## **Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture:**

**Israel's Death Hierarchy** Yagil Levy, 2012-11-05 2012 Winner of the Shapiro Award for the Best Book in Israel Studies presented by the Association for Israel Studies Whose life is worth more That is the question that states inevitably face during wartime Which troops are thrown to the first lines of battle and which ones remain relatively intact How can various categories of civilian populations be protected And when front and rear are porous whose life should receive priority those of soldiers or those of civilians In Israel's Death Hierarchy Yagil Levy uses Israel as a compelling case study to explore the global dynamics and security implications of casualty sensitivity Israel Levy argues originally chose to risk soldiers mobilized from privileged classes more than civilians and other soldiers However with the mounting of casualty sensitivity the state gradually restructured what Levy calls its death hierarchy to favor privileged soldiers over soldiers drawn from lower classes and civilians and later to place enemy civilians at the bottom of the hierarchy by the use of heavy firepower The state thus shifted risk from soldiers to civilians As the Gaza offensive of 2009 demonstrates this new death hierarchy has opened Israel to global criticism Israeli National Security Charles D. Freilich, 2018-03-08 National security has been at the forefront of the Israeli experience for seven decades with threats ranging from terrorism to vast rocket and missile arsenals and even existential nuclear dangers Yet despite its overwhelming preoccupation with foreign and defense affairs Israel does not have a formal national security strategy In Israeli National Security Chuck Freilich presents an authoritative analysis of the military diplomatic demographic and societal challenges Israel faces today to propose a comprehensive and long term Israeli national security strategy The heart of the new strategy places greater emphasis on restraint defense and diplomacy as means of addressing the challenges Israel faces along with the military capacity to deter and if necessary defeat Israel's adversaries while also maintaining the resolve of its society By bringing Israel's most critical debates about the Palestinians demography Iran Hezbollah Hamas US relations and nuclear strategy into sharp focus the strategy Freilich proposes addresses the primary challenges Israel must address in order to chart its national course The most comprehensive study of Israel's national security to date this book presents the first public proposal for a comprehensive Israeli national security strategy and prescribes an actionable course forward

**Research Handbook on Civil-Military Relations** Aurel Croissant, David Kuehn, David Pion-Berlin, 2024-04-12 Bringing together leading scholars from across the world this comprehensive Research Handbook analyses key problems subjects regions and countries in civil military relations Showcasing cutting edge research developments it illustrates the deeply complex nature of the field and analyses important topics in need of renewed consideration

**How Western Soldiers Fight** Cornelius Friesendorf, 2018-06-07 In contemporary missions soldiers often face unconventional opponents rather than enemy armies How do Western soldiers deal with war criminals rioters or insurgents What explains differences in behavior across military organizations in multinational missions How does military conduct impact local populations Comparing troops from the United States Britain

Germany and Italy at three sites of intervention Bosnia Kosovo and Afghanistan this book shows that militaries in the field apply idiosyncratic organizational routines Friesendorf uses the concept of routines to explain for example why US soldiers are trigger happy why British soldiers patrol on foot and why German soldiers avoid risk Despite convergence in military structures and practices militaries continue to fight differently often with much autonomy This bottom up perspective focuses on different routines at the level of operations and tactics thus contributing to a better understanding of the implementation of military missions and highlighting failures of Western militaries to protect civilians

**Life, Death, and the Western Way of War** Lorenzo Zambernardi, 2022-04-07 Life Death and the Western Way of War traces when and how western soldiers once regarded as simple fighting tools became the far less expendable beings that we know today In Kant s terms the study traces the process through which soldiers have been turned from mere military means into ends in themselves The book argues that such a major transformation is largely the result of a shift in the social meaning ascribed to soldiers death It suggests that looking at death can somehow provide a privileged angle to understanding the value that societies attach to life The narrative emerging from the empirical evidence will show that the story of attitudes towards soldiers death is the story of a gradual increasing process of individualization in the social meaning attached to human loss in war Such a development which took centuries to emerge in full was neither simple nor linear It was a process that the state was temporarily able to frame in the collective narrative of the nation but which ultimately has seen the increasing importance of the life of the individual soldier In tracing the process through which soldiers have been turned from an amorphous collective into distinct individuals this book shows how the emphasis on the primacy of the individual has further eroded the effectiveness of western warfare as an instrument of foreign policy In particular the modern liberal conception of the soldier has had the unintended consequence of jeopardizing the Clausewitzian relationship between military means and political ends

*Frontline* Anthony King, 2015 The volume examines the experiences of professional Western combat soldiers training and operations in Iraq and seeks to explain the culture motivations and capabilities of the professional soldier in the twenty first century

*Contemporary Europe in the Historical Imagination* Darcy Buerkle, Skye Doney, 2023-06-27 George L Mosse 1918 99 was one of the most influential cultural and intellectual historians of modern Europe In *Contemporary Europe in the Historical Imagination* an international assembly of leading scholars explore Mosse s enduring methodologies in German studies and modern European cultural history Considering Mosse s life and work historically and critically the book begins with his intellectual biography and goes on to reread his writings in light of historical developments since his death and to use extend and contend with Mosse s legacy in new contexts he may not have addressed or even foreseen The volume wrestles with intertwined questions that continue to emerge from Mosse s pioneering research including What role do sexual and racial stereotypes play in European political culture before and after 1945 How are gender and Nazi violence bound together Importantly the contributors pose questions that are inspired by Mosse s work but that he did not directly examine

For example to what extent were Nazism and Italian Fascism colonial projects How have popular radical right parties reinforced and reimagined ethnonationalism and nativism Much like Mosse's own work the chapters in this book inspire new interventions into the history of gender and sexuality Jewish identity during the rise of the Third Reich and the many reincarnations of fascist pageantry and mass politics **The Mortality and Morality of Nations** Uriel Abulof, 2015-07-24

Standing at the edge of life's abyss we seek meaningful order We commonly find this symbolic immortality in religion civilization state and nation What happens however when the nation itself appears mortal The Mortality and Morality of Nations seeks to answer this question theoretically and empirically It argues that mortality makes morality and right makes might the nation's sense of a looming abyss informs its quest for a higher moral ground which if reached can bolster its vitality The book investigates nationalism's promise of moral immortality and its limitations via three case studies French Canadians Israeli Jews and Afrikaners All three have been insecure about the validity of their identity or the viability of their polity or both They have sought partial redress in existential self-legitimation by the nation of the nation and for the nation's very existence **Liberalization and Culture in Contemporary Israel** Ari Ofengenden, 2018-09-15 In this book Ari

Ofengenden examines the ways that Israel's integration into global economy has affected its mainstream culture Ofengenden uses works of Israeli film literature and television from the past 30 years to conceptualize the changes in Israel's culture He analyzes the central phenomena associated with Israel's integration into the global economy including the demise of realism and the rise of commercial culture the production of film television and novels for western audiences and the critiques of capitalism in media Ofengenden also explores the refiguring of national identity through critique of masculinity The book also discusses the affect globalization and marketization has had on modern narratives of the Arab-Israeli conflict

Military Heroism in a Post-Heroic Era Uzi Ben-Shalom, René Moelker, Nehemia Stern, Eyal Ben-Ari, 2024-04-11 This book explores the variety of forms that individual heroism and sacrifice can take in the context of contemporary military conflicts It addresses three key questions How has an enduring ideal of heroism been transformed by the nature of modern warfare Are we now witnessing the emergence of new forms of exemplary military behavior And have new ideals of heroism and by association sacrifice or bravery been added to older forms in the recent past The book advocates viewing the concept of military heroism as a moral category in which its theoretical definition and empirical practice reflect those factors that are seen as being vital for society itself The key theoretical and topical challenges addressed in the respective chapters focus on how ideas of heroism become entwined with issues of individualization bolstered by the cultural assumptions of neo Liberalism the spread of the human rights discourse and the judicialization marketization and mediatization of armed forces The book was written by experts on military studies including many who are currently active military personnel It includes contributions from a variety of disciplines e.g. anthropology sociology psychology and political science **Drawdown** Jason W. Warren, 2016-10-18 While traditionally Americans view expensive military structure as a poor investment and a threat to

liberty they also require the employment of armed forces as a guarantee of that very freedom Beginning with the wars of the English colonies Americans typically increased their military capabilities at the beginning of conflicts only to decrease them at the apparent conclusion of hostilities In this book a stellar team of military historians argue that the United States sometimes managed effective drawdowns sowing the seeds of future victory Yet at other times the drawing down of military capabilities undermined our readiness and flexibility leading to more costly wars and perhaps defeat The political choice to reduce military capabilities is influenced by Anglo American pecuniary decisions and traditional fears of government oppression and it has been haphazard throughout American history These two factors form the basic American liberty dilemma the vexed relationship between the nation and its military apparatuses from the founding of the first colonies through to present times With the termination of large scale operations in Iraq and the winnowing of forces in Afghanistan the United States military once again faces a significant drawdown in standing force structure and capabilities The political and military debate around how best to affect this force reduction lacks a proper historical perspective This volume aspires to inform this dialogue Not a traditional military history Drawdown analyzes cultural attitudes political decisions and institutions surrounding the maintenance of armed forces Back cover

*Civil-Military Relations in Israel* Aharon Kampinsky, Elisheva Rosman-Stollman, 2014-08-14 This book a collection of essays in honor of Stuart Cohen examines a variety of issues in civil military relations CMR in Israel and abroad Beyond honoring Cohen's work this collection makes a substantial contribution to the field for a number of reasons First it brings together prominent scholars from different disciplines in the field from both Israel and abroad sketching its boundaries The chapters in the collection deal with a variety of issues theoretical and empirical including topics that are usually neglected in English works such as the control the military in Israel has on building construction permits in the civilian sector and the relations between the security establishment and the judicial system Other chapters offer new theoretical perspectives such as the context within which Israeli CMR should be examined and a more general look at the focus of CMR Second it gives non Hebrew speaking scholars and laypersons alike a better idea of what the main issues in the field of civil military relations in Israel are today This book will allow university professors and laypersons to access quality scholarship while still offering a broad spectrum of topics

*Controlling Paris* Jonathan M. House, 2014-02-14 When not at war armies are often used to control civil disorders especially in eras of rapid social change and unrest But in nineteenth century Europe without the technological advances of modern armies and police forces an army's only advantages were discipline and organization and in the face of popular opposition to the regime in power both could rapidly deteriorate Such was the case in France after the Napoleonic Wars where a cumulative recent history of failure weakened an already fragile army's ability to keep the peace After the February 1848 overthrow of the last king of France the new republican government proved remarkably resilient retaining power while pursuing moderate social policies despite the concerted efforts of a variety of radical and socialist groups These efforts took

numerous forms ranging from demonstrations to attempted coups to full scale urban combat and culminated in the crisis of the June Days At stake was the future of French government and the social and economic policy of France at large In Controlling Paris Jonathan M House offers us a study of revolution from the viewpoint of the government rather than the revolutionary It is not focused on military tactics so much as on the broader issues involved in controlling civil disorders relations between the government and its military leaders causes and social issues of public disorder political loyalty of troops in crisis and excessive use of force to control civil disorders Yet somehow despite all these disadvantages the French police and armed forces prevented regime change far more often than they failed to do so **The Geriatric Peace**

Haas,2023-08 This chapter explores the causes of population aging diminishing fertility levels and rising life expectancies and why it is inevitable in most countries It then discusses the book s four main hypotheses Advanced stages of population aging will significantly reduce states capacity or military capabilities to war while increasing leaders and citizens preferences for peace Hypothesis 1 Because of aging s impact on capabilities and preferences demographically old countries will be less likely to initiate wars than will younger ones Hypothesis 2 If an aged country does initiate war the effects of aging will create major barriers to military success Hypothesis 3 Finally the effects of population aging will help prevent a power transition between the United States and China Hypothesis 4 Although the United States confronts major challenges created by its aging population it is significantly better shape in this area than is China Population aging as a result will be a potent force for the continuation of US relative power dominance The chapter concludes with analyses of the book s contributions to the literature counterarguments and their problems operationalization of variables and case selection criteria Provided by publisher **For Liberty and the Republic** Ricardo A. Herrera,2017-12-05 In the early decades of the American Republic

American soldiers demonstrated and defined their beliefs about the nature of American republicanism and how they as citizens and soldiers were participants in the republican experiment through their service In For Liberty and the Republic Ricardo A Herrera examines the relationship between soldier and citizen from the War of Independence through the first year of the Civil War The work analyzes an idealized republican ideology as a component of soldiering in both peace and war Herrera argues that American soldiers belief system the military ethos of republicanism drew from the larger body of American political thought This ethos illustrated and informed soldiers faith in an inseparable connection between bearing arms on behalf of the republic and earning and holding citizenship in it Despite the undeniable existence of customs organizations and behaviors that were uniquely military the officers and enlisted men of the regular army states militias and wartime volunteers were the products of their society and they imparted what they understood as important elements of American thought into their service Drawing from military and personal correspondence journals orderly books militia constitutions and other documents in over forty archives in twenty three states Herrera maps five broad interrelated and mutually reinforcing threads of thought constituting soldiers beliefs Virtue Legitimacy Self governance Glory Honor and

Fame and the National Mission Spanning periods of war and peace these five themes constituted a coherent and long lived body of ideas that informed American soldiers sense of identity for generations

### **Routledge Handbook on Israeli**

**Security** Stuart A. Cohen,Aharon Klieman,2018-10-17 The Routledge Handbook on Israeli Security provides an authoritative survey of both the historical roots of Israel s national security concerns and their principal contemporary expressions Following an introduction setting out its central themes the Handbook comprises 27 independent chapters all written by experts in their fields several of whom possess first hand diplomatic and or military experience at senior levels An especially noteworthy feature of this volume is the space allotted to analyses of the impact of security challenges not just on Israel s diplomatic and military postures nuclear as well as conventional but also on its cultural life and societal behavior Specifically it aims to fulfill three principal needs The first is to illustrate the dynamic nature of Israel s security concerns and the ways in which they have evolved in response to changes in the country s diplomatic and geo strategic environment changes that have been further fueled by technological economic and demographic transformations Second the book aims to examine how the evolving character of Israel s security challenges has generated multiple and sometimes conflicting interpretations of the very concept of security resulting in a series of dialogues both within Israeli society and between Israelis and their friends and allies abroad Finally it also discusses how areas of private and public life elsewhere considered inherently civilian and unrelated to security such as artistic and cultural institutions nevertheless do mirror the broader legal economic and cultural consequences of this Israeli preoccupation with national security This comprehensive and up to date collection of studies provides an authoritative and interdisciplinary guide to both the dynamism of Israel s security dilemmas and to their multiple impacts on Israeli society In addition to its insights and appeal for all people and countries forced to address the security issue in today s world this Handbook is a valuable resource for upper level undergraduates and researchers with an interest in the Middle East and Israeli politics international relations and security studies

[Special Operations Forces in the 21st Century](#) Jessica Glick Turnley,Kobi Michael,Eyal Ben-Ari,2017-08-09 This book sets out the major social scientific approaches to the study of Special Operations Forces Despite consistent downsizing over the past two decades the armed forces of the industrial democracies have seen a huge growth in Special Operations Forces SOF Through increasing numbers of personnel and more frequent deployments SOF units have wielded considerable influence in conflicts around the world with senior SOF officers having led major strategic operations This increased presence and unprecedented expansion for SOF is largely a result of the new kinds of conflicts that have emerged in the 21st century At the same time even with this high profile in the military policy and media and popular cultural arenas there is relatively little social scientific research on SOF This volume aims to fill this gap by providing a series of studies and analyses of SOF across the globe since the end of World War II Analysing SOF at the micro mezzo and macro levels provides broad and diverse insights Moreover the volume deals with new issues raised by the use of such forces that include emerging modes of civilian control innovative

organizational forms and the special psychological characteristics necessitated by SOF operatives. It concludes with a discussion of a question which continues to be debated in today's militaries: what makes SOF special? Filling a clear gap in the literature, this book will be of much interest to students of strategic studies, civil-military relations, irregular warfare, security studies, and international relations. Israeli National Intelligence Culture Itai Shapira, 2024-09-30. The book offers a novel conceptualization of Israeli national intelligence culture, describing the way in which Israelis perceive and practice intelligence. Different nations have different national intelligence cultures, relying on different ideas of intelligence, perceiving and practicing intelligence in different ways. Written by a former senior intelligence officer, this book is the first study dedicated to Israeli intelligence culture and the way it reflects Israeli strategic culture. Relying on more than 30 elite interviews with acting and former Israeli practitioners, the book highlights the Israeli aversion to intelligence theory and scientific methods, as well as to the structured management of the intelligence system at the national level. It describes the intelligence system's emphasis on contrarian thinking and moral courage as the foundations of intelligence professionalism, and the growing inclination of Israeli intelligence toward action and influence. Intelligence is perceived and practiced by Israelis as a tool for problem-solving, addressing unique Israeli challenges. While some traits of the Israeli national intelligence culture have contributed to its high reputation and its success story, others might have also contributed to its failure in anticipating the Hamas terrorist attack on October 7, 2023, or have remained aspirational norms rather than realized practice. The October 7, 2023 failure, as that of the Yom Kippur War in 1973, will undoubtedly influence Israeli national intelligence culture for many years to come. This book will be of much interest to students of intelligence studies, Israeli politics, strategic studies, and international relations. *Israel's Materialist Militarism* Yagil Levy, 2007-01-01. Israel's Materialist Militarism explains the fluctuations in Israel's military policies during the 1990s, 2000s, from the Oslo Accords to the al-Aqsa Intifada and the Second Lebanon War. A conceptual framework is offered that relies on materialist militarism, the relations of exchange between the state and social groups by which the groups exchange their military sacrifice for social rewards that in turn nurture militarism. The dynamic balancing of the sacrifice-reward equation explains the dynamics of war versus de-escalation. Trial and Error Yagil Levy, 2012-02-01. Trial and Error offers a unique exploration of the link between Israel's military policies and its ethno-class relations of power that has theoretical implications elsewhere. The book denounces the commonly accepted view that Israel's military policies were crafted merely as a direct and inevitable response to neighboring Arab states' hostility. Instead, Yagil Levy shows that Israel's security interests were also determined by the social interests of a rising middle class comprised of Jews of European descent. Because of the protracted state of war, this class achieved dominant status over other groups. As a result, a strong link was created between increasing inequality in Israeli society and missed opportunities to adopt more moderate foreign policies at crucial crossroads up to the 1980s. Paradoxically, however, as war benefited and elevated the consumerist lifestyle of the middle class, the burden of war became less

appealing to it Levy argues that this and other social constraints along with limitations imposed by the international system played a focal role in channeling Israel's policies toward the 1990s peace process

## Unveiling the Energy of Verbal Beauty: An Emotional Sojourn through **Israels Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture**

In some sort of inundated with screens and the cacophony of quick connection, the profound power and mental resonance of verbal artistry frequently disappear into obscurity, eclipsed by the constant onslaught of noise and distractions. However, set within the lyrical pages of **Israels Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture**, a fascinating perform of fictional elegance that pulses with fresh feelings, lies an remarkable journey waiting to be embarked upon. Composed by a virtuoso wordsmith, that exciting opus guides viewers on an emotional odyssey, lightly revealing the latent possible and profound affect stuck within the complicated internet of language. Within the heart-wrenching expanse of the evocative evaluation, we will embark upon an introspective exploration of the book is key styles, dissect their captivating writing model, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.

## **Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture has opened up a world of possibilities. Downloading Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to

engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture is one of the best book in our library for free trial. We provide copy of Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture. Where to download Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture online for free? Are you looking for Israel's Death Hierarchy Casualty Aversion In A Militarized Democracy Warfare And Culture PDF? This is definitely going to save you time and cash in something you should think about.
