**Ecstatic Encounters** Mattijs van de Port, 2011 Reality does not comply with our narrations of it And that is most certainly the case with the narrations produced in academia An anthropologist in Bahia Brazil fears to become possessed by the spirits he had come to study falls madly in love with an informant finds himself baffled by the sayings of a clairvoyant and has to come to grips with the murder of one of his best friends Unsettling events that do not belong to the orderly world of scientific research yet leave their imprint on the way the anthropologist comes to understand the world Reflecting on his long research experience with the spirit possession cult Candomblé the author shows in a probing manner how definitions of reality always require the exclusion of certain perceptions experiences and insights And yet this rest of what is turns out to be an inexhaustible source of amazement seduction and renewal P 4 of cover
