Bushway, Charla S. Long, 2023-07-03 As interest in competency based education CBE continues to grow by leaps and bounds the need for a practical resource to guide development of high quality CBE programs led the authors to write this book. Until now there has been no how to manual that captures in one place a big picture view of CBE along with the down to earth means for building a CBE program. A variety of pressures are driving the growth in CBE including the need for alternatives to the current model of higher education with its dismal completion rates the potential to better manage the iron triangle of costs access and quality the need for graduates to be better prepared for the workforce and the demands of adult learners for programs with the flexible time and personalized learning that CBE offers. Designed to help institutional leaders become more competent in designing building and scaling high quality competency based education CBE programs this book provides context guidelines and process. The process is based on ten design elements that emerged from research funded by the Gates Foundation and sponsored by AAC. Providing models checklists and considerations to determine the what component for each design element. Sharing outlines and templates for the design elements to enable institutions to build quality relevant and rigorous CBE programs the how. **Higher Education: Handbook of Theory and Research** Michael B.
