*The Life and Letters of William Sharp and "Fiona Macleod". Volume 1: 1855-1894* William F. Halloran, 2018-11-27 William Sharp 1855 1905 conducted one of the most audacious literary deceptions of his or any time Sharp was a Scottish poet novelist biographer and editor who in 1893 began to write critically and commercially successful books under the name Fiona Macleod This was far more than just a pseudonym he corresponded as Macleod enlisting his sister to provide the handwriting and address and for more than a decade Fiona Macleod duped not only the general public but such literary luminaries as William Butler Yeats and in America E C Stedman Sharp wrote I feel another self within me now more than ever it is as if I were possessed by a spirit who must speak out This three volume collection brings together Sharp s own correspondence a fascinating trove in its own right by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti Walter Pater and George Meredith and the Fiona Macleod letters which bring to life Sharp s intriguing second self With an introduction and detailed notes by William F Halloran this richly rewarding collection offers a wonderful insight into the literary landscape of the time while also investigating a strange and underappreciated phenomenon of late nineteenth century English literature It is essential for scholars of the period and it is an illuminating read for anyone

 This book places Bird s visit to Japan in the context of her worldwide life of travel and gives an introduction to the woman  
 herself Supported by detailed maps it also offers a highly illuminating view of Japan and its people in the early years of the  
 New Japan following the Meiji Restoration of 1868 as well as providing a valuable new critique on what is often considered as

Bird's most important work The central focus of the book is a detailed exploration of Bird's journeys and the careful planning that went into them with the support of the British Minister Sir Harry Parkes seen as the prime mover who facilitated her extensive travels through his negotiations with the Japanese authorities Furthermore the author dismisses the widely held notion that Bird ventured into the field on her own revealing instead the crucial part played by Ito her young servant interpreter without whose constant presence she would have achieved nothing Written by Japan's leading scholar on Isabella Bird the book also addresses the vexed question of the hitherto universally held view that her travels in Japan in 1878 only involved the northern part of Honshu and Hokkaido This mistaken impression the author argues derives from the fact that the abridged editions of Unbeaten Tracks in Japan that appeared after the 1880 two volume original work entirely omit her visit to the Kansai which took in Osaka Kyoto Kobe and the Ise Shrines Bird herself tells us that she wrote her book in the form of letters to her sister Henrietta but here the author proposes the intriguing theory that these letters were never actually sent Many well known figures Japanese and foreign are introduced as having influenced Bird's journey indirectly and this forms a fascinating sub text
