Design Patricia Bueno,1984 **Artbibliographies Modern** ,1998 Picasso Leo Steinberg,2022-06-24 This fourth volume of essays by Leo Steinberg is devoted to the great modern artist Pablo Picasso Throughout his career Steinberg was preoccupied with two artists Michelangelo and Picasso His work has been singularly important to our understanding of both This volume does not include the Picasso essay in Steinberg s book Other Criteria because that book is still in print and to include the essay here would mean adding a foldout to the book The modern art historian Richard Shiff is writing the introduction which we expect to receive in mid to late February **Design & Applied Arts Index** ,1999 *National Union Catalog* ,1978 **Logo Modernism** Jens Müller,R. Roger Remington,2015 Examine the distillation of modernism in graphic design with this vast collection of approximately 6 000 logos from 1940 1980 Ranging from media outfits to retail giants airlines to art galleries these clean clear visual concepts may be seen as the visual birth of corporate identity **The Pool Group and the Quest for Anthropological Universality** Betsy van Schlun,2016-11-21 Pool was an avant garde group that originated in 1927 in Britain and was active under this name until 1933 The group consisted of the well known modernist poet H D the English writer Bryher and the young Scottish writer and artist Kenneth Macpherson All three were first and foremost writers who at one point discovered film as another modern experimental medium of artistic expression Pool associated with almost all the iconic modernists of their time with Ezra Pound Gertrude Stein Ernest Hemmingway James Joyce Marianne Moore William Carlos Williams T S Eliot and Virginia Woolf to name only a few In addition due to their interest in film they were also befriended with such influential filmmakers as Sergei Eisenstein and Georg Wilhelm Pabst and became closely associated with Weimar Berlin film culture Pool unites classical Modernism and modernity two directions that are usually considered to be contradictory The Pool phenomenon opens a new perspective onto Modernism and prompts a reconsideration of its canonical texts and figures Contrary to many artists of Modernism who devised highly individualistic aesthetic styles the artists of Pool strove towards a universal art of humanity that was rooted in all human nature and psychology Avery Index to Architectural Periodicals. 2d Ed., Rev. and Enl Avery Library,1995 **Thomas Mann in English** David Horton,2013-04-11 Thomas Mann owes his place in world literature to the dissemination of his works through translation Indeed it was the monumental success of the original English translations that earned him the title of the greatest living man of letters during his years in American exile 1938 52 This book provides the first systematic exploration of the English versions illustrating the vicissitudes of literary translation through a principled discussion of a major author The study illuminates the contexts in which the translations were produced before exploring the transformations Mann s work has undergone in the process of transfer An exemplary analysis of selected textual dimensions demonstrates the multiplicity of factors which impinge upon literary translation leading far beyond the traditional preoccupation with issues of equivalence Thomas Mann in English thus fills a gap both in translation studies where Thomas Mann serves as a constant but ill defined

point of reference and in literary studies which has focused increasingly on the author's wider reception Hopkins Variations Joaquin Kuhn, Joseph J.
