Directions: Fill in the blanks as we discuss the Chapter 2 PowerPoint notes.

What is History?

1. History is a **sequence** of events that has led us to the present.

How did we get to NOW?

2. The story of America begins with a super continent named **Pangaea**.

3. When Pangaea broke apart the continents gradually moved across the Earth's surface through a process called **continental drift**.

How did people get to America?

4. During the last ice Age, 15,000 years ago, humans crossed exposed land between Russia and America into modern day Alaska. That exposed land is referred to as the **Bering Strait Land Bridge**.

What do we call the first humans to inhabit in America?

5. The group of people who first inhabited America are referred to as **Amerindians**.

What did the Amerindians do once they got to America?

6. Scientists believe that the Amerindians arrived in America around 15,000 years ago. Then, over the next 15,000 years, they split into **thousands** of different tribes.

What were these Native American tribes like?

7. Every Amerindian tribe was different, but they did share many **common characteristics**.

How did Native American tribes communicate?

8. It is estimated that there were over **1,000** Native American languages.

9. North American tribes used **spoken** language rather than written language, but some South American tribes used written language.

Did the Native Americans compete over land?

10. Native Americans were in constant **warfare** over resources and fertile land.

11. Native American tribes **conquered** and wiped out other Native American tribes for thousands of years before Europeans arrived in 1492.

My American Journey Colin L. Powell, Joseph E. Persico, 2010-12-29 1 NEW YORK TIMES BESTSELLER A great American success story an endearing and well written book The New York Times Book Review Colin Powell is the embodiment of the American dream He was born in Harlem to immigrant parents from Jamaica He knew the rough life of the streets He overcame a barely average start at school Then he joined the Army The rest is history Vietnam the Pentagon Panama Desert Storm but a history that until now has been known only on the surface Here for the first time Colin Powell himself tells us how it happened in a memoir distinguished by a heartfelt love of country and family warm good humor and a soldier's directness My American Journey is the powerful story of a life well lived and well told It is also a view from the mountaintop of the political landscape of America At a time when Americans feel disenchanted with their leaders General Powell's passionate views on family personal responsibility and in his own words the greatness of America and the opportunities it offers inspire hope and present a blueprint for the future An utterly absorbing account it is history with a vision

The American Journey Volume 1 Study Guide Jonathan M. Klick, 2000-08 *Asian/American Curricular Epistemicide* Nicholas D. Hartlep, Daniel P. Scott, 2016-08-18 In this important book Nicholas Hartlep and Daniel Scott's detailed analyses on both visual and historical representations of Asian Americans in textbooks and teacher manuals used in our elementary and secondary schools poignantly tell us that generations of children are growing up being fed this single story about Asian Americans As Hartlep and Scott write Asian Americans have once again been constructed as the good minority that can succeed on their own and be used as a political instrument to shame the Blacks for their underachievement and their fight for equality Over and over again the media has been telling a single story about Asian Americans to the public for the past fifty years The consequence of this fabricated story is that it discourages others even Asian Americans themselves from believing in the validity of their struggles Linshi 2014 p 1 *The Horn Book Guide to Children's and Young Adult Books*, 2005

The Latest and Best of TESS ,1991 **TV Guide** ,1990 *American Propaganda from the Spanish-American War to Iraq* Steven R. Brydon, 2021-11-01 In this book Steven R Brydon analyzes American war propaganda spanning from the Spanish American War through the wars in Afghanistan and Iraq Brydon argues that many of these wars were fought based on false or misleading narratives beginning with blaming Spain for the sinking of the Maine and continuing most recently with charges that Saddam Hussein had weapons of mass destruction and was involved in the terrorist attacks of September 11 Research has shown that well told stories can affect the public's beliefs attitudes and actions and Brydon has identified some of these recurring stories that have been told to support and sustain each war during this time period Using Fisher's narrative paradigm Brydon critically evaluates these war stories to determine if they possessed narrative coherence and

fidelity that provided good reasons to go to war rather than simply the appearance of these qualities The responsibility Brydon stresses is on the media and on academics to view future war narratives through a critical lens in order to best inform the American people Scholars of media studies history military studies American studies and international relations will find this book particularly useful
