Transatlantic Encounters in History of Education Fanny Isensee, Andreas Oberdorf, Daniel Töpper, 2020-07-26 In the last twenty years transnational perspectives have gained momentum in the field of historical educational research. Scholars have made substantial efforts to rethink nation based historiographies by reconstructing and reinterpreting the cross border encounters and intertwined processes that have turned the history of education into a transnational enterprise. A closer look at specific transnational spaces furthers a better understanding of these processes. Against this backdrop the book offers case studies focusing on transatlantic encounters with special regard to the manifold entanglements between Germany and the United States of America that represent one of the most complex dynamic and vivid educational spaces between the eighteenth and twentieth century. Drawing on excellent source material each contribution examines interaction processes as the genuine transformative moment within any cross border transfer and investigates exchanges of concepts, institutions and materials. Under this premise the book draws attention to shifting trajectories in the German American history of education that can be identified by focusing on long lasting transnational entanglements. By offering a wide range of research approaches the publication furthermore contributes innovative methodological thoughts to transnational histories of education that go beyond the German American context and will interest students, emerging researchers and experts of history of education.

Pocahontas and the English Boys Karen Ordahl Kupperman, 2019-03-12 The captivating story of four young people, English and Powhatan, who lived their lives between cultures. In *Pocahontas and the English Boys* the esteemed historian Karen Ordahl Kupperman shifts the lens on the well known narrative of Virginia's founding to reveal the previously untold and utterly compelling story of the youths who often unwillingly entered into cross cultural relationships and became essential for the colony's survival. Their story gives us unprecedented access to both sides of early Virginia. Here for the first time outside scholarly texts is an accurate portrayal of Pocahontas, who from the age of ten acted as emissary for her father who ruled over the local tribes alongside the never before told intertwined stories of Thomas Savage, Henry Spelman and Robert Poole, young English boys who were forced to live with powerful Indian leaders to act as intermediaries. *Pocahontas and the English Boys* is a riveting seventeenth century story of intrigue and danger, knowledge and power, and four youths who lived out their lives between cultures. As Pocahontas, Thomas Henry and Robert collaborated and conspired in carrying messages and trying to smooth out difficulties they never knew when they might be caught in the firing line of developing hostilities. While their knowledge and role in controlling communication gave them status and a degree of power, their relationships with both sides meant that no one trusted them completely. Written by an expert in sixteenth and seventeenth century Atlantic history, *Pocahontas and the English Boys* unearths gems from the archives. Henry Spelman's memoir, travel accounts, letters and official reports and records of meetings of the governor and council in Virginia and draws on recent archaeology to share the stories of the young people who were key influencers of their day and who are now set to

transform our understanding of early Virginia *Instructor's Guide to Accompany The Enduring Vision* Robert B. Grant, 1996 *Transatlantic Connections* M. Wynn Thomas, 2009-11 In this series of textual readings and cultural comparisons M Wynn Thomas explores Whitman's amazing ability to appeal across distances and centuries The book's contrasting sections reflect the two locations studied the first shows Whitman in his time and place while the second repositions him within the cultures of England and Wales from the late 19th to the late 20th century In the opening chapter he is placed against the vivid outrageous background of the New York of his time the second finds evidence in his poetry of a critique of the new urban politics of the emerging city boss the third radically redefines Whitman's relationship to his famous contemporary Longfellow Other chapters deal with the Civil War poet exploring the ways in which his poetic responses were in part shaped by his relationship to his soldier brother George and his use of the meteorological discoveries of his day to fashion metaphors for imaging the different phases of the conflict The second section ponders the paradox that this Whitman who was so much the product of his specific time and limited local culture should come to be accepted as an international visionary The United Kingdom is taken as offering striking instances of this phenomenon and his transatlantic admirers are shown to have been engaged in an unconscious process of translating Whitman into the terms of their own culturally specific social political and sexual preoccupations Some of the connections explored are those between Whitman and Edward Carpenter the so called English Whitman between Whitman and perhaps his greatest English critic D H Lawrence and between Whitman and the Welsh poets Ernest Rhys Amanwy David Rees Griffiths Niclas y Glais T E Nicholas Waldo Williams Glyn Jones Dylan Thomas and R S Thomas This bold and original study offering new points of entry into understanding Whitman as the product of his time and place as well as understanding the reception of Whitman in the U K as a process of cultural translation should fascinate scholars of Whitman and students of comparative literature **British Encounters with Syrian-Mesopotamian Overland Routes to India, 1751-1795** Mohammad Sakhnini, 2023-03-14 This book argues that eighteenth century British travel writings about the Arabian Overland Routes to India offered fascinating anecdotes of encounters that allow us to rethink Enlightenment understanding of the meaning of improvement Travelling among and writing about the inhabitants government culture religion and ruins of Syria and Mesopotamia offered Britons opportunities to pose themselves in their narratives as men of improvement abroad To that end travelling appeared in their books as serious attempt to improve their readers knowledge about a region that many in Britain saw as decayed barbaric and primitive But the various encounters British travellers experienced in the region allowed them to negotiate the impact of excessive materialism on the traditions morality religion and landscape of eighteenth century Britain At the heart of this book's understanding of Enlightenment writings about the Levant is the idea that a journey in a region which many considered as a theatre for the arts sciences and military conquests in the past and decay in the present represents a fraught relationship modern Europeans had with the past present and future **Conquest and Reclamation in the Transatlantic**

Imagination Luz Elena Ramirez, 2023-06-30 This book examines the imperial spectacles and startling reversals of fortune related in William H Prescott's History of the Conquest of Mexico 1843 and History of the Conquest of Peru 1847 and investigates how these accounts inspired fictional adaptations by George A Henty H Rider Haggard and George Griffith The revision of history in the Amerindian adventure both entertained young transatlantic audiences and was a vehicle to attract tourism and investment in countries such as Mexico and Peru Henty Haggard and Griffith moreover used their tales of adventure as a platform to impart British values to their readers Such values compel the characters and narrators of the novels discussed to act as cultural mediators to acquire indigenous languages and adopt native ways of being and in several of the romance adventures under consideration to marry Mexican or Incan noblewomen Part I Conquest examines George Henty's By Right of Conquest Or With Cortez in Mexico 1891 H Rider Haggard's Montezuma's Daughter 1893 and George Griffith's Virgin of the Sun A Tale of the Conquest of Peru 1898 Part II Reclamation argues that English re-writings of history work to eclipse the Spanish in Haggard's Virgin the Sun 1922 Henty's Treasure of the Incas 1902 and Griffith's Romance of Golden Star 1897
