Historic Maybole Elizabeth Patricia Dennison, Dennis Gallagher, Gordon Ewart, 2005 The historic town of Maybole lies equidistant from the burghs of Ayr and Girvan in South Ayrshire There is evidence of an early Anglian settlement and in the Middle Ages Maybole developed into an important economic ecclesiastical and political centre The style of architecture in the town reflects the tempestuous history of local rivalries and feuds which encouraged the building of distinctive defensible townhouses such as the surviving castle and the tollbooth There was rapid industrial and economic growth in the 19th century with new civic building factory developments and residential expansion The book fully explores the rapid changes of the last century and makes a detailed evaluation of the surviving evidence **Historic Rutherglen** Robert Gourlay, Anne Turner Simpson, Scottish Burgh Survey, 1978 *Historical Research for University Degrees in the United Kingdom* University of London. Oram, Paula Martin, Charles McKean, Sue Anderson, 2014 Situated in what now seems a remote corner of south west Scotland Wigtown was once an important county town With its harbour and location at the lowest fording point of the River Cree Wigtown was at one time part of a major network of land and sea routes including a pilgrim route to Whithorn The layout of the town is notable for its large market square a reflection of its importance in the cattle trade in the medieval period The town achieved burgh status in the thirteenth century by which time it was an important trading centre and the present arrangement of streets and burgage plots dates to this time Today the principal access route is from the north rather than through the East and West Ports which controlled access to the great market place The burgh arms depict a three masted sailing ship demonstrating the importance placed on its maritime trade This book examines both the town's political history as it passed between the earldoms of Wigtown and Douglas and its economic history as it competed with Whithorn before its eventual decline in the later nineteenth century The authors use the surviving buildings to examine the development of the town from the medieval to the modern period This book is part of the Scottish Burgh Survey a series funded by Historic Scotland designed to identify the archaeological potential of Scotland's historic towns **Historic Peebles** Robert Gourlay, Anne
