**Marisa Hayes**

## **J Horror The Definitive Guide To The Ring The Grudge And Beyond:**

**J-Horror** David Kalat,2007-02-27 Navigating the numerous versions released in the U S and Japan of The Ring The Grudge Tomie and other films and sorting out the finest output of legends like Takashi Miike is an intimidating task J Horror breaks down each and every franchise from the narrative to the talent behind the screen and other trivia for a greater understanding and appreciation of the genre Learn about the influence Japanese folklore and ghost stories had on J Horror and the influence of J Horror on American cinema Just don t forget your copy on the way to the video store [Pandemonium](#) and [Parade](#) Michael Dylan Foster,2009 Monsters known as y kai have long haunted the Japanese cultural landscape This history of the strange and mysterious in Japan seeks out these creatures in folklore encyclopedias literature art science games manga magazines and movies exploring their meanings in the Japanese imagination over three centuries **The Scary Screen** Kristen Lacefield,2016-02-17 In 1991 the publication of Koji Suzuki s Ring the first novel of a bestselling trilogy inaugurated a tremendous outpouring of cultural production in Japan Korea and the United States Just as the subject of the book is the deadly viral reproduction of a VHS tape so too is the vast proliferation of text and cinematic productions suggestive of an airborne contagion with a life of its own Analyzing the extraordinary trans cultural popularity of the Ring phenomenon The Scary Screen locates much of its power in the ways in which the books and films astutely graft contemporary cultural preoccupations onto the generic elements of the ghost story in particular the Japanese ghost story At the same time the contributors demonstrate these cultural concerns are themselves underwritten by a range of anxieties triggered by the advent of new communications and media technologies perhaps most significantly the shift from analog to digital Mimicking the phenomenon it seeks to understand the collection s power comes from its commitment to the full range of Ring related output and its embrace of a wide variety of interpretive approaches as the contributors chart the mutations of the Ring narrative from author to author from medium to medium and from Japan to Korea to the United States **Horror Video Games** Bernard Perron,2014-01-10 In this in depth critical and theoretical analysis of the horror genre in video games 14 essays explore the cultural underpinnings of horror s allure for gamers and the evolution of survival themes The techniques and story effects of specific games such as Resident Evil Call of Cthulhu and Silent Hill are examined individually

**Japanese Horror and the Transnational Cinema of Sensations** Steven T. Brown,2018-02-05 Japanese Horror and the Transnational Cinema of Sensations undertakes a critical reassessment of Japanese horror cinema by attending to its intermediality and transnational hybridity in relation to world horror cinema Neither a conventional film history nor a thematic survey of Japanese horror cinema this study offers a transnational analysis of selected films from new angles that shed light on previously ignored aspects of the genre including sound design framing techniques and lighting as well as the slow attack and long release times of J horror s slow burn style which have contributed significantly to the development of its dread filled cinema of sensations **Japanese Horror Culture** Fernando Gabriel Pagnoni Berns,Subashish

Bhattacharjee, Ananya Saha, 2021-11-17 Contemporary Japanese horror is deeply rooted in the folklore of its culture with fairy tales like ghost stories embedded deeply into the social cultural and religious fabric Ever since the emergence of the J horror phenomenon in the late 1990s with the opening and critical success of films such as Hideo Nakata's *The Ring* (1998) or Takashi Miike's *Audition* (1999) Japanese horror has been a staple of both film studies and Western culture Scholars and fans alike throughout the world have been keen to observe and analyze the popularity and roots of the phenomenon that took the horror scene by storm producing a corpus of cultural artefacts that still resonate today Further Japanese horror is symptomatic of its social and cultural context celebrating the fantastic through female ghosts mutated lizards posthuman bodies and other figures Encompassing a range of genres and media including cinema manga video games and anime this book investigates and analyzes Japanese horror in relation with trauma studies including the figure of Godzilla the non human via grotesque bodies and hybridity with Western narratives including the linkages with Hollywood thus illuminating overlooked aspects of this cultural phenomenon

**Monstrous Beings and Media Cultures** Jessica Balanzategui, Allison Craven, 2025-10-01 *Monstrous Beings and Media Cultures* examines the monsters and sinister creatures that spawn from folk horror Gothic fiction and from various sectors of media cultures The collection illuminates how folk monsters form across different art and media traditions and interrogates the 21C revitalization of folk as both a cultural formation and aesthetic mode The essays explore how combinations of vernacular and institutional creative processes shape the folkloric and or folkloresque attributes of monstrous beings their popularity and the contexts in which they are received While it focuses on 21C permutations of folk monstrosity the collection is transhistorical in approach featuring chapters that focus on contemporary folk monsters historical antecedents and the pre C21st art and media traditions that shaped enduring monstrous beings The collection also illuminates how folk monsters and folk horror travel across cultures media and time periods and how iconic monsters are tethered to yet repeatedly become unanchored from material and regional contexts

**The Migration and Politics of Monsters in Latin American Cinema** Gabriel Eljaiek-Rodríguez, 2018-09-26 *The Migration and Politics of Monsters in Latin America* proposes a cinematic cartography of contemporary Latin American horror films that take up the idea of the American continent as a space of radical otherness or monstrosity and use it for political purposes The book explores how Latin American film directors migrate foreign horror tropes to create cinematographic horror hybrids that reclaim and transform monstrosity as a form of historical rewriting By emphasizing the specificities of the Latin American experience this book contributes to broad scholarship on horror cinema at the same time connecting the horror tradition with contemporary discussions on violence migration fear of immigrants and the rewriting of colonial discourses

**A Critical History and Filmography of Toho's Godzilla Series, 2d ed.** David Kalat, 2017-11-03 This thoroughly updated and revised critical account of the Godzilla movie franchise explores the fascinating story behind Japan's most famous movie monster and its development from black and white arthouse allegory to international commercial

juggernaut Reviled by critics but boasting a dedicated cult following the films of the Godzilla franchise provide a unique window into the national identities of both Japan and the United States This work focuses on how differences in American and Japanese culture as well as differences in their respective film industries underlie the discrepancies between the American and Japanese versions of the films It features detailed filmographic data for both the American and Japanese versions of each film including plot synopses cast credits and detailed production notes **Ju-On: The Grudge** Marisa Hayes,2017-04-04 Takashi Shimizu s Ju on franchise was a principal instigator in the rise of contemporary Japanese horror and its international popularity at the turn of the millennium Following the success of Hideo Nakata s Ringu 1998 the first cinematic release of Ju on The Grudge in 2002 crystallized Japanese horror s rise to prominence and outlined the new decade s thematic interest in supernatural technology and fear of contagions while skillfully navigating domestic social concerns such as Japan s growing elderly population and domestic violence This Devil s Advocate explores the production roots of Ju on The Grudge followed by a critical reading of the film that highlights its essential themes and motifs in addition to a section on cultural influences before concluding with a section on Shimizu s continued involvement with the Ju on franchise and its ongoing legacy The book serves as an excellent primer for readers without prior knowledge of Japanese horror or the Ju on film cycle while providing fresh perspectives on the film that makes it equally appealing to J horror aficionados

**Streaming Horrors** Sotiris Petridis,2025-07-17 Audiovisual content has transformed significantly with technological advancements and the rise of new media In addition to revitalizing older works by making them accessible to a broader audience streaming platforms also create exclusive original content designed specifically for online consumption This is especially evident in horror films and television new methods of narration and storytelling have enhanced the genre and streaming has made it more widely available than before This collection of essays examines audiovisual horror s adaptation to the features and audience of the digital era The essays focus on the various effects of new media in the audiovisual landscape with regard to institutions audiences and content The horror genre has undergone a rapid evolution and reinvention as technology has shaped both the narratives and the ways in which consumers interact with on screen content

Ghost in the Well Michael Crandol,2021-05-20 Ghost in the Well is the first study to provide a full history of the horror genre in Japanese cinema from the silent era to Classical period movies such as Nakagawa Nobuo s Tokaido Yotsuya kaidan 1959 to the contemporary global popularity of J horror pictures like the Ring and Ju on franchises Michael Crandol draws on a wide range of Japanese language sources including magazines posters and interviews with directors such as Kurosawa Kiyoshi to consider the development of kaiki eiga the Japanese phrase meaning weird or bizarre films that most closely corresponds to Western understandings of horror He traces the origins of kaika eiga in Japanese kabuki theatre and traditions of the monstrous feminine showing how these traditional forms were combined with the style and conventions of Hollywood horror to produce an aesthetic that was both transnational and peculiarly Japanese Ghost in the Well sheds new

light on one of Japanese cinema's best known genres while also serving as a fascinating case study of how popular film genres are reimagined across cultural divides **Little Horrors** T.S. Kord, 2016-07-25 Zombies, werewolves and chainsaw-wielding maniacs are tried and true staples of horror films. But none can match the visceral dread evoked by a child with an innocent face and a diabolical stare. Cinema's evil children attack our cherished ideas of innocence and our innocent bystander status as the audience. A good horror film is a scary ride; a devil child movie is a guilt trip. This book examines 24 international films with discussions of another 100 that in effect indict viewers for crimes of child abuse and abandonment, greed, social and ecological negligence, and political and war crimes, and for persistent denial of responsibility for them all. For 75 years, evil children have ritually rebuked audiences and, in playing on our guilt, established a horror subgenre that might be described as a blood-spattered rampage on an ethical mission **The Year's Best Fantasy and Horror 2008** Kelly Link, 2008-09-30 Collects fantasy horror, fairy tales, and gothic stories chosen from the past year, including works by Ursula K. LeGuin, Neil Gaiman, and Bill Lewis ***Reading the Bible with Horror*** Brandon R. Grafius, 2019-10-25 In *Reading the Bible with Horror*, Brandon R. Grafius takes the reader on a whirlwind tour through the dark corners of the Hebrew Bible. Along the way, he stops to place the monstrous Leviathan in conversation with contemporary monster theory, uses Derrida to help explore the ghosts that haunt the biblical landscape, and reads the House of David as a haunted house. Conversations arise between unexpected sources, such as the Pentateuch's legal texts dealing with female sexuality and *Carrie*. Throughout the book, Grafius asks how the Hebrew Bible can be both sacred text and tome of fright, and he explores the numerous ways in which the worlds of religion and horror share uncomfortable spaces **The Ethics of Horror** Michael J. Burke, 2024-03-06 *The Ethics of Horror: Spectral Alterity in Twenty-First Century Horror Film* examines the theme of spectral haunting in contemporary American horror cinema through the lens of ethical responsibility. Arguing that moral obligation can manifest as terror to the complacent self, the text extracts this dimension of ethics in twenty-first-century horror films. Drawing on the ethical theories of Emmanuel Levinas and Jacques Derrida, which posit the asymmetrical obligation of the self to the other, Michael Burke highlights how recent horror films portray spectral antagonists as ethical others that hound protagonists and summon them to an accountability that they can neither evade nor ever completely fulfill. Burke observes the resulting destabilization of notions of ethical responsibility and justice in a variety of contemporary horror subgenres, including technohorror, haunted house, and zombie films **The 1990s Teen Horror Cycle** Alexandra West, 2018-06-05 Many critics and fans refer to the 1990s as the decade that horror forgot, with few notable entries in the genre. Yet horror went mainstream in the 90s by speaking to the anxieties of American youth during one of the country's most prosperous eras. No longer were films made on low budgets and dependent on devotees for success. Horror found its way onto magazine covers, fashion ads, and CD soundtrack covers. Girl power, feminism, and a growing distaste for consumerism defined an audience that both embraced and rejected the commercial appeal of these films. This in-depth study examines the youth subculture and politics

of the era focusing on such films as *Buffy the Vampire Slayer* 1992 *Scream* 1996 *I Know What You Did Last Summer* 1997 *Idle Hands* 1999 and *Cherry Falls* 2000

**Horror Comics and Religion** Brandon R. Grafius, 2024-12-02 While many genres offer the potential for theological reflection and exploration of religious issues the nature of horror provides unique ways to wrestle with these questions Since EC Comics of the 1950s horror comics have performed theological work in ways that are sometimes obvious sometimes subtle but frequently surprising and provocative This collection brings together essays covering the history of horror comics from the 1950s to the present with a focus on their engagement with religious and theological issues Essays explore topics such as the morality of EC Comics cosmic indifference in the works of Junji Ito the reincarnated demons of the web comic *The Devil is a Handsome Man* religion and racial horror in comic voodoo and much more

The Oxford Handbook of Japanese Cinema Daisuke Miyao, 2014 The reality of transnational innovation and dissemination of new technologies including digital media has yet to make a dent in the deep seated culturalism that insists on reinscribing a divide between the West and Japan The Oxford Handbook of Japanese Cinema aims to counter this trend toward dichotomizing the West and Japan and to challenge the pervasive culturalism of today's film and media studies Featuring twenty essays each authored by a leading researcher in the field this volume addresses productive debates about where Japanese cinema is and where Japanese cinema is going at the period of crisis of national boundary under globalization It reevaluates the position of Japanese cinema within the discipline of cinema and media studies and beyond and situates Japanese cinema within the broader fields of transnational film history Likewise it examines the materiality of Japanese cinema scrutinizes cinema's relationship to other media and identifies the specific practices of film production and reception As a whole the volume fosters a dialogue between Japanese scholars of Japanese cinema film scholars of Japanese cinema based in Anglo American and European countries film scholars of non Japanese cinema film archivists film critics and filmmakers familiar with film scholarship A comprehensive volume that grasps Japanese cinema under the rubric of the global and also fills the gap between Japanese and non Japanese film studies and between theories and practices The Oxford Handbook of Japanese Cinema challenges and responds to the major developments underfoot in this rapidly changing field

**Handbook of Spiritualism and Channeling** , 2015-03-31 Bringing together scholars from different disciplines and geographies the Brill Handbook of Spiritualism and Channeling presents modern spirit possession in a variety of contexts Weaving together the interrelated movements of Spiritualism along with its specific Franco and Latin American currents articles explore the nineteenth century beginnings of sances and trance mediumship Channelling an heir to Spiritualism begun in the 1970s and still flourishing today is brought into direct conversation with its predecessors with a view to showing both continuity and disjuncture as the products of new cultural and religious needs The Brill Handbook marks the first extensive collection on these two interrelated movements and examines themes such as gender race performance and technology in each instance
