## **Good Intentions Nine Hot Button Issues Viewed Through The Eyes Of Faith:**

**Good Intentions** Charles North, Robert Smietana, 2008-09-01 We often struggle to answer the question What is the right thing to do here Good Intentions suggests that it is possible to do good in economic matters if we begin with the right assumptions and begins to ask the right questions Is greed ever good How can we give poor kids a million bucks How did Ben and Jerry get so rich Is capitalism ruining the environment Do immigrants take American jobs Our actions can produce outcomes that reflect what we value Awaiting the City Chad Brand, Tom Pratt, 2012-11-13 People of faith have always been on search for the homeland first promised to Abraham in light of the Babylonian civilization he left That future hope was reinterpreted by Jesus and taken up by St Augustine in The City of God reinterpreted again by John Calvin in Geneva and given a final form by the Puritan pilgrims who came to America to establish the City upon a Hill Fundamental to this quest for a just holy civilization has been the progress of humankind on the earth in light of the mandate to fill and rule over it Authors Chad Brand and Tom Pratt discuss that progress as they answer the vital questions for praxis How should biblically oriented Christians think of and work toward God's justice along the way How can we steer between a utopian vision and a limited vision to a new rational compassion America's Four Gods Paul Froese, Christopher Bader, 2010-10-07 Despite all the hype surrounding the New Atheism the United States remains one of the most religious nations on Earth In fact 95% of Americans believe in God a level of agreement rarely seen in American life The greatest divisions in America are not between atheists and believers or even between people of different faiths What divides us this groundbreaking book shows is how we conceive of God and the role He plays in our daily lives America's Four Gods draws on the most wide ranging comprehensive and illuminating survey of American's religious beliefs ever conducted to offer a systematic exploration of how Americans view God Paul Froese and Christopher Bader argue that many of America's most intractable social and political divisions emerge from religious convictions that are deeply held but rarely openly discussed Drawing upon original survey data from thousands of Americans and a wealth of in depth interviews from all parts of the country Froese and Bader trace America's cultural and political diversity to its ultimate source differing opinions about God They show that regardless of our religious tradition or lack thereof Americans worship four distinct types of God The Authoritative God who is both engaged in the world and judgmental The Benevolent God who loves and helps us in spite of our failings The Critical God who catalogs our sins but does not punish them at least not in this life and The Distant God who stands apart from the world He created The authors show that these four conceptions of God form the basis of our worldviews and are among the most powerful predictors of how we feel about the most contentious issues in American life Accessible insightful and filled with the voices of ordinary Americans discussing their most personal religious beliefs America's Four Gods provides an invaluable portrait of how we view God and therefore how we view virtually everything else *The Publishers Weekly*, 2008 **Outcast By Kirkman & Azaceta #11** Robert Kirkman, 2015-08-05 A line is crossed The Keystone, 1917 Forest and Stream, 1881
