Motherhood on Ice Marcia C. Inhorn, 2025-05-06 Answers the question Why are women freezing their eggs Why are women freezing their eggs in record numbers *Motherhood on Ice* explores this question by drawing on the stories of more than 150 women who pursued fertility preservation technology Moving between narratives of pain and empowerment these nuanced personal stories reveal the complexity of women's lives as they struggle to preserve and extend their fertility Contrary to popular belief egg freezing is rarely about women postponing fertility for the sake of their careers Rather the most educated women are increasingly forced to delay childbearing because they face a mating gap a lack of eligible educated equal partners ready for marriage and parenthood For these women egg freezing is a reproductive backstop a technological attempt to bridge the gap while waiting for the right partner But it is not an easy choice for most Their stories reveal the extent to which it is logistically complicated physically taxing financially demanding emotionally draining and uncertain in its effects In this powerful book women share their reflections on their clinical encounters as well as the immense hopes and investments they place in this high tech fertility preservation strategy Race religion and the role of men in the lives of single women pursuing this technology are also explored A distinctly human portrait of an understudied and rapidly growing population *Motherhood on Ice* examines what is at stake for women who take comfort in their frozen eggs while embarking on their quests for partnership pregnancy and parenting

Living the Life Unexpected Jody Day, 2016-02-25 The book to recommend to patients when they face coming to terms with unavoidable childlessness *British Medical Journal* In *Living the Life Unexpected* Jody Day addresses the experience of involuntary childlessness and provides a powerful practical guide to help those negotiating a future without children come to terms with their grief a grief that is only

just beginning to be recognized by society This friendly practical humorous and honest guide from one of the world s most respected names in childless support offers compassion and understanding and shows how it s possible to move towards a creative happy meaningful and fulfilling future even if it s not the one you had planned Millions of people are now living a life without children almost double that of a generation ago and the numbers are rising still Although some are childfree by choice many others are childless due to infertility or circumstance and are struggling to come to terms with their uncertain future Although most people think that those without children either couldn t or didn t want to be parents the truth is much more complex Jody Day was forty four when she realized that her quest to be a mother was at an end She presumed that she was through the toughest part but over the next couple of years she was hit by waves of grief despair and isolation Eventually she found her way and in 2011 created Gateway Women the global friendship and support network for childless women which has now helped almost two million people worldwide This edition previously titled Rocking the Life Unexpected has been extensively revised and updated with significant additional content and case studies from forty involuntarily childless people mostly women from around the world [Single](#) Nicola Slawson,2025-02-11 An empowering comforting and honest exploration of single life in all its facets In her thirties and single journalist Nicola Slawson was sick of reading narratives about how all single women must be miserable and desperate She wanted stories that reflected her experience so she started The Single Supplement a newsletter for single women that didn t patronize them or assume that their only goal in life was finding a partner The newsletter immediately took off gaining thousands of followers and winning awards and features Now Slawson is ready to cement everything she s learned into a book Using her personal experiences along with insights gleaned from years of interviews Slawson offers us an open witty and warmhearted exploration of single life taking an honest look at its challenges but just as keenly celebrating its joys She writes about feeling left behind and navigating friendships as people get married and have children managing personal finances career ambition and self reliance deciding whether or not to be a single mother dealing with the shame and stigma of being single embracing the freedom and happiness that can be found in being single and so much more A vibrant life is within reach for all of us with or without a partner Whether you are single long term recently keen not to be happy to be considering becoming voluntarily involuntarily and so on Single is an optimistic companion providing comfort hope and understanding to anyone who reads it It is a reminder that you are not alone you have what it takes to handle life s challenges and you deserve to squeeze as much joy as you can out of your life right now instead of feeling like you re waiting for it to start [Text Me When You Get Home](#) Kayleen Schaefer,2019-02-05 Text Me has the thrills and laughs of a romantic comedy but with an inverted message There just isn t only one love story in our lives Schaefer writes If you re lucky friends will be the protagonists in these multiple love stories It s high time that we start seeing it that way NPR org A personal and sociological examination and ultimately a celebration of the evolution of female friendship in pop culture and modern society For too long women have been told that

we are terrible at being friends that we can't help being cruel or competitive or that we inevitably abandon each other for romantic partners. But we are rejecting those stereotypes and reclaiming the power of female friendship. In *Text Me When You Get Home*, journalist Kayleen Schaefer interviews more than one hundred women about their BFFs, soulmates, girl gangs, and queens while tracing this cultural shift through the lens of pop culture. Our love for each other is reflected in Abbi and Ilana Issa and Molly Squadgoals, the acclaim of *Girls Trip* and *Big Little Lies*, and Galentine's Day. Schaefer also includes her own history of grappling with a world that told her to rely on men before she realized that her true source of support came from a strong tribe of women. Her personal narrative and celebration of her own relationships weaves throughout the evolution of female friendship on screen, a serious look at how women have come to value one another and our relationships. *Text Me When You Get Home* is a validation that has never existed before. A thoughtful heart-soaring, deeply reported look at how women are taking a stand for their friendships and not letting go. [Being Single, with Cancer](#) Tracy

Maxwell, 2014-08-11 Filled with practical tips, resources, and personal stories, an empowering and candid guide to dealing with cancer as a single person. Diagnosed with a rare form of ovarian cancer seven years ago, Tracy Maxwell understands the unique swirl of hopes and fears, insecurities and triumphs of a single person with cancer. In *Being Single with Cancer*, she combines her experience, other survivors' personal stories, results of a survey of over 100 survivors, and advice from experts to help you navigate through each stage of your journey from diagnosis through treatment and beyond. Maxwell shows you how to get the support you need, be your own advocate, manage the emotional impacts including loneliness, stress, and negative thinking, address dating, sex, relationship, and fertility issues, and much more. With honesty, humor, and hope, *Being Single with Cancer* is a valuable reminder that you may be single, but you are not alone. **The Red Zone** Chloe Caldwell, 2022-04-19 A

searching, galvanizing memoir about blood and love, how learning more about her period, PMS, PMDD, and the effects of hormones on moods transformed her relationships to a new partner, to family, to non-blood kin, and to her own body. From the beloved essayist and author of *Women*, Chloe Caldwell's period has often felt inconvenient, uncomfortable, or even painful. It's only once she's in her thirties, as she's falling in love with Tony, a musician and single dad, that its effects on her mood start to dominate her life. Spurred by the intensity and seriousness of her new relationship, it strikes her: her outbursts of anxiety and rage match her hormonal cycle. Compelled to understand the truth of what's happening to her, Chloe documents attitudes toward menstruation among her peers and family, reads Reddit threads about PMS, attends a conference called Break the Cycle, and learns about premenstrual dysphoric disorder (PMDD), which helps her name what she's been going through. For Chloe, healing isn't about finding a single cure. It means reflecting on underlying patterns in her life, her feelings about her queer identity, and writing persona in the context of a heterosexual relationship, how her parents' divorce contributed to her issues with trust, and what it means to blend a family. *The Red Zone* is a candid, revelatory memoir for anyone grappling with controversial medical diagnoses and labels of all kinds. It's about coming to terms with the fact that, along with proper

treatment self acceptance self compassion and transcending shame are the ultimate keys to relief It s also about love how challenging it can be how it reveals your weaknesses and wounds and how if you allow it it will push you to grow and change

Waithood Marcia C. Inhorn,Nancy J. Smith-Hefner,2020-12-09 The concept of Waithood was developed by political scientist Diane Singerman to describe the expanding period of time between adolescence and full adulthood as young people wait to secure steady employment and marry The contributors to this volume employ the waithood concept as a frame for richly detailed ethnographic studies of youth in waiting from a variety of world areas including the Middle East Africa Asia Europe Latin America and the U S revealing that whether voluntary or involuntary the phenomenon of youth waithood necessitates a recognition of new gender and family roles

Intimacy on the Internet Lauren Rosewarne,2016-04-14 The focus of this book is on the media representations of the use of the Internet in seeking intimate connections be it a committed relationship a hook up or a community in which to dabble in fringe sexual practices Popular culture film narrative television the news media and advertising present two very distinct pictures of the use of the Internet as related to intimacy From news reports about victims of online dating to the presentation of the desperate and dateless the perverts and the deviants a distinct frame for the intimacy Internet connection is negativity In some examples however a changing picture is emerging The ubiquitousness of Internet use today has meant a slow increase in comparatively more positive representations of successful online romances in the news resulting in more positive spin advertising and a more even handed presence of such liaisons in narrative television and film Both the positive and the negative media representations are categorised and analysed in this book to explore what they reveal about the intersection of gender sexuality technology and the changing mores regarding intimacy

The Last Bookshop Emma Young,2021-03-02 A book for book lovers The Last Bookshop is a uplifting novel that reminds us never to underestimate the power of people who love books Cait is a bookshop owner and book nerd whose social life revolves around her mobile bookselling service hand picking titles for elderly clients particularly the grandmotherly June After a tough decade for retail Book Fiend is the last bookshop in the CBD and the last independent retailer on a street given over to high end labels Profits are small but clients are loyal When James breezes into Book Fiend Cait realises life might hold more than her shop and her cat but while the new romance distracts her luxury chain stores are circling Book Fiend s prime location and a more personal tragedy is looming

Clinical Management of Infertility Joseph G. Schenker,Andrea R. Genazzani,John J. Sciarra,Liselotte Mettler,Martin H.
