Jacques-Louis David Jacques Louis David, 2006 Well known specialists in art history gender studies French literature and aesthetics address a wide range of issues and problems pertaining to the intersection of art and culture that have profound implications for artistic and historical developments in late eighteenth and early nineteenth century France and Europe The essays present new historical archival and interpretative material from diverse methodological vantage points in clear and lucid prose that makes the volume particularly accessible to a broader public interested in learning more about the artist and his time The text is complemented by seventeen black and white plates and fifty five figures Jacket *Jacques-Louis David* Dorothy Johnson, 1997 Jacques Louis David s brilliant painting of the young lovers Telemachus and Eucharis was created during the artist s last years when the defeat of Napoleon and the return of the monarchy in France forced him into exile in Brussels Several of his paintings from this period show his preoccupation with the psychology of love but none depicts the emotions of parting more tenderly than this painting from 1818 Dorothy Johnson discusses how David s political involvement affected his personal life and career taking him from history painter to revolutionary to living in exile The effects of these experiences came together at the end of his life in the creation of some of his richest and most complex works *Jacques Louis David: Radical Draftsman* Perrin Stein, Daniella Berman, Philippe Bordes, Mehdi Korchane, Louis-Antoine Prat, Juliette Trey, 2022-02-14 The first major exhibition catalogue to focus on Jacques Louis David s drawings and their pivotal role in the creation of his iconic history paintings The paintings of Jacques Louis David 1748 1825 are among the most iconic in the history of Western art but comparatively little is known about his nearly two thousand drawings that formed the basis of beloved masterpieces such as *The Oath of the Horatii* and *The Death of Socrates* Jacques Louis David *Radical Draftsman* accompanies the first major exhibition to focus on the artist s often yearslong process of trial and experimentation from initial idea to finished canvas Including several recently discovered drawings published here for the first time this volume

provides a new perspective on the celebrated master. Essays by international experts explore what David's preparatory works on paper reveal about his creative process and how they bear witness to the tumultuous years before, during, and after the French Revolution. As both a participant and an observer, David helped establish the new French society while documenting the drama, violence, and triumphs of modern history in the making.

French Paintings in The Metropolitan Museum of Art from the Early Eighteenth Century through the Revolution Katharine Baetjer, 2019-04-15 This publication catalogues The Met's remarkable collection of eighteenth-century French paintings in the context of the powerful institutions that governed the visual arts of the time: the Académie Royale de Peinture et de Sculpture, the Académie de France à Rome, and the Paris Salon. At the height of their authority during the eighteenth century, these institutions nurtured the talents of artists in all genres. The Met's collection encompasses stunning examples of work by leading artists of the period, including Antoine Watteau, Mezzetin, Jean-Simon Chardin, The Silver Tureen, François Boucher, The Toilette of Venus, Joseph Siffred Duplessis, Benjamin Franklin, Jean-Baptiste Greuze, Broken Eggs, Hubert Robert, the Bagatelle decorations, Jacques-Louis David, The Death of Socrates, the Van Blarenberghes, The Outer Port of Brest, and François Gérard. Charles-Maurice de Talleyrand-Périgord. In the book's introduction, author Katharine Baetjer provides a history of the Académie, its establishment, principles, and regulations, along with a discussion of the beginnings of public art discourse in France, taking us through the reforms unleashed by the Revolution. The consequent democratizing of the Salon brought about by radicals under the leadership of Jacques-Louis David encouraged the formation of new publics with new tastes in subject matter and genres. The catalogue features 126 paintings by 50 artists. Each section includes a short biography of the artist and in-depth discussions of individual paintings, incorporating the most up-to-date scholarship.

These notable works were collected over the past four decades, many of them with the Museum in mind; some were purchased by the Museum through the Wrightsman Fund. Highlights of the book include masterpieces by Vermeer, El Greco, Rubens, Van Dyck, Georges de La Tour, Jacques-Louis David, and Caspar David Friedrich, as well as numerous paintings by the eighteenth-century Venetian artists Canaletto, Guardi, and the Tiepolos, father and son, plus a dozen remarkable portrait drawings by Ingres.
