preconditions for spiritual evolution and an eventual restoration of the Mysteries in our own modern era **The Pagan Christ** Tom Harpur, 2009-05-26 A provocative argument for a mystical rather than historical understanding of Jesus leading to a radical rebirth of Christianity in our time For forty years scholar and religious commentator Tom Harpur has challenged church orthodoxy and guided thousands of readers on subjects as controversial as the true nature of Christ and life after death Now in his most radical and groundbreaking work Harpur digs deep into the origins of Christianity At a time of religious extremism Tom Harpur reveals the virtue of a cosmic faith based on ancient truths that the modern church has renounced His message is clear Our blind faith in literalism is killing Christianity Only with a return to an inclusive religion where Christ lives within each of us will we gain a true understanding of who we are and who we are intended to become The Pagan Christ is a book of rare insight and power that will reilluminate the Bible and change the way we think about religion

The Knowledge That Leads to Wholeness Robert Lloyd, 2007-03-26 The Knowledge that Leads to Wholeness is the first book to specifically illustrate how the major Gnostic myths underlie Jungs theory of individuation It is a compelling and in depth examination of a life changing journey that begins with the author discovering the forgotten secrets of the Gnostics These secrets are gradually unveiled as the author and his loyal dog Gold are initiated each in their own way to put the ancient knowledge into practice Dr Lloyd explores the esoteric side of Carl Jung and reveals the connections between Jungs pivotal theory of individuation i e the journey to wholeness and the powerful visionary myths told by the pioneers of the psyche the Gnostics He details what happens to a person who is on the road to wholeness how the person will change and how a new divine human identity will be born into the world as a result of undertaking this transformational odyssey KIRKUS DISCOVERIES Review Did Carl Jungs principles of psychology have Gnostic origins A Marine Corps Ph D explores the complex mystical possibilities Lloyd splits his expansive hypothesis of the souls journey into three vital steps preparation undertaking and re birth in discovering Jungs path to wholeness He credits Jung with saving his life by way of unlocking his

imagination the souls voice and spiritual mindset The author familiarizes readers with the Gnostic religious movement practitioners of an intensely spiritual inner exploration who believed that humans are not bound to experiences solely of the body and mind His literary gift to Jung is these comparative ruminations all exuding a great amount of imagination and provocative thought Running parallel to the authors spiritually progressive interests is his adventuresome interaction with and imaginal dog named Gold who discovers two seeds of knowledge The first rediscovers the spark of divine life whereby humans are one and the same with God and the second amplifies Jungs individuation theory that the human ego must relate to the unconscious mind to achieve psychological health Unerringly throughout his narrative Lloyd grafts Gnostic myths with Jungian wisdom He focuses on the psychic creator and king of the material world Demiurge in association with second century Gnostic visionary Valentinus whose tragic myth of Sophia tells of a restless female deity who travels outside of herself searching for wholeness rather than looking inward and her ultimate repentance Comparatively Jung also writes of humans who restrict themselves to their five senses rather than tapping into the core strength of their imaginative visions where uncanny experiences might spring forth As Lloyd and Gold survey principles of higher consciousness the self the transformative life cycle process and the concluding Syrian lyrical myth Song of the Pearl as they are juxtaposed against Jungs theories the author also cites Gnostic challenges to contemporary religious beliefs as in the re imagined genesis of Jesus of Nazareth Most interestingly Lloyd inserts Jung into his narrative to quiz his arbiters as to whether they have the desire to discover the mystery of their existence Unfiltered hokum for some but those who are open to it will find much needed nourishment and direction for their searching souls Nielsen Business Media 770 Broadway New York NY 10003 646 654 7277 fax 646 654 4706 discoveries kirkusreviews com Visit www.robertcharleslloyd.com

Faith Carl E. Braaten,2020-05-29 This single volume of dogmatics is an introduction to the Christian faith as such written from an intentionally ecumenical perspective Although this book is written by a Lutheran its aim is to draw from the deep wells of the Christian tradition its creeds and confessions common to all denominations Denominational dogmatics tends to define and defend the teachings of the Christian faith from the perspective of a particular church in distinction from others Ecumenical dogmatics is a relatively new attempt to focus on the beliefs and teachings fundamental to all communities that call themselves Christian Such a project aims to be more irenic than polemical intent on seeking and serving reconciliation and unity in Christ The trinitarian and christological confessions of the first five centuries are foundational for all Eastern Orthodox Roman Catholic and Protestant Reformation churches and despite all their subsequent differences and divisions are quintessential in their journey toward reconciliation and reunion These ancient creeds also suggest the appropriate outline for the organization of the contents of dogmatics even today following the works of the triune God creation redemption and sanctification Alternative Christianities Volume Ii Vince Nicolas,2018-12-30 Welcome to Volume II of Alternative

Christianities For those that have read Alternative Christianities Volume I Early Christian Sects and the Formation of the Bible Welcome Back and I hope you enjoy Alternative Christianities Volume II The Validity of Today s Christian Teachings and the Lost Gospels of the Other Disciples If you have not read Volume I I do hope you pick it up or order it It is well worth reading For those new readers to whom I have not introduced myself in Volume I I am Vince Nicolas I am a historian not a theologian I am writing these books as a historian not as a theologian I want to make that very clear The Lost Teachings of the Cathars Andrew Phillip Smith,2015-11-24 A deep dive into the history culture and legacy of the medieval Christian dualist movement Catharism as seen in popular novels by Dan Brown and Kate Mosse Centuries after the brutal slaughter of the Cathars by papally endorsed Northern French forces and their suppression by the Inquisition the medieval Cathars continue to exert a powerful influence on both popular culture and spiritual seekers Yet few people know anything of the beliefs of the Cathars beyond vague notions that they believed in reincarnation were vegetarians were somehow Gnostic and had some relation to Mary Magdalene The Lost Teachings of the Cathars explores the history of this Christian dualist movement between the twelfth and fourteenth centuries offering a sympathetic yet critical examination of its beliefs and

practices In addition to investigating the Cathars origin their relationship to Gnosticism and their possible survival of the Inquisition author Andrew Philip Smith also addresses theories and figures from the Cathars recent past Eccentric esotericists initiated a neo Cathar revival in the Languedoc which inspired the philosopher Simone Weil The German Otto Rahn the real life Indiana Jones believed that the Cathars were protectors of the Holy Grail and received support from Heinrich Himmler Meanwhile English psychiatrist Arthur Guirdham became convinced that he and a circle of patients had all been Cathars in previous lives Tourists flock to the Languedoc to visit Cathar country Bestsellers such as Kate Mosse timeslip novel Labyrinth continue to fascinate readers But what did the Cathars really believe and practice *Baphomet Revealed* Heather Lynn,2024-10-07 What is Baphomet This comprehensive and accessible history sets the record straight on a captivating icon of the occult Baphomet Revealed lifts the veil covering the most enduring occult symbol of our age Heather Lynn approaches Baphomet as a scholar who is not afraid to include hints of esoteric wisdom in her research revealing the androgynous horned beast not as a devil but as a pathway to spiritual perfection Travis McHenry creator of Occult Tarot and Angel Tarot Baphomet often misunderstood and cloaked in misinterpretations has left an indelible mark on our collective consciousness standing at the crossroads of the occult religion and the quest for arcane knowledge Baphomet s origins are as elusive as their symbolic form yet we begin our inquiry with the Templars where the name was perhaps first uttered We trace Baphomet s course through history their intersections with Gnostic thought Freemasonry the teachings of Aleister Crowley and Eliphas L vi and the myriad occult groups that have drawn upon Baphomet s potent symbolism Baphomet Revealed will take readers on a journey that weaves together the threads of history symbolism and esoteric philosophy unraveling the tapestry of Baphomet s enduring mystique This provocative entity exists simultaneously as myth magick and symbol Over the years Baphomet has been called a demon deity and the devil himself but Baphomet is none of these the figure is in reality a symbol a complex cipher holding within their form the keys to profound philosophical and esoteric truths Author Heather Lynn draws extensively from primary sources including historical depictions and magical seals associated with Baphomet inviting readers to engage with the symbol directly By melding rigorous academic inquiry with a spirit of open minded exploration Baphomet Revealed aims to shed new light on this shadowy figure illuminating Baphomet s proper place in the annals of human thought and spiritual endeavor
