*Leadership and Performance in Public Sector Networks* Marco Mastrodascio,Denita Cepiku,Filippo Giordano,2022-09-21 This book analyses two key aspects of network management in the public sector leadership and performance It investigates what integrative leadership is and how it differentiates from leadership in single agency structures It also examines the performance of public interest networks by proposing an analytical framework that highlights which factors lead to high performance networks This book is of interest to scholars and students of public management and public administration as well as public managers and practitioners acting through networks and partnerships      *Integrative Governance: Generating Sustainable Responses to Global Crises* Margaret Stout,Jeannine M. Love,2018-07-20 Dominant governance theories are

drawn primarily from Euro American sources including emergent theories of network and collaborative governance The authors contest this narrow view and seek a more globally inclusive and transdisciplinary perspective arguing such an approach is more fruitful in addressing the wicked problems of sustainability including social economic and environmental crises This book thus offers and affirms an innovative governance approach that may hold more promise as a universal framework that is not colonizing in nature due to its grounding in relational process assumptions and practices Using a comprehensive Governance Typology that encompasses ontological assumptions psychosocial theory epistemological concepts belief systems ethical concepts political theory economic theory and administrative theory the authors delve deeply into underlying philosophical commitments and carry them into practice through an approach they call Integrative Governance The authors consider ways this approach to radical self governance is already being implemented in the prefigurative politics of contemporary social movements and they invite scholars and activists to imagine governance in contexts of social economic and environmental interconnectedness to use the ideal type as an evaluative tool against which to measure practice and to pursue paradigmatic change through collaborative praxis

*Street-Level Bureaucrats' Impact on the Emergence of Local Governance Networks* Lisa Fischer, 2021-11-20 This book focusses on the emergence of local governance networks and examines the role of street level bureaucrats during this process It aims to identify whether some organizations are favored as state partners whereas others have a lower chance of becoming part of such networks Four different potential logics explaining such divergencies are developed To find out how street level bureaucrats influence the formation of governance networks this study considers Germany as an empirical case and takes a closer look at the work of volunteer managers To identify unequal behavior of bureaucrats a mixed methods design is used including qualitative interviews as well as an innovative field experiment

**Governing Environmental Conflicts in China** Yanwei Li, 2018-02-21 Environmental conflicts are the source of many large scale popular protests in China with some protests substantially endangering social order Such protests have often prompted severe counter measures by both national and local government but have often then gone on to result in compromises whereby the demands of protesters have been largely met This book considers the nature of environmental conflicts in China and the way in which national and local governments have handled the situations It includes detailed case studies of particular conflicts relates the governance of environmental conflicts in China to wider discussions on the nature of governance and examines under what conditions government in China makes compromises The book concludes by assessing the lessons for the future

**The Politics of Collaborative Public Management** Robert Agranoff, Aleksey Kolpakov, 2023-06-30 Although one often thinks of collaborative management and related group problem solving as different interests coming together in peaceful harmony nothing could be further from reality Collaboration in real world action requires steering and negotiation in virtually every situation with a considerable process that precedes agreement This progression is in effect a mini political and managerial process we have come to know

as collaborative politics and its management This volume explores the process and operations of collaboration and collaborative politics from routine transactions or small p politics to the significant issue forces or big P politics Collaboration is defined here as the process of facilitating and operating in multiorganizational arrangements for addressing problems and producing solutions through the contributions of several organizations and individuals Throughout the book readers are gradually exposed to analysis of key findings in collaborative politics from the long research tradition in policy and political science This book adapts a series of stories to highlight some of the dynamics of collaborative politics from a range of jurisdictions It further analyzes the efficacy of storytelling as a learning tool and contributor to practice in different contexts With collaborative politics often associated with negotiations among administrative actors authors Drs Robert Agranoff and Aleksey Kolpakov demonstrate how interorganizational interagency collaboration operates and is managed as well as how it has been modified or adjusted in its fundamental core concepts of bureaucratic organization and hierarchy The Politics of Collaborative Public Management is designed as a core text for undergraduate and graduate classes on collaborative management and governance
