God and Logic in Islam John Walbridge, 2010-11-15 This book investigates the central role of reason in Islamic intellectual life Despite widespread characterization of Islam as a system of belief based only on revelation John Walbridge argues that rational methods not fundamentalism have characterized Islamic law philosophy

and education since the medieval period His research demonstrates that this medieval Islamic rational tradition was opposed by both modernists and fundamentalists resulting in a general collapse of traditional Islamic intellectual life and its replacement by more modern but far shallower forms of thought However the resources of this Islamic scholarly tradition remain an integral part of the Islamic intellectual tradition and will prove vital to its revival The future of Islam Walbridge argues will be marked by a return to rationalism      *Self-Care and Stress Management for Academic Well-Being* Clarke, Karis L.,2022-06-24 Self care is a topic that is often challenging in education Educators are required to learn to teach advise and cope with organizational change as well as encourage their students to take responsibility for their actions say no identify burnout establish a network of family and friends schedule breaks do things they enjoy and take care of themselves physically However teachers often do not follow these guidelines themselves It is important that teachers allow themselves the time and space to do the same things that they insist their students do Moreover it is important that administrators recognize and support these efforts as well Self Care and Stress Management for Academic Well Being discusses why self care for educators is needed in order for them to sustain the growth of the students at their institutions It explores the ways in which educators devote themselves to helping students develop their creativity and their academic voices but do not always give themselves the same permission Covering a range of topics such as physical care stress and self advocacy this reference work is ideal for researchers academicians practitioners scholars administrators instructors and students
