Snowbound in Montana CJ Carmichael,2014-10-23 When Eliza Bramble signs up for the Christmas Mountain Ski package with Marshal McKenzie owner of Grizzly Adventures in Marietta Montana she s looking to escape Her Bramble B B Christmas blog has just gone viral attracting the attention of a two timing man who hurt her very badly Getting out of town for Christmas is her only way to find peace Instead she finds herself trapped on a vacation with a bickering couple and their two spoiled children as well as a young married couple who barely speak to one another The tension is almost unbearable and then a blizzard hits stranding them all in a remote ski lodge for the holidays Christmas is looking like a write off until Marshall suggests they make the best of what they have and work together Eliza is surprised to find that the avid outdoorsman has a special touch with people and with her in particular Soon she realizes Marshall isn t just fixing Christmas but her broken heart too

Must Love Babies Kelly Hunter,2015-03-13 Flirting is fun And fun is essential Single mom Mardie is doing it tough so I gave her the loveliest guy I could possibly imagine Take that sour reality Single mom Mardie Griffin has a run down old house in need of fixing and a memory of Jett Casey as her savior in a time of great need So when her friends acquire Jett s services at a bachelor auction and send him to fix up her house she sets aside her mistrust of men and lets him in Elite athlete Jett Casey has the world at his feet and no desire for stability But there s one woman he s never forgotten and if he can help make her safe this time maybe she ll stop haunting him No strings no sex no commitment Just fix things Surely it can t be that difficult First published as What a Bachelor Needs *Failed Anti-Reflux Therapy* P. Marco

Fisichella,2017-02-17 Comprehensive and up to date analysis of GERD Has focus on remedies to failed treatment of the disease

Must Love Mistletoe Kelly Hunter,2024-12-04 Who cares if the people of Marietta call Cal Casey the forgotten one Cal s proud of his wildly successful brothers as long as they stay out of his way He has a ranch to run and a wife to acquire Preferably one who doesn t remind him of the woman who d married his best friend But Red Evans is four years dead this Christmas and his widow needs all the ranch help she can get By providing it Cal is honoring Red s memory serving the valley he loves and being a decent godfather to Red s son Nothing more His brothers are wrong Surgical nurse Beth Evans is hanging onto her late husband s ranch by a thread her eleven year old son is skipping school to mend fences and she owes steadfast cowboy Cal yet another big apology The last time she messed up this badly she d blamed him for breathing It s not

Cal's fault Beth's long buried feelings for him are rising again Or maybe it's all his fault All she knows is that hot tempers mistletoe kisses and her plans to sell up and leave the valley before Christmas aren't helping **Emma Kelly**

Hunter,2019-06-05 Home is where you make it Lady Emmaline Lewellyn Grayson has never felt at home in her stuffy aristocratic world She might look the part of a Lady and play it to perfection but a wilder world has always beckoned A world where people say what they mean and keep their promises A world where if a man says I love you the next word isn't but Liam McNair is a rough and tumble cattleman with a station to run and no time to babysit a fragile English rose But if Lady Em needs a keeper for the short time she'll be in Australia it might as well be him He'll show her the Outback keep her out of trouble maybe have a little fun and at the end of her stay he'll gladly wave her on her way Three months Two worlds One proposal Decision time **Nutrition in the Prevention and Treatment of Abdominal Obesity** Ronald Ross

Vascular Function and Structure in the Rat Aorta Keith Wan Kee Ng, 2014-07-24 One of the inevitable consequences of ageing is the progressive widening of pulse pressure resulting from stiffening of large arteries While a large body of literature has been devoted to understanding blood pressure a parameter proven to be predictive of cardiovascular health very few books are devoted to explaining arterial stiffening how it worsens and why is it important for physicians to

consider arterial stiffening when treating resistant hypertension This book fills this gap The fundamental purpose of this book is to systematically explain the pathophysiology behind arterial stiffness to relate arterial stiffness with high blood pressure and also to draw insights into the management of arterial stiffness from the current clinical and experimental research evidence in the field Set out systematically the book provides a readable and concise introduction to arterial stiffness and progressively moves into explaining more complex theoretical and experimental developments in the area The book is designed such that each chapter largely answers a particular scientific question covering the most up to date research information investigations and summaries and conclusions relating to the initial question Future directions and research opportunities in the field are also covered The book covers the most recent in vivo assessments of aortic stiffness in different phenotypes by measuring local haemodynamic parameters pulse wave velocity and pulse pressure amplification Furthermore the book relates ex vivo arterial structural properties and explains how they are relevant to arterial stiffness measurement while also analysing recent pharmacological treatments of hypertension and assessing if these treatments have any effect on arterial stiffness in addition to treating blood pressure alone Finally the text offers a summary and appraisal of the methodologies used in experimental quantification of arterial stiffness
