nimi Wariboko this volume endeavors to produce a comprehensive study of Evangelical Christianity in Africa paying careful attention to disciplinary interconnections as well as social cultural political and economic forces Among other subjects essays in this volume address examples of evangelical subjectivity and identity formation against the current political backdrops of Nigeria Kenya the Democratic Republic of Congo and other nations While the book works to convey the core elements of the evangelical movement across the African continent it recognizes the importance of its diverse manifestations giving additional focus to Pentecostal groups and their distinct social cultural and political engagements At the same time it works to correct the unwarranted saturation of attention given to Pentecostal Charismatic movements in recent scholarship and expands the study of evangelicalism in Africa into the sphere of mainline churches and extra ecclesial organizations Authors also reflect on the ways that the African diaspora and transnational ties contribute to the make up of contemporary African evangelicalism In short this edited volume examines how the centrality of religion in African affairs political economic cultural ideological domains has contributed to turning Evangelical Christianity into the official face of the Christian Church in Africa today

**Prophecy and Politics in South African Pentecostalism** Mookgo Solomon Kgatle, 2023-12-28 This book is an interdisciplinary study of the relationship between prophecy and politics in South African Pentecostalism The role and the power of prophecy in enhancing the presence of politicians in the church square are unpacked through historical examples as well as case studies of contemporary prophets Solomon Kgatle argues that the influence of prophecy in politics has the potential to weaken the prophetic voice of the church in general and the Pentecostal movement in particular He proposes a Pentecostal political theology of prophecy This theology is developed by taking into cognizance the theoretical and theological frameworks of prophetic imagination and pneumatological imagination In addition this theology seeks a balance between prophecy and power and prophecy and sovereignty

The Fourth Pentecostal Wave in South Africa Solomon Kgatle, 2019-11-27 This book critically examines contemporary Pentecostalism in South Africa and its influence on some of the countries that surround it Pentecostalism plays a significant role in the religious life of this region and so evaluating its impact is key to understanding how religion functions in Twenty First Century Africa Beginning with an overview of the roots of Pentecostalism in Southern Africa the book moves on to identify a current fourth wave of this form of Christianity It sets out the factors that have given rise to this movement and then offers the first academic evaluation of its theology and practice Positive aspects as well as extreme or negative practices are all identified in order to give a balanced and nuanced assessment of this religious group and allow the reader to gain valuable insight into how it interacts with wider African society This book is cutting edge look at an emerging form of one of the fastest growing religions in the world It will therefore be of great use to scholars working in Pentecostalism Theology Religious Studies and African Religion as well as African Studies more generally

Pentecostalism and Cultism in South Africa Mookgo Solomon Kgatle, 2021-02-28 Pentecostalism is a growing movement in world Christianity However the growth of Pentecostalism in South Africa has faced some challenges including the abuse of religion by some prophets This book first names these prophets and the churches they lead in South Africa and then makes use of literary and media analysis to analyse the religious practices by the prophets in relation to cultism Additionally the book analyses the celebrity cult and how it helps promote the prophets in South Africa The purpose of this book is threefold First to draw parallels between the abuse of religion and cultism Second to illustrate that it is cultic tendencies including the celebrity cult that has given rise to many prophets in South Africa Last to showcase that the challenge for many of these prophets is that the Pentecostal tradition is actually anti cultism and thus there is a need

for them to rethink their cultic tendencies in order for them to be truly relevant in a South African context      *Africa Bears Witness* Harvey Kwiyani, 2024-02-29 This remarkable collection of essays explores the role of African Christianity in God's mission around the world Featuring the contributions of African scholars and mission practitioners from throughout sub-Saharan Africa and the diaspora including both men and women veteran scholars and fresh new voices this volume provides a diverse perspective on missiology as understood and practised by African Christians Engaging such wide ranging topics as gender violence globalization Westernization peacebuilding development Pentecostalism urban missiology theological education and African Christianity in Europe this volume ambitiously bridges the gap between academic and practitioner perspectives engaging both theological discourse and the hands on reality of how God's mission is taking shape in Africa and beyond This book offers an empowering look at the work God is accomplishing in and through the African church      *The Prosperity Gospel in Africa* Marius Nel, 2020-06-15 Africans prevailing interest in the prosperity gospel is not only connected to the influence of American prosperity teachers reaching a worldwide audience through their imaginative use of the media but is also related to the African worldview and African traditional religion and its lasting influence on contemporary Africans and the way they think about prosperity as well as their interest in prosperity in post colonial Africa The research from a classical Pentecostal perspective about the impact of the prosperity message on Africa is necessary timely and relevant because of its influence in the African Pentecostal movement and its potential to harm the faith of believers leading to the potential disillusionment of Christian believers who put their trust and money in formulas and recipes that seemingly only work for others especially the prosperity leaders who lead by example with incredulous riches and wealth      *Rediscovering Jesus in Our Places* Elia Shabani Mligo, 2020-05-28 The question of contextual theology and its relevance to Africa in this time of globalization whereby there are rampant uncontrolled changes in cultures technologies economic policies and even people's religious lives is very urgent How is contextual theology relevant in the ever changing contexts of the church in Africa Indeed there are a number of challenges which contextual theology faces within the church in Africa which need to be addressed contextually Some such challenges include poverty rampant violence homosexuality alcoholism the resurgence of prosperity gospel materialistic prophets and incurable illnesses like Ebola HIV and AIDS and the current coronavirus COVID 19 However which context in Africa Context in Africa as in other parts of the world is always in flux it is complex and fluid There is no permanent context The experience of Jesus in such a changing context needs to be rediscovered depending on what transpires in each particular place at a particular time This book addresses some of the overarching challenges that face contextual theology and how such challenges should be addressed by the church in Africa in contemporary ever changing context for it to be relevant in Africa It also highlights the need to move from liberation and inculturation theologies to reconstruction theology in dealing with the challenges of the current church Hence the book is important to students and scholars engaging in practical systematic biblical and contextual theologies in all their branches      **The Jesus Nation**
