**Launch an Intermediate Reading Workshop** Lucy Calkins, 2010-10-12 Workshops are deliberately kept simple and predictable like an art studio or a researcher's laboratory because it is the work itself that is ever changing and complex Each day's teaching in a workshop does not set up a new hoop for the students to all jump through in sync Instead for the bulk of time during each day students carry on with their work As they do so they draw upon a growing repertoire of skills tools strategies and habit Lucy Calkins Learn how to teach students to read with increasing sophistication and personal engagement and how Lucy Calkins and her colleagues launch a rigorous and responsive intermediate reading workshop Through 2 foundational books A Guide to the Reading Workshop and Building a Reading Life and eight online video clips Lucy and her colleagues provide the strategies lesson plans and tools you'll need to lead strong efficient reading workshops in upper elementary classrooms A Guide to the Reading Workshop crystallizes the reading workshop After detailing the essential principles of reading workshop instruction Lucy describes how to develop engaging minilessons that develop the skills of proficient readers In the chapters that follow Lucy presents different ways to lead small group work and one to one conferences In addition to describing the predictable methods and structures of a reading workshop select chapters consider various ways to assess readers and track their development how to use data to inform your instruction and how to differentiate instruction and prepare for standardized reading tests Building a Reading Life launches the reading workshop In this unit of study Lucy and Kathleen Tolan pull out all stops in an effort to help all their students become avid readers They wear a love of reading on their own sleeves help students fashion their identities as people who care about reading and create a social life that revolves around shared books above all they help students develop a sense of agency about their reading lives taking responsibility for becoming the kinds of readers who not only make sense of books but also let books change their lives Lucy and Kathleen meanwhile induct children into the structures routines and habits of a reading workshop Students learn how to choose books that are just right in level and interest to carry books between home and

school to collect and study data about their reading rates and volume and to push themselves to read with increasing stamina fluency and volume In reading partnerships children learn to retell and summarize texts and to share ideas that are grounded in the specifics of their books Through the eight accompanying video clips Lucy and other master teachers invite you to eavesdrop on their minilessons small group instruction and conferences Dramatic video clips let you sit alongside young readers as they engage in book clubs reading partnerships and inquiry groups Video clips are free for 6 months upon registration You must register within 6 months of purchase Learn more about these resources and the Units of Study series at [www.unitsofstudy.com](http://www.unitsofstudy.com) This pack is part of firsthand s Getting Started series Bridging the gap between educational theory and practice firsthand classroom materials model the carefully crafted techniques and language of master teachers in ways that help teachers refine their practice and reinvent their own teaching The most comprehensive of these resources span more than a year of instruction Firsthand s Getting Started Packs were created for teachers in training and professional book study groups who want a compact affordable way to study and tryout these transformative classroom materials Each Getting Started Pack includes an overview book a complete unit of study online video clips provided free of charge for 6 months and an accompanying study guide Getting Started packs include Launch a Primary Writing Workshop Grades K 2 Launch an Intermediate Writing Workshop Grades 3 5 Launch an Intermediate Reading Workshop Grades 3 5 Introduce the Qualities of Writing Grades 3 6 Monitor Comprehension with Primary Students Grades K 2 Monitor Comprehension with Intermediate Students Grades 3 6 Investigate the Number System Grades K 3 Investigate Multiplication Grades 3 5 Investigate Fractions Grades 4 6
