responsible take care of yourself and your family but why not do that AND enjoy one of the most amazing lifestyles out there Would it surprise you to discover that there are thousands of people and families out living the dream and you could live it too My name is Kimberly and I am working sailing cruiser who has been successfully making a six figure income while sailing around the world on my beautiful 56 yacht with my lovely husband and beautiful daughter I m no one special I wasn t born wealthy nor did I win the lottery My husband was a prison officer and later a stay at home dad I ran a foreign currency business in London Both of us decided that life wasn t working for us so we sold everything we had purchased a sailboat and sailed off into the sunset We had a bit of money to live off of for a while but the plan was to make an income Over the years I didn t feel as if I was making much progress nor did I know exactly where we were heading I just kept working away at a variety of things Today we have multiple streams of income some passive requiring very little effort and some active requiring our full attention We make money while we sleep and we make money when we have guests join us on our boat The glorious thing is that we also make money while we have guests and sleep Only now can I look back and provide you with what worked so that you can get a jumpstart to living your sailing life while making money to truly enjoy it I ve created this book to help you realize that it s possible to live your dream and I d like to share with you how we ve made it work for us and how others have done the same You most likely won t want to follow in our exact steps although we d be happy to help you do so What s important is to understand the strategies available the overarching principles and action steps that we applied My hope is that you can make things work quicker and easier than it has been for us The approach that we ve taken has allowed us to create a variety of income streams so that when one goes down like when a world wide pandemic destroys one income stream other sources of income will support us through the tough times This book will provide you with an arsenal of many options I hope you ll get excited by the sheer number of opportunities there are to go out and live the life of your dreams Start reading the book now
