King Larry The Life And Ruins Of A Billionaire Genius:

King Larry James D. Scurlock, 2012-01-10 Scurlock presents the story of DHL co founder and billionaire Larry Hillblom who disappeared leaving behind an international fiasco that is still unraveling today *King Larry* James D. Scurlock, 2012-01-10 From Howard Hughes to Mark Zuckerberg the public has always been fascinated by genius entrepreneurs who succumb to their eccentricities Now James Scurlock engages educates and entertains readers with the captivating story of DHL cofounder and billionaire Larry Hillblom *King Larry* begins with an early biography of Larry Lee Hillblom a mercurial young man who grew up on a peach farm outside of Fresno California Hillblom cofounded DHL in 1969 three years before FedEx and it became the fastest growing corporation in history Hillblom's expatriate life began in 1981 when he retreated to a small tax haven in the Western Pacific There he led the resistance to American meddling in the Marianas Islands Hillblom's voracious appetite for underage prostitutes is another facet of his unusual story In 1995 Hillblom's amoral thrill seeking nature caught up to him when his seaplane disappeared off the coast of Anatahan leaving behind an estate worth billions Weeks later five impoverished women and their attorneys came forward to challenge Hillblom's will in a legal battle for his fortunes that continues to this day Meticulously researched and thoroughly engaging *King Larry* will satisfy fans of such bestsellers as *Confessions of an Economic Hit Man* and *The Accidental Billionaires* *Making Micronesia* David L. Hanlon, 2014-04-30 *Making Micronesia* is the story of Tosiwo Nakayama the first president of the Federated States of Micronesia FSM Born to a Japanese father and an island woman in 1931 on an atoll northwest of the main Chuuk Lagoon group Nakayama grew up during Japan's colonial administration of greater Micronesia and later proved adept at adjusting to life in post war Chuuk and under the American administered Trust Territory of the Pacific Islands After studying at the University of Hawaii i Nakayama returned to Chuuk in 1958 and quickly advanced through a series of administrative positions before winning election to the House of Delegates later Senate of the Congress of Micronesia He served as its president from 1965 to 1967 and again from 1973 to 1978 More than any other individual Nakayama is credited with managing the complex political discussions on Saipan in 1975 that resulted in a national constitution for the different Micronesian states that made up the Trust Territory A proponent of independence he was a key player in the lengthy negotiations with the U S government and throughout the islands that culminated in the Compact of Free Association and the eventual creation of the FSM In 1979 Nakayama was elected the first president of the FSM and spent the next eight years working to solidify an island nation and to see the Compact of Free Association through to approval and implementation One wonders what the contemporary political configuration of the western Pacific would look like without Tosiwo Nakayama His story however involves much more than a narrative of political events Nakayama's rise to prominence constitutes a remarkable story given the physical political and cultural distances he negotiated His engagements with colonialism decolonization and nation making place him squarely in the middle of the most important issues in twentieth century Pacific Islands history The study of his life also

invites a reconsideration of migration transnational crossings and the actual size of island worlds Making Micronesia follows Nakayama's life through time focusing on the expansiveness of his vision In many ways Macronesia not Micronesia seems a more appropriate term for the world he inhabited and tried to make accessible to others *Frameworks for Market Strategy* Noel Capon, Frank Go, 2016-12-08 Frameworks for Market Strategy helps students understand how to develop and implement a market strategy and how to manage the marketing process Marketing activity is the source of insight on the market customers and competitors and lies at the core of leading and managing a business To understand how marketing fits into the broader challenge of managing a business Capon and Go address marketing management both at the business and functional levels The book moves beyond merely presenting established procedures processes and practices and includes new material based on cutting edge research to ensure students develop strong critical thinking and problem solving skills for success In this European edition Capon and Go have retained the strong framework of the book but have updated the cases examples and discussions to increase the book's relevance for students outside the USA Key features include A strong strategic focus teaching students how to analyze markets customers and competitors to plan execute and evaluate a winning market strategy Practical examples from a range of contexts allowing students to develop the skills necessary to work in for profit public or non profit firms Emphasis on understanding the importance of working across organizational boundaries to align firm capabilities Full chapters devoted to key topics including brand management digital marketing marketing metrics and ethical as well as social responsibilities Focus on globalization with a chapter on regional and international marketing Multiple choice discussion and essay questions at the end of each chapter Offering an online instructor's manual and a host of useful pedagogy including videos learning outcomes opening cases key ideas exercises discussion questions a glossary and more this book will provide a solid foundation in marketing management both for those who will work in marketing departments and those who will become senior executives **There's Something About Saipan!** Walt F.J.
