Christian Global Health in Perspective Rebecca Meyer, 2024-04-02 Healing the Nations Restoring Shalom The world is grappling with complex health challenges and disparities forcing us to confront many pressing questions How do Christians understand and practice healthcare What is the biblical view of health and healing This workbook unravels these queries offering deep insights into the Christian approach to global health issues *Christian Global Health in Perspective* delves into the biblical foundations of health historical perspectives of Christian medical missions and strategies for integrating faith with modern healthcare Health is wholeness in body mind and spirit The authors seasoned experts in theology and medicine guide readers through an exploration of how the church can innovatively respond to current global health concerns This resource is essential for healthcare professionals church leaders development workers and anyone interested in the intersection of faith and health Reading this book may result in a paradigm shift for some who view remission of disease as the sole focus for healing when from a biblical perspective wholeness and shalom form the basis for promoting health *Christian Global Health* invites you to join this transformative mission where faith and healthcare converge for global well being

Restoring the Vocation of a Christian College Brad Pardue, Andrew T. Bolger, 2022-05-19 *Restoring the Vocation of a Christian College* examines the vocation of a Christian institution of higher learning to faithfully educate students and how individual Christian teachers and scholars can participate in this process no matter their discipline It surveys and engages developments over the last few decades in Christian worldview studies Christian pedagogy character formation and vocational reflection Through individual essays by college administrators cocurricular staff and faculty from a wide range of disciplines it provides both thoughtful reflection and concrete application of these often abstract concepts to specific institutional settings and the actual classroom experience

An Introduction to Christian Worldview Tawa J. Anderson, W. Michael Clark, David K. Naugle, 2017-10-10 Why do worldviews matter What characterizes a Christian worldview Part of being a thoughtful Christian means being able to understand and express the Christian worldview as well as developing an awareness of the variety of worldviews Well organized clearly written and featuring aids for learning this is the essential text for either the classroom or for self study

Faithful Science Alistair J. McKitterick, 2022-03-17 This thesis studies the impact of teaching intelligent design to evangelical students Science is often presented as a reason why some find sharing their faith difficult in a secular culture teaching the science of intelligent design enables Christians to

initiate conversations and overcome obstacles with those whose worldview is more Darwinian and materialist The professional doctoral research employs both action research and practical theology Lin Norton s pedagogical action research provides the structure for the qualitative research and thematic analysis showing that students find learning about intelligent design empowering for evangelism Richard Osmer s model of practical theology enables an interdisciplinary reflection on how intelligent design challenges Western secular culture Intelligent design is seen as the most integrative of all the different ways of relating science and theology Theologically teaching intelligent design is like teaching a modern parable to contemporary society and just like the Gospel parables some respond with faith and some reject it Evangelical students find learning about it both liberating and empowering in their ability to share their faith more confidently with others especially in schools and youth groups

Pursuing Wisdom John R. Shoup,Troy W. Hinrichs,Jacqueline N. Gustafson,2021-10-08

Wisdom considered the highest level of enlightenment has not had a foothold in our education since Plato s Academy and Aristotle s Lyceum Yet it is wisdom that ultimately promotes human flourishing and equips individuals with the sophistication to live life well Wisdom is especially urgent if leaders and followers are to lead and follow well Wisdom is more critical and urgent than ever in today s world Stories of lack of discernment and sound judgment abound in the news Comments such as what were they thinking and why did they do that reveal that wisdom is often painfully lacking when it comes to making decisions The world needs people who judiciously discern and courageously implement innovative decisions at the right time and in the right way But before wisdom can be adequately taught it needs to be properly understood Historically the study and acquisition of wisdom has been reserved to the philosophical and theological fields of study often making wisdom appear esoteric elusive and mysterious While relatively recent empirical attempts have led to certain quantifications and qualifications of wisdom a comprehensive and cohesive model for understanding teaching and implementing general wisdom has yet to emerge Unfortunately philosophical and theological treatises on wisdom have been overly convoluted or mystical making wisdom appear elusive for the lay person The empirical traditions have overanalyzed the concept to make it almost formulaic and uninspiring This primer merges insights from the philosophical theological and empirical traditions to provide a simple model for understanding acquiring practicing and teaching wisdom This primer is unique is that it uses clear language to walk the readers through representative classical philosophical and religious works and empirical studies in lieu of jargon filled meditations As a result the primer orients readers to think like philosophers theologians and social scientists by shepherding them through to the logic of previous works on wisdom What also sets this work apart is its brevity without compromise to substance This primer demonstrates that the complicated can be made relatively simple and that brevity and profound meaning often walk hand in hand Ideal for emerging and established leaders this book demonstrates that wisdom inspires confidence establishes credibility and helps us successfully navigate complex problems and promote human progress This primer makes wisdom accessible and provides all soon to be novice and seasoned leaders with the understanding

dispositions and skills to be discerning and virtuous people others will want to emulate and follow **'Religion' and 'Secular' Categories in Sociology** Mitsutoshi Horii,2022-01-01 Informed by critical religion perspective in Religious Studies and postcolonial self reflection in Sociology this book interrogates the ideas of religion and the secular in social theory and Sociology It argues that as long as social theory and sociological discourse embed the religion secular distinction and locate themselves on the secular side of the binary Sociology will continue to serve the very ideologies it tries to subvert namely Western modernity coloniality *The Universe Next Door* James W. Sire,2020-08-04 For more than forty years *The Universe Next Door* has set the standard for an introduction to worldviews This sixth edition uses James Sire s widely influential model of eight basic worldview questions to examine prominent worldviews that have shaped the Western world critiquing each worldview within its own frame of reference and in comparison to others **Ethical Considerations at the Intersection of Psychiatry and Religion** John Peteet,Mary Lynn Dell,Wai Lun Alan Fung,2018-01-05 This book explores the ethical dimension of the interface between psychiatry and religion illustrating core principles with practical examples in a variety of contexts These include subspecialties such as child geriatric forensic inpatient and community psychiatry and settings such as ethics committees religious organizations and international conflicts psychiatric education and research

Why Good Thinking Starts with God: Thinking About Thinking Stephen J. Fyson,2024-09-24 Everyone has their own thoughts and ideas about our origins morality and even spirituality But where do our thoughts begin Why do we think the way that we do And should we rely on our own thoughts to guide us in our daily interactions with one another Stephen J Fyson dives deeper into thinking examining the roots of these questions and pointing the reader to discover why good thinking starts with God In this short look into the history of psychology and the history of some thinking religions Fyson encourages the reader to examine their thoughts a little more closely to find what everyone is searching for Truth **The Integration of Psychology and Christianity** William L. Hathaway,Mark A. Yarhouse,2021-08-17 Done properly integration enriches our understanding of both Christianity and psychology Through biblical and theological grounding this expert overview takes stock of the integration project to date provides an introduction for those who wish to come on board highlights work yet to be done and offers a framework to strategically organize next steps **In Search of Moral Knowledge** R. Scott Smith,2014-05-02 For most of the church s history people have seen Christian ethics as normative and universally applicable Recently however this view has been lost thanks to naturalism and relativism R Scott Smith argues that Christians need to overcome Kant s fact value dichotomy and recover the possibility of genuine moral and theological knowledge Foundations Matthew Etherington,2025-05-16 This book is for undergraduate and graduate students teachers school administrators organizational leaders theologians researchers and education practitioners It uncovers topics exclusive to education in general particularly Christian education while highlighting the experiences and perspectives of individual scholars in various contexts This tenth anniversary volume focuses on language community agency and identity topics Each

chapter ends with discussion questions that offer the reader freedom of thought and expression and an opportunity to engage with others preferably in smaller groups **Pursuing Excellence for the Glory of God** Keith A. Currivean, 2022-01-13

What is education How and why do educators do what we do And in what way can and ought education be distinctively Christian These are a few of the probing questions for which this book seeks answers Among other contributions Currivean's book explores a biblical philosophy of Christian education with unprecedented breadth and depth To accomplish this objective it considers what education is chapter 1 what philosophy of education is chapter 2 and what the ultimate goal of education is chapter 3 Additionally this book provides a never before Christian overview of twelve philosophies of education chapters 4-15 Each of those chapters provides an introduction of a particular philosophy of education and some of that philosophy's exemplars Each of those chapters also contributes a constructive Christian critique Chapter 16 highlights a biblical philosophy of Christian education featuring some people some principles and some priorities for a biblical philosophy of Christian education viz pursuing excellence for the glory of God **Can a Scientist Believe in Miracles?** Ian

Hutchinson, 2018-09-11 Plasma physicist Ian Hutchinson has been asked hundreds of questions about faith and science Is God's existence a scientific question Is the Bible consistent with the modern scientific understanding of the universe Are there scientific reasons to believe in God In this comprehensive volume Hutchinson answers a full range of inquiries with sound scientific insights and measured Christian perspective **A Process Spirituality** Sheri D. Kling, 2020-07-08

American culture is in a state of critical fragmentation The author argues that we will solve neither the ecological crisis nor our social estrangement from each other until we transform our perception of life as embodied and interconnected and rediscover what is sacred through transformative lived experiences of wholeness Using an embodied theological framework supported by comparative hermeneutical and constructive methodologies A Process Spirituality synthesizes theoretical empirical and practical resources to construct a hopeful and holistic understanding of God the world and the self Interweaving Alfred North Whitehead's vision of a relational cosmos with Carl Gustav Jung's integrated relational psyche and a powerful spiritual praxis of dream work creates a generative matrix through which to perceive a God-world reality characterized by value relationality and transformation in which individuals matter belong and can experience positive change Such a Christian and transreligious vision of hope offers individuals the possibility and capacity to move from a state of fragmentation to one of psycho-spiritual wholeness and flourishing **Saving Truth** Abdu Murray, 2018-05-08

How can Christians defend truth and clarity to a world that rejects both Increasingly Western culture embraces confusion as a virtue and decries certainty as a sin Those who are confused about sexuality and identity are viewed as heroes Those who are confused about morality are progressive pioneers Those who are confused about spirituality are praised as tolerant Conversely those who express certainty about any of these issues are seen as bigoted oppressive arrogant or intolerant This cultural phenomenon led the compilers of the Oxford English Dictionary to name post truth their word of the year in 2016 Its popularity and relevance has

only increased since then By accurately describing the Culture of Confusion and how it has affected our society author Abdu Murray seeks to awaken Westerners to the plight we find ourselves in He also challenges Christians to consider how they have played a part in fostering the Culture of Confusion through bad arguments unwise labeling and emotional attacks Ultimately Saving Truth provides arguments from a Christian perspective for the foundations of truth and how those foundations impart clarity to the biggest topics of human existence Freedom Human dignity Sexuality Gender and Identity Science and Faith Religious pluralism and Morality For those enmeshed in the culture of confusion Saving Truth offers a way to untangle oneself and find hope in the clarity that Christ offers **Love Thy Body** Nancy R. Pearcey, 2018-01-02 Why the call to Love Thy Body To counter a pervasive hostility toward the body and biology that drives today's headline stories Transgenderism Activists detach gender from biology Kids down to kindergarten are being taught their body is irrelevant to their authentic self Is this affirming or does it demean the body Homosexuality Advocates disconnect sexuality from biological identity as male or female Is this liberating or does it denigrate biology Abortion Supporters say the fetus is not a person though it is biologically human Does this mean equality for women or does it threaten the intrinsic value of all humans Euthanasia Those who lack certain cognitive abilities are said to be human but not persons Is this compassionate or does it ultimately put everyone at risk In Love Thy Body bestselling author Nancy Pearcey goes beyond politically correct slogans with a riveting exposé of the dehumanizing worldview that shapes current watershed moral issues arguing that a holistic Christian view sustains the dignity of the body and biology Throughout the book Pearcey entrances readers with compassionate stories of people wrestling with hard questions in their own lives their pain their struggles their triumphs

Human Growth and Development in Adults Parker, Jonathan, Ashencaen Crabtree, Sara, 2020-05-20 Uniquely wide ranging in its coverage of key concepts themes and issues relating to human growth and development in adults this textbook explores the crucial challenges and transitions that adults negotiate in their lives It examines key topics and issues within professional practice with adults and their families covering a wide range of practice areas and fusing essential theory and research with practical application Drawing on insights and debates from across sociology psychology criminology and aligned disciplines this textbook is thoughtfully structured to provide an accessible and supportive resource Key features include chapter by chapter summaries case studies and practice examples active learning activities to consolidate knowledge a broad range of tools to develop critical thinking and reflective practice With a companion volume that addresses children and young people this is an essential tool for students and a valuable refresher resource for experienced practitioners
