The Tantric Path of Indestructible Wakefulness Chögyam Trungpa, 2013-04-08 Ch gyam Trungpa explores the the vajrayana teachings of the tantric path in this final volume of his masterpiece on Tibetan Buddhism This three volume collection presents in lively relevant language the comprehensive teachings of the Tibetan Buddhist path of the hinayana mahayana and vajrayana Considered Ch gyam Trungpa s magnum opus The Profound Treasury of the Ocean of Dharma will resonate with new and senior students of Buddhism In this third and final volume Ch gyam Trungpa s examines the vajrayana teachings of the tantric path The vajrayana or diamond vehicle also referred to as tantra draws upon and extends the teachings of the hinayana and mahayana As with the hinayana and the mahayana the formal acceptance into the vajrayana is marked by a vow in this case the samaya vow There is an emphasis at this stage on the student teacher relationship and on the quality of devotion Generally students must complete preliminary practices called ng ndro to prepare themselves for initiation into the vajrayana path before going further Having done so they then receive the appropriate empowerments to begin tantric practices There are empowerment ceremonies of many kinds called abhishekas The vajrayana includes both form practices such as visualizations and sadhanas ritual liturgies and formless practices based on allowing the mind to rest naturally in its inherent clarity and emptiness Although on the surface there is much greater complexity in tantric practices the principles of mindfulness and awareness and the cultivation of compassion and skillful action continue to be of central importance The tantric path requires complete engagement and fierce dedication It is said to be a more rapid path but it is also more dangerous There is a quality of directness abruptness and wholeheartedness Tantrikas or vajrayana practitioners recognize that the most challenging aspects of life the energies and play of confused emotions and frightening obstacles can be worked

with as gateways to freedom and realization Other topics covered in detail in this volume include the four reminders the mandala principle mahamudra atiyoga and more

Diamond Heart: Inexhaustible Mystery A. H. Almaas, 2011-07-12. The final volume in A. H. Almaas' masterwork on the contemporary spiritual path known as the Diamond Approach. From one perspective, we can see ourselves merely as human beings struggling in a crowded and chaotic world of suffering. *Inexhaustible Mystery* opens our eyes to a different reality, one that turns our familiar world inside out. We need only explore with curiosity and love our true potential as human beings in order to discover infinite depth and creativity in our lives as we act and interact in the world. When time and space expand their meaning, we come to know ourselves as having infinite dimensions of being and qualities of spirit and uncover new mysteries about ourselves, one another, and the reality we live in. This is the last of the five-volume Diamond Heart series of transcribed and edited talks given by A. H. Almaas to inner work groups in California and Colorado.

The Natural Openness and Freedom of the Mind Khangsar Tenpa'i Wangchuk, Deshek Lingpa, 2024-08-06. This second volume of the collected works of the modern Tibetan master Khangsar Tenpa'i Wangchuk is the root text and commentary on the Dzogchen tantra called *The Natural Openness and Freedom of the Mind*, a verse text on the direct practices to realize the nature of mind taught within the Nyingma school of Tibetan Buddhism. This is a modern commentary on a Dzogchen tantra titled *The Natural Freedom and Openness of the Mind*, covering the practices of trekcho, thogal, and bardo. This tantra is a mind-terma or treasure of the early modern tertön or treasure revealer Deshek Lingpa (1842-1907) and incarnation of Yudra Nyingpo, a student of Yeshe Tsogyal, preeminent female consort of Padmasambhava, through whom the transmission lineage of this teaching is said to descend. The commentary presents the approach to enlightenment taught in this tradition. These instructions are considered advanced and secret, to be taught only to those who have received transmission from a qualified master. For the curious reader outside of the tradition, this book offers a clear and concise introduction to the way the Nyingma tradition frames Buddhist cosmology, mind liberation, and prayer.

Encounters with the Invisible Marie Lecomte-Tilouine, Anne de Sales, 2024-06-28. This volume considers spirit possession in the Himalayas and the various ways in which invisible powers are made present. It does so by examining material representations of these powers through artefacts, animals, plants, and natural substances, while also focusing on narratives of people's encounters with the invisible that may help them to reconfigure reality. Through these two approaches, the contributions examine new phenomena associated with the concepts of possession and shamanism, which otherwise tend to lead research into well-worn furrows. The book addresses

a range of themes including the gods of the Western Himalayas death and ritual dissolution among Hyolmo Buddhists in Nepal gods and rivers as legal persons in India and the problem of conversion disorder in Nepal Rich in ethnography this book will be indispensable for scholars and researchers of anthropology religion spiritualism sociology of religion Himalayan studies sociology and South Asia

Maitripa Klaus Dieter-Mathes, 2021-11-23 Maitr pa 986 1063 is one of the greatest and most influential Indian yogis of Vajrayana Buddhism The legacy of his thought and meditation instructions have had a profound impact on Buddhism in India and Tibet and several important contemporary practice lineages continue to rely on his teachings Early in his life Maitr pa gained renown as a monk and scholar but it was only after he left his monastery and wandered throughout India as a yogi that he had a direct experience of nonconceptual realization Once Maitr pa awakened to this nondual nature of reality he was able to harmonize the scholastic teachings of Buddhist philosophy with esoteric meditation instructions This is reflected in his writings that are renowned for evoking a meditative state in those who have trained appropriately He eventually became the teacher of many well known accomplished masters including Padampa Sangy and the translator Marpa who brought his teachings to Tibet Drawing on Maitr pa's autobiographical writings and literary work this book is the first comprehensive portrait of the life and teachings of this influential Buddhist master Klaus Dieter Mathes also offers the first complete English translation of his teachings on nonconceptual realization which is the foundation of Mah mudra meditation

The Hidden History of the Tibetan Book of the Dead Bryan J. Cuevas, 2005-12-08 In 1927 Oxford University Press published the first western language translation of a collection of Tibetan funerary texts the Great Liberation upon Hearing in the Bardo under the title *The Tibetan Book of the Dead* Since that time the work has established a powerful hold on the western popular imagination and is now considered a classic of spiritual literature Over the years *The Tibetan Book of the Dead* has inspired numerous commentaries an illustrated edition a play a video series and even an opera Translators scholars and popular devotees of the book have claimed to explain its esoteric ideas and reveal its hidden meaning Few however have uttered a word about its history Bryan J Cuevas seeks to fill this gap in our knowledge by offering the first comprehensive historical study of the Great Liberation upon Hearing in the Bardo and by grounding it firmly in the context of Tibetan history and culture He begins by discussing the many ways the texts have been understood and misunderstood by westerners beginning with its first editor the Oxford educated anthropologist Walter Y Evans Wentz and continuing through the present day The remarkable fame of the book in the west Cuevas argues is strikingly disproportionate to how the original Tibetan texts were perceived in their own country Cuevas tells the story of how *The Tibetan Book of the Dead* was compiled in Tibet of the lives of those who preserved and transmitted it and explores the history of the rituals through which the life of the dead is

imagined in Tibetan society This book provides not only a fascinating look at a popular and enduring spiritual work but also a much needed corrective to the proliferation of ahistorical scholarship surrounding The Tibetan Book of the Dead
