PRODUCT DESCRIPTION

High performance non-electric counter current water softeners.

APPLICATIONS

Davey Kinetico softeners are ideal for reducing calcium, magnesium, manganese and iron from water sources.

Hard water can mean hard work.... hard work in the kitchen, laundry & bathroom. Davey's Kinetico water softeners offer a hard working alternative to make your life easier by dependably providing soft clean water.

FEATURES & BENEFITS

Non Electric

Only Davey Kinetico uses the kinetic energy of moving water to power its system instead of electricity – thanks to the patented turbine. So you'll never have to worry about costly repairs or higher electricity bills.

24/7

Our twin tank design allows our system to backwash without ever going offline for round the clock operation. You'll never be interrupted or inconvenienced by regeneration.

Metered Regeneration

Measures water use to accurately determine when it's time to regenerate with clock like precision, resulting in up to 20% less waste water and up to 40% savings in salt. Your softener automatically adjusts to your water use patterns.

Soft Water Rinse

Uses only soft conditioned water to clean the media, which extends the life of the system.

Counter Current Regeneration

Unlike most other systems, ours regenerates from the bottom up for a more even and efficient use of resin beads, resulting in less waste water, less salt use and a longer lasting system.
