Talk Show Campaigns Michael Parkin, 2014-02-05 Over the past twenty years presidential candidates have developed an entertainment talk show strategy in which they routinely chat with the likes of Oprah Winfrey David Letterman and Jon Stewart In fact between 1992 and 2012 there have been more

than 200 candidate interviews on daytime and late night talk shows with nearly every presidential candidate from long shot primary contender to major party nominee hitting the talk show circuit at some point during the campaign This book explores the development of the entertainment talk show strategy and assesses its impact on presidential campaigns The chapters mix detailed narrative with extensive empirical data on audiences content viewer reaction and press coverage to explain why candidates have embraced this strategy and the conditions under which these interviews are most likely to meet their expectations The book also explores how these interviews can enhance campaigns by connecting a critical segment of the voting population with candidates who provide useful political information in a casual setting Talk Show Campaigns shows that this is more than a gimmick it s a key part of how candidates communicate with voters which reveals a lot about how campaigns have changed over the past two decades

No Democracy Lasts Forever Erwin Chemerinsky, 2024-08-20 A groundbreaking work from one of America's leading legal scholars *No Democracy Lasts Forever* audaciously asserts that the only way a polarized America can avoid secession is to draft a new Constitution The Constitution has become a threat to American democracy Due to its inherent flaws its treatment of race dependence on a tainted Electoral College a glaringly unrepresentative Senate and the outsized influence of the Supreme Court Erwin Chemerinsky the dean of Berkeley Law School and one of our foremost legal scholars has come to the sobering conclusion that our nearly 250 year old founding document can no longer hold Much might be fixed by Congress or the Supreme Court but they seem unlikely to do so One might logically conclude that amending the Constitution would solve the problem yet logic seldom takes precedent given that only fifteen of the 11 848 amendments proposed since 1789 have passed Chemerinsky contends that without major changes the Constitution is beyond redemption in that it has created a government that can no longer deal with the urgent issues such as climate change and wealth inequalities that threaten our nation and the world Yet political Armageddon can still be avoided Chemerinsky writes if a new constitutional convention is empowered to replace the Constitution of 1787 Just as the Founding Fathers replaced the faulty Articles of Confederation that same year we must *No Democracy Lasts Forever* argues rewrite the entire Constitution from start to finish Still Chemerinsky goes further than that suggesting that without serious changes Americans may be on the path to various forms of secession based on a recognition that what divides us as a country is in fact greater than what unites us *No Democracy Lasts Forever* asserts with exceptional clarity that if the problems with the Constitution are not fixed we are ineluctably heading toward a crisis where secession is indeed possible and where it will be necessary to think carefully about how to preserve the United States as a world power in a very different form of government Despite these troubles Chemerinsky remains hopeful revealing how the past offers hope that change can happen The United States has been through enormously challenging and divisive times before with a civil war and the Great Depression and Chemerinsky ultimately shows that it may still be possible to cure the defects and save American democracy at the same time
