**Sámi Nature-Centered Christianity in the European Arctic** Tore Johnsen, 2022-07-22 Sámi Nature Centered Christianity in the European Arctic unpacks the theological significance of North Sámi indigenous Christianity demonstrating how the tension between Sámi nature centered Christianity and official Norwegian Lutheranism has broad theological relevance Focusing on Christian cosmological orientation the author argues that this is not fully given within the Christian faith itself It is partly shaped by the religious philosophical frameworks that various historical receptions of Christianity were filtered through The author substantiates that two different types of Christian cosmological orientation are negotiated in the North Sámi Christian experience one reflecting a Sámi historical reception of Christianity primarily filtered through the egalitarian world intuition of the Sámi indigenous tradition another reflecting official Norwegian Lutheranism primarily filtered through a Greek hierarchical world construct passed down among European intellectual elites The argument is developed through thick description of local everyday Christianity among reindeer herding river and sea Sámi communities in Finnmark Norway through critical engagement with historical and contemporary Lutheranism and through constructive dialogue with African and Native American theologies The author suggests that the egalitarian multi relational logic of Sámi nature centered Christianity points beyond the hierarchical binaries delimiting much of the theological imagination of dominant Christian theologies

**Justification as the Speech of the Spirit** Jeffrey K. Anderson, 2021-08-10 In the past few

decades there have been an increasing number of authors and movements that reject the classic Protestant understanding of justification e g the New Perspective on Paul Auburn Avenue Theology the Renewal Movement etc While the various proposals differ in many respects they are generally united in their rejection of justification as a legal declaration made by the Father about the believer based on the work of the Son In particular among renewal Pentecostal Charismatic authors there have been several attempts to redefine justification insisting that it is an umbrella term incorporating numerous redemptive ideas rather than a declaration of the believer s righteousness These attempts are in part rooted in the absence of any overt pneumatology in the doctrine s typical formulation One need only read the above sentences to see that there is no mention of the Holy Spirit This book addresses these and other concerns especially by renewal authors and demonstrate that the doctrine is in fact pneumatologically informed albeit latently rather than blatantly As a result there is no need to redefine the theology of the Reformers and their successors **Christianity and Horror Cinema** Bryan P.

Stone,2025-06-25 Christianity and Horror Cinema explores ways that Christian beliefs spiritualities practices and symbols provide the religious and existential depths out of which the monsters of Western horror cinema have emerged arguing that they are in several respects the monsters for which Christians are responsible Horror cinema preys on Christianity s narrative moral cultural and aesthetic traditions reverses them upends them inverts them and offends them But it also reflects and relies on them The book focuses on seven subgenres in the cinema of horror ghosts witches the demonic or Satanic vampires nature horror zombies and psychological horror Each chapter traces the history of that subgenre taking up a theological analysis of ways that horror cinema capitalizes on ambiguities contradictions anxieties and tensions in Christianity for example its treatment of the body nature sexuality women or those it deems pagan or religiously other The author examines a variety of films that are important for thinking about the relationship of Christianity to horror cinema The book will be of interest to scholars of religion theology and film studies [The Work of Faith](#) Justin Nickel,2020-08-31 Many scholars assume that Luther advocates for a Christian life in which human beings are always passive recipients of God s grace as it is delivered in preaching and mere instruments through which God works to serve their neighbors The Work of Faith Divine Grace and Human Agency in Martin Luther s Preaching offers a different reading of Luther s views on human agency by drawing on a fresh source Luther s preaching Using Luther s sermons in the Church Postil as a primary source Justin Nickel argues that Martin Luther preached as though Christians have real if secondary agency in the lives they lead before God and neighbor As a result Nickel presents a Luther substantively concerned with how Christians lead their lives

**Eucharist** Ola Tjorhom,2023-07-14 The Eucharist is the sacrament of Christ s presence his real presence Here he comes to us in bread and wine through outward and material signs that are accessible to all This is an expression of infinite grace However when Jesus gives himself to us we are called to share ourselves and what we have with others Thus the Eucharist also becomes the sacrament of fellowship and unity It is a sacrament in and for our wounded world a sacrament of life in the

widest sense The reflections in this book are grounded in the Lutheran tradition combined with an open ecumenical approach They aim at unfolding some of the wealth of the Lord's Supper in a concise and accessible way *Death until Resurrection* Joseph Saligoe, 2020-03-11 What really happens to the soul when people die This groundbreaking book may appeal both to Luther experts and to those who know little about the Reformer It demonstrates that Luther constantly taught over the last twenty-four years of his life that death is like an unconscious sleep It also shows why this matters today for Christians *Death until Resurrection* is a great first step in understanding God's plan for renewal of the creation that can alleviate our common fears about death Seeing what exactly the scriptural writers meant regarding death as interpreted by one of the most prominent church leaders ever also provides the benefit of helping us better understand core doctrines such as our resurrection the nature of hell and eternal life through salvation This book offers that which very few writers on Luther have done an explanation that can unravel his apparent contradictions and the Luther paradox on the nature of death and the soul using Luther's own words scattered throughout his voluminous writings Learn which group of widely acclaimed authors or experts on Luther was correct about what Luther believed about death Lohse and George or Althaus and Thiselton [The Annotated Luther, Volume 3](#) Paul W. Robinson, 2016-08-01 Volume 3 of The Annotated Luther series presents five key writings that focus on Martin Luther's understanding of the gospel as it relates to church sacraments and worship Included in the volume are The Babylonian Captivity of the Church 1520 The German Mass and Order of the Liturgy 1526 That These Words of Christ This is my Body etc Still Stand Firm Against the Fanatics 1527 Concerning Rebaptism 1528 and On the Councils and the Church 1539 Luther refused to tolerate a church built on human works whether it was the pope's authority or the faith or decision of individual believers This is the thread that runs through all the texts in this volume the church and sacraments belong to Christ who founded and instituted them Each volume in The Annotated Luther series contains new introductions as well as annotations illustrations and notes to help shed light on Luther's context and interpret his writings for today The translations of Luther's writings include updates of Luther's Works American Edition or entirely new translations of Luther's German or Latin writings **Encyclopedia of Martin Luther and the Reformation** Mark A. Lamport, 2017-08-31 The Encyclopedia of Martin Luther and the Reformation is a comprehensive global study of the life and work of Martin Luther and the movements that followed him in history and through today Organized by a stellar advisory board of Luther and Reformation scholars the encyclopedia features nearly five hundred entries that examine Luther's life and impact worldwide The two-volume set provides overviews of basics such as the 95 Theses as well as more complex topics such as reformational distinctions Entries explore Luther's contributions to theology sacraments his influence on the church and contemporaries his character and more The work also discusses Luther's controversies and topics such as gender sexuality and race Publishing at the five hundredth anniversary of the Reformation this is an essential reference work for understanding the Reformation and its legacy today *Volume 5, Tome II: Kierkegaard and the Renaissance and Modern*

*Traditions - Theology* Jon Stewart, 2016-12-05 The long period from the Renaissance to the nineteenth century supplied numerous sources for Kierkegaard's thought in any number of different fields. The present rather heterogeneous volume covers the long period from the birth of Savonarola in 1452 through the beginning of the nineteenth century and into Kierkegaard's own time. The Danish thinker read authors representing vastly different traditions and time periods. Moreover, he also read a diverse range of genres. His interests concerned not just philosophy, theology, and literature but also drama and music. The present volume consists of three tomes that are intended to cover Kierkegaard's sources in these different fields of thought. Tome II is dedicated to the wealth of theological and religious sources from the beginning of the Reformation to Kierkegaard's own day. It examines Kierkegaard's relations to some of the key figures of the Reformation period from the Lutheran Reformed and Catholic traditions. It thus explores Kierkegaard's reception of theologians and spiritual authors of various denominations, most of whom are known to history primarily for their exposition of practical spirituality rather than theological doctrine. Several of the figures investigated here are connected to the Protestant tradition of Pietism that Kierkegaard was familiar with from a very early stage. The main figures in this context include the forefather of Pietism, Johann Arndt, the Reformed writer Gerhard Tersteegen, and the Danish author Hans Adolph Brorson. With regard to Catholicism, Kierkegaard was familiar with several popular figures of Catholic humanism, Post-Tridentine theology, and Baroque spirituality such as Francis de Sales, Ludwig Blosius, and Abraham a Sancta Clara. He was also able to find inspiration in highly controversial and original figures of the Renaissance and the early Modern period such as Girolamo Savonarola or Jacob Boehme, the latter of whom was at the time an en vogue topic among trendsetting philosophers and theologians such as Hegel, Franz von Baader, Schelling, and Hans Lassen Martensen. [Kierkegaard's Writings, XXIII, Volume 23](#) Søren Kierkegaard, 2009-09-21 Kierkegaard, a poet of ideals and practitioner of the indirect method, also had a direct and polemical side. He revealed this in several writings throughout his career, culminating in *The Moment*, his attack against the established ecclesiastical order. Kierkegaard was moved to criticize the church by his differences with Bishop Mynster, Primate of the Church of Denmark. Although Mynster saw in Kierkegaard a complement to himself and his outlook, Kierkegaard challenged Mynster to acknowledge the emptying and estheticizing of Christianity that had occurred in modern Christendom. For three years, Kierkegaard was silent, waiting. When Mynster died, he was memorialized as an authentic truth witness in the holy chain of truth witnesses that stretches through the ages from the days of the apostles. This struck Kierkegaard as blasphemous and inspired him to write a series of articles in *Frelandet*, which he followed with ten numbers of the pamphlet *The Moment*. This volume includes the articles from *Frelandet*, all numbers of *The Moment*, and several other late pieces of Kierkegaard's writing. **The More Excellent Way**, 2006-10 This book investigates why, unlike in the early centuries, the ethical behavior of Christians today is so little different from that of non-Christians. It does this by first reviewing the teachings of Jesus about how Christians are to live and the positive response of early Christians to these teachings. The major portion of the book then

documents how the rise of asceticism and the proliferation of church law came to eclipse Jesus teachings of serving others through unselfish love It reviews how Chrysostom Augustine Luther and others tried to return the church to the New Testament way of life The book reaches two conclusions Christians today prefer to live by only avoiding the gross evils forbidden by the Ten Commandments rather than by Jesus all inclusive New Commandment of loving one another as he loved us They are also willing to offer God the piety of churchly activity but what God also asks a life of goodness serving one s fellowman they feel is just asking too much      We Are All Priests Roger Whittall,2023-12-11 In this book Roger Whittall argues that Luther s teaching on the common priesthood the priesthood of believers was a persistent element of Luther s ecclesiology and closely related to his understanding of the church as the communion of saints Whittall s focus is the common priesthood s activity in the Christian community moving beyond its contested relationship to the church s ordained ministry or the views that limit its appearance to Luther s early polemical writings Rather the common priesthood stands alongside the public ministry They are equal partners in the church s mandate to receive and speak God s word to respond in prayer praise and joyful service of God s world and all its people This wide ranging investigation features later material not often considered in relation to the common priesthood For Luther priesthood was a biblical expression of Christian spiritual life worship and service forming both the personal faith of individual Christians and the corporate nature of the Christian community Whittall also examines Luther s use of key biblical texts to link church and priesthood through the themes of unity and community equality and participation Understood in this way this priesthood still speaks powerfully to the identity and mission of the church today      *Stories with Intent* Klyne Snodgrass,2008-01-11 Stories with Intent offers pastors and students an accessible and comprehensive guide to Jesus parables Klyne Snodgrass explores in vivid detail the context in which these stories were told the purpose they had in Jesus message and the ways they have been interpreted by the church and modern scholarship While holding a consciously evangelical approach Snodgrass deals throughout with a broad spectrum of opinions and interpretations He begins by surveying the primary issues in parables interpretation Offering both a new more functional classification system for Jesus parables and guidelines for interpreting them he provides an overview of other parables often neglected in the discussion from the Old Testament Jewish writings and the Greco Roman world The remaining chapters group the longer and more important parables of Jesus thematically and give a comprehensive treatment of each including background and significance for today      *History of Carniola Volume Iii* August Dimitz,2013-06-07 Religious problems continue All Protestants are ordered to leave the country if they continue to practice the teachings of Protestantism Dimitz relates how and why the largest peasant uprising over 20 000 in total took place in response to unacceptable demands placed upon them by their caretakers In this era the Turks are finally defeated postal service begins hospitals are built and roads are improved Counter reformation begins in the larger cities and market towns and ends under Ferdinand II      **A History of Preaching Volume 1** Rev. O.C. Edwards JR.,2016-04-25 A History of Preaching brings

together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation. Bringing together an impressive array of familiar and lesser known figures, Edwards paints a detailed compelling picture of what it has meant to preach the gospel. Pastors, scholars and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching. Volume 1 contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative. Along the way, the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time: Origen, Chrysostom, Augustine, Bernard, Aquinas, Luther, Calvin, Wesley, Edwards, Rauschenbusch, Barth, all of their distinctive contributions receive careful attention. Yet lesser known figures and developments also appear: from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching; to Howell Harris and Daniel Rowlands, preachers of the eighteenth century Welsh revival; to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew. Volume 2, available separately as 9781501833786, contains primary source material on preaching drawn from the entire scope of the church's twenty centuries. The author has written an introduction to each selection, placing it in its historical context and pointing to its particular contribution. Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history. Ecumenical in scope, fair minded in presentation, appreciative of the contributions that all the branches of the church have made to the story of what it means to develop, deliver and listen to a sermon, *A History of Preaching* will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel. This work is expected to be the standard text on preaching for the next 30 years, says Ann K. Riggs, who staffs the NCC's Faith and Order Commission. Author Edwards, former professor of preaching at Seabury Western Theological Seminary, is co-moderator of the commission which studies church uniting and church dividing issues. *A History of Preaching* is ecumenical in scope and will be relevant in all our churches, we all participate in this field, says Riggs from EcuLink Number 65, Winter 2004/2005, published by the National Council of Churches.

**With All the Fullness of God** Jared Ortiz, 2021-01-12. Christians confess that Christ came to save us from sin and death. But what did he save us for? One beautiful and compelling answer to this question is that God saved us for union with him so that we might become partakers of the divine nature. 1 Pet 2:4. What the Christian tradition has called deification. This term refers to a particular vision of salvation which claims that God wants to share his own divine life with us, uniting us to himself and transforming us into his likeness. While often thought to be either a heretical notion or the provenance of Eastern Orthodoxy, this book shows that deification is an integral part of Catholicism, Orthodoxy and many Protestant denominations. Drawing on the resources of their own Christian heritages, eleven scholars share the riches of their

respective traditions on the doctrine of deification In this book scholars and pastor scholars from diverse Christian expressions write for both a scholarly and lay audience about what God created us to be adopted children of God who are called even now to be filled with all the fullness of God Eph 3 19      **National Union Catalog** ,1973 Includes entries for maps and atlases      Religion and the Rise of Democracy Graham Maddox,2012-09-10 In a major original study Graham Maddox analyses the role of religion in the development of democracy from the tribes of ancient Israel to the present day The book contrasts Athenian direct democracy with the Old Testament monarchy in which the concept of religious opposition vital to modern democracy arose Maddox then develops his discussion of the relationship between religion and democracy through early christianity to the Reformation and Calvinism ending with a chapter on modern democracy Maddox s contentious thesis concerning the development of democracy is truly interdisciplinary drawing on political science religious history and theology      **Martin Luther as Prophet, Teacher, and Hero (Texts and Studies in Reformation and Post-Reformation Thought)** Robert Kolb,1999-12-01 A study of Martin Luther s legacy explains how the view of Luther as prophet teacher and hero shaped the thought and action of his followers
