The Dog as Guide, Guard and Healer Cinde L. Bauer, 2025-09-26 People and dogs have been companions since ancient times Dogs possess both a unique psychological essence as well as physical presence within the human dog bond As guides guards and healers dogs share individual relationships with people couched in the present and framed by universal influences evident in cultures throughout history In this book philosophers psychologists dog ethological researchers and the author assist readers in a journey of discovery as their explorations seek answers to the questions of how and why the roles of guide guard and healer resonate within the human dog bond Comparative mythology selected scientific studies and primary source materials offer contexts and insights

Silence: A User's Guide, Volume One Maggie Ross, 2014-09-10 Silence is essential for the health and well being of humans and the environment in which they live Yet silence has almost vanished from our lives and our world Of all the books that claim to be about silence this is the only one that addresses silence directly Silence A User's Guide is just what the title says it is a guide to silence which is both a vast interior spaciousness and the condition of our being in the natural world This book exposes the processes by which silence can transfigure our lives what Maggie Ross calls the work of silence it describes how lives steeped in silence can transfigure other lives unawares It shows how the work of silence was once understood to be the foundation of the teaching of Jesus and how this teaching was once an intrinsic part of Western Christianity it describes some of the methods by which the institution suppressed the work of silence and why religious institutions are afraid of silence Above all this book shows that the work of silence gives us a way of being in the world that is more than we can ask for or imagine

Field Guide to Birds of the Middle East Richard Porter, Oscar Campbell, AbdulRahman Al-Sirhan, 2024-03-28 The ultimate field guide to the birds of the Middle East an indispensable companion for any traveller to the region The Middle East the region stretching from Cyprus and the Levant to Iran including Turkey and the Arabian Peninsula plus Socotra has a wonderfully broad and diverse avifauna featuring a host of wintering and passage migrants enigmatic breeders and even a few endemics that occur nowhere else This authoritative book covers more than 895 species recorded in the Middle East including details of all regular visitors and breeding species from the Purple Sunbird and Syrian Serin to the Northern Bald Ibis Persian Shearwater and Brown Fish Owl Featuring 180 stunning colour plates by three of the world's leading bird illustrators this practical guide also includes concise species accounts describing key identification features status range habitat and voice with accurate
