The Greatness of God Charles Frank Thompson, 2016-02-08 With each passing day our world seems to drift further and further away from the God of the Bible divine creation and Christian belief This societal shift toward postmodernism and secularism is not a new development however the expanding and intensifying revolt against the biblical God and Christianity traces its roots back to the modern philosophies of the Enlightenment and Romanticism which have given rise to many divergent views during the past three centuries and become even more extreme in recent postmodernism The Greatness of God How God Is the Foundation of All Reality Truth Love Goodness Beauty and Purpose stands as an intellectual counterweight to the prevailing winds of a secular postmodern world Author Charles Frank Thompson argues that the consequences of this rejection of God and divine creation have not been benign He traces the modern revolution in detail and describes its deleterious consequences including the loss of the ultimate basis for universal truth knowledge meaning and purpose In The Greatness of God Thompson explores a wide range of topics including Christian theology metaphysical philosophy and an analysis of modern thought and art He examines the rich history of Christian poetry prose and art and takes a look at recent scientific discoveries that help us understand Christian teachings about God s creation He concludes with an exploration of the millennium the eternal kingdom of God and the spiritual state of America and Europe today

100 Years of Middle East Conflict - Honorable Peace Gottfried

Hutter,2019-02-23 Only mutual compassion can bring reconciliation and lasting peace to the Middle East This conflict is about far more than just land The honor of Muslims was grossly violated when Israel was implanted next to one of the holiest sites of Islam al Haram ash Sharif in Jerusalem which in turn occupies the site of the former Jewish Temple For thirteen hundred years Jews had been able to live mostly in peace in the Muslim world because they subordinated themselves under the rule of Islam They could even attain high positions serving Caliphs With a State of their own this was no longer an option Under such changed conditions how could there be an honorable peace Only if Muslims recollect Surat 5 48 in the holy Koran which commands a competition in virtue among the religions of the book Jews can contribute by showing awareness of how shocking their sudden takeover of part of the land must have felt for the community of all Muslims and concurrently by pleading for understanding of the deadly threat that left Jewish survivors no choice when in 1947 the UN declared the partition of Palestine Even more important the very name Israel itself sprang up in the solution of an archetypal biblical conflict between brothers one pregnant with meaning for today Christians too have their share They must contribute by helping restore one of the most fundamental values of all three religions descending from Abraham namely peace

Keys to the Apocalypse F. T. Chisholm,2007-06 He s no genius F T Chisholm insists in the opening chapter of this book yet in 1987 after hearing his pastor warn that God was taking the American economy and stock market for a dive before it actually happened he thought he heard echoes in Bible prophecy Planes had been falling out of the sky and the shuttle disaster had recently occurred Were America s wings being plucked Daniel s prophecy seemed to say so In four years his analysis was dramatically born out in the cooperation of the US and former Soviet Union a venture we are still completing today He maintains that the principle key to unlocking Bible prophecy is never found in great overbearing complexity but in a simple willingness to acknowledge what God is saying to us The reader will find that this is indeed the focus of his book being able to make simple use of prophetic keys Not only is that original eagle s wings interpretation found here but another gold mine as well unveiled in what he calls the 31 2 clocks a powerful link to Daniel s seventy weeks prophecy centering around the return of the nation of Israel to her land These clocks then open the way to a serious warning given by Jesus in His parable of the ten virgins Open this book prayerfully as you discover the danger and hope past midnight when making use of these keys to the apocalypse Chisholm and his wife live in upstate New York where he continues research and writing prayerfully exposing critical keys to America s destiny with their consequence in current fads and trends The time has come to share these vital truths with the body of Christ at large There is not a moment to lose
