

"In this book, Pete takes you to the edge of a cliff. And just when most writers would pull you back, he pushes you off. But after your initial panic, you realize that your fall is a form of flying. And it's thrilling."

Insurrection To Believe Is Human To Doubt Divine:

Insurrection Peter Rollins, 2011-10-04 Presents a critique of contemporary Christianity arguing that it is more concerned with transforming the world instead of offering a way to interpret or escape it **Missional. Schneider, Xochitl Alvizo, 2022-03-01 Millennials and progressive Christians are continuing their work of creating alternative spaces for spiritual and religious expressions in North America The practices and beliefs of progressive Christian movements like the emerging church and millennials who tend toward spirituality over and against religion have been the targets of much criticism Yet millennials and progressive Christians continue to both curate spaces for self and collective expression while also engaging within contexts often critical or hostile This collection analyzes these movements from theological religious studies and social scientific perspectives to provide a more holistic view of what is taking shape in religious and spiritual trends and it ventures to project what may lie ahead for the progressive Christianity that is emerging and enduring **The Goldilocks God** Guy Collins, 2022-08-22 The Goldilocks God Searching for the via media explores the fertile middle ground between toxic Christianity and militant atheism Can Christianity be intellectually credible Why do our past failures and breakages offer comfort and hope How does the via media of Anglicanism offer tactics for dealing with contemporary challenges and uncertainties Whether exploring mystic Hildegard von Bingen strategic thinker Queen Elizabeth or theologians Jean Luc Marion and Sarah Coakley readers venture into a Trinitarian Goldilocks zone of faith hope and love Guy Collins makes a creative and heartfelt case for a spiritual thermodynamics of trial and error promise and glory Illuminating ancient Christian practice with cutting edge philosophy and theology he reveals the lifelong habits that are just right for encountering the mystery of God **A Survival Guide for Heretics** Aaron Van Voorhis, 2016-11-18 So

many people are leaving the church today because of its hypocrisy bigotry and intellectual dishonesty Such heretics find themselves in exile wondering if there is anything worth holding onto regarding Christianity and faith The answer is Yes but probably not in the way you think A Survival Guide for Heretics reveals that the scandalous heart of Christianity is about the death of religion and the resurrection of a new way of living in the world called the kingdom of God Drawing upon the fields of psychology philosophy and Radical Theology this book guides readers step by step through their own spiritual journeys and reveals how they got where they re at and how to move forward Along the way Aaron Van Voorhis addresses some of the hardest questions perplexing Christians today and offers some surprising answers As a pastor Aaron uses his personal story and the story of his church as examples of how Christianity might be embodied in the twenty first century Deeply informed by the work of Peter Rollins and John D Caputo among others A Survival Guide for Heretics is a very accessible and necessary book for anyone struggling with their faith

The End of Our Exploring Matthew Lee Anderson,2013-06-21 Do we know what it means to question well We need not fear questions but by the grace of God we have the safety and security to rush headlong into them and find ourselves better for it on the other side Faith isn t the sort of thing that will endure as long as our eyes are closed The opposite is the case Faith helps us see and that means not shrinking from the ambiguities and the difficulties that provoke our most profound questions In our embrace of questioning we must learn to question well In our uncertainty we must not give up the task of walking worthy of the calling that Christ has placed upon us For we have not yet reached the end of our exploring This book is written to aid you in faithfully questioning your foundations *You Can't Ask That!* Christian Piatt ,2020-10-06 Have you ever had a burning question that seemed off limits or inappropriate to ask about Christianity the Bible or Jesus You Can t Ask That gathers 50 of the most provocative challenging or otherwise taboo questions that many of us have wondered about but few have actually asked Edited by Christian Piatt who once had a bible thrown at his head for asking too many questions during a Sunday school class this collection considers nothing off limits and takes the hard questions seriously Responses from theology professors pastors lay leaders and other progressive Christians range from the personal to the profound and from sarcastic to deeply touching By offering multiple perspectives to those banned questions readers can craft their own answers Better yet they ll understand that questioning faith is not taboo it s the foundation of a strong and growing faith

The Deconstructed Church Gerardo Marti,Gladys Ganiel,2014 The Emerging Church Movement reacts against its roots in conservative evangelicalism by deconstructing contemporary Christianity Drawing on ethnographic observations from emerging congregations pub churches neo monastic communities conferences online networks and interviews in the US UK and Ireland Gerardo Marti and Gladys Ganiel provide a comprehensive social scientific analysis of the development and significance of the ECM

Radical Theology and Emerging Christianity Katharine Sarah Moody,2016-03-03 The theological turn in continental philosophy and the turn to Paul in political philosophy have occasioned a return to radical theology a tradition whose philosophical heritage can be traced to the death of God

announced in the work of Nietzsche and Hegel John D Caputo's deconstructive theology and Slavoj Žižek's materialist theology are two radical theologies that explore what it might mean to pass through the death of God and to abandon this experience as specifically Christian Radical Theology and Emerging Christianity demonstrates how these theologies are transforming everyday religious practices through an examination of the work of Peter Rollins and Kester Brewin two figures at the radical margins of a contemporary expression of Western religiosity called emerging Christianity The author uses her analysis of all four figures to argue that deconstructive practices can enable religious communities to become part of a wider materialist collective in which the death of God continues to resonate Pushing the methodological boundaries of philosophy of religion by examining religious practices as the site of philosophical signification the book challenges scholars and practitioners alike to a new and more demanding dialogue between theory and practice

Promising Nothing Neal J. Anthony, 2021-02-23 Can the categories of classical Lutheran Christology be unleashed to express the vitality of christological existence an existence situated between Promise and experience If as Martin Luther famously asserted in his Heidelberg Disputation 1518 true theology and recognition of God are in the crucified Christ then such a theological point of departure not only bore radical implications for his Christology but indeed also bears profound significance for theological discussions around the Word of Promise its structure its experience its plurality With regard to the elaboration of the two natures of Jesus Christ such a point of departure permits a delineation of Promise the body of Promise who is bound to who suffers the nihil of human existence Which means such a point of departure affords us equally the opportunity to consider and probe the implications of the nihil as the medium of both threat and Promise Is this a promising threat Or a threatening Promise Ultimately Promise is delineated from within hermeneutical origins the christological function of Scripture the text and developed through to its diverse expression as the body of Promise translated into christological existence Within this context categories of classical Lutheran Christology begin to express new vitality Along the way the Word of Promise as developed within the trajectory of Luther's theology of the cross and his radical delineation of the two natures of Jesus Christ receives further sharpening within the context of discussion with such theological voices as John Caputo and Jacques Derrida Hans Holbein the Younger Albert Schweitzer Matthias Gr newald Carl Braaten Karl Barth Michael Welker and Samuel Terrien Ultimately we are permitted to confess There is one Crucified And he is plural

Crossroads Robert J. A. Doornenbal, 2012

The Hyphenateds Phil Snider, 2011-12-12 Though the emergent church was once viewed as a fringe movement with little to offer established congregations it is now seen as one of the central driving forces shaping the future of postmodern Christianity in North America As an increasing number of mainline communities wonder how the emergent church influences their own structures and practices this book brings together the perspectives of several of the most prominent Hyphenated Christians i e those with one foot in the emergent conversation and the other foot in the mainline church Presbymergents Anglimergents Luthermergents Methomergents etc With a passion for both mainline traditions and the emergent

conversation Hyphenateds offer a vibrant and contagious vision of the ways in which the church might undergo the transformation necessary to faithfully embody the love of Christ in the midst of an ever changing postmodern world The contributors of this book offer wisdom from a variety of contexts and The Hyphenateds reflects the changing dynamics currently taking place in the emergent conversation Cultivating an Evangelistic Character Christopher James Schoon,2018-04-24 This project explores the relationship between worship discipleship and evangelism within the missional church movement Engaging contributions from liturgical theology Christian ethics and post Christendom evangelism the book proposes a missional approach to worship that when integrated with a praxis oriented discipleship cultivates Jesus character among God s people Along the way the project attends to the Holy Spirit s transformative presence the liturgical rhythms of remembering and anticipating and the practices of hospitality and compassion In the end Cultivating an Evangelistic Character contends that the Spirit works through the integration of worship and discipleship to form God s people In other words God s people become evangelistic or as Newbigin said the hermeneutic of the gospel Missional Leadership Nelus Niemandt,2019-12-12 The purpose and aim of this book is to develop an appropriate leadership model for missional churches This implies a positioning of this book within the broader theology of mission and a consensus on the theology of the Missio Dei originating at the 1952 conference of the International Missionary Council in Willingen Germany In this approach to the theology of mission mission is understood as the work of the Trinitarian God and the church is privileged to participate in God s mission It is against this background that the growing consensus on missional ecclesiology challenges leadership models developed for a different time and a different kind of church with less or no emphasis on the missional character of the church The aim is to reflect theologically on the role of leadership in the missional church What kind of ideas about power authority and leadership are appropriate for a missional church New missional challenges demand new ideas about missional leadership Church organisation and leadership reflects a theological position there is a strong relation between ecclesiology and church organisation The nature of the church provides the framework to understand the character of the church What the church is determines what the church does The church organises what it does and agrees on rules that regulate ministries and organisation Issues such as the way the church organises and governs what it does and thus church leadership need to be answered against this background and understanding Church polity and organisation as well as leadership must reflect the identity calling life and order of the church This book therefore addresses life in the Trinity participation in the Missio Dei and contours of the missional church as the point of entry to develop leadership insights It contributes towards the development of an appropriate model of leadership for missional churches because although recent developments in the theology of mission comprehensively addressed the area of missional ecclesiology there is a gap in the development of a leadership model based on the concept of authority in the missional church **Theater as Liturgy in the Post-Christian Age** Matthew Yde,2024-05-03 This is the first book length study of one of the most talented

and exciting American playwrights working today Stephen Adly Guirgis has said that God is the starting point and the finish line of his work and this book identifies him as a playwright with a distinctly Christian sensibility who uses the technique of inculturation to translate the gospel for a secular audience Critics have noted that his plays are peopled with poor suffering minority figures but few have also noted that these figures bear a remarkable similarity to the dispossessed with whom Jesus identifies in Matthew 25 Beginning with his early play *Den of Thieves* and proceeding through each of his dramas this work examines Guirgis's plays within a biblical context While noting that Guirgis is a writer of the post Christian age who staunchly resists identification as a Christian playwright the book situates him within the tradition of the drama of ideas as a powerful writer employing a dialectical method to inculcate the New Testament ethos and transform the theater space into a place of sacrament

The Digital Cathedral Keith Anderson, 2015-05-01 Provides both practical and theological perspectives on using media appropriately and pastorally Rapid cultural and technological changes through the last two decades have changed the context for ministry The development of digital social media and advances in affordable mobile technologies have dramatically changed the way most people interact with others communicate organize and participate in communities The Digital Cathedral is a warm embrace of the rich traditions of Christianity especially the recovery of the pre modern sense of cathedral which encompassed the depth and breadth of daily life within the physical and imaginative landscape of the church It is for anyone who seeks to effectively minister in a digitally integrated world and who wishes to embody the networked relational and incarnational characteristics of that ministry

An Insurrectionist Manifesto Ward Blanton, Clayton Crockett, Jeffrey W. Robbins, Noëlle Vahanian, 2016-04-12 An Insurrectionist Manifesto contains four insurrectionary gospels based on Martin Heidegger's philosophical model of the fourfold earth and sky gods and mortals Challenging religious dogma and dominant philosophical theories they offer a cooperative world affirming political theology that promotes new life through not resurrection but insurrection The insurrection in these gospels unfolds as a series of miraculous yet worldly practices of vital affirmation Since these routines do not rely on fantasies of escape they engender intimate transformations of the self along the very coordinates from which they emerge Enacting a comparative and contagious postsecular sensibility these gospels draw on the work of Slavoj Žižek Giorgio Agamben Catherine Malabou François Laruelle Peter Sloterdijk and Gilles Deleuze yet rejuvenate scholarship in continental philosophy critical race theory the new materialisms speculative realism and nonphilosophy They think beyond the sovereign force of the one to initiate a radical politics after God

Word and Power Gareth W. D. Stewart, 2015-02-16 Historically the Reformed and Charismatic streams have seemed to be almost mutually exclusive In recent years this exclusivity has been being challenged by a new generation of Reformed thinkers This work aims at considering the contribution of John Wimber the late leader of the Vineyard Churches to contemporary theological reflection within the Reformed tradition Taking into account John Wimber's unique theology of the radical middle which is somewhere between Pentecostal and Evangelical this book asks whether

Wimber may be a possible alternative source for the contemporary Reformed Churches as they approach ministry and mission in the twenty first century Written from a confessional Presbyterian context in Northern Ireland Word and Power places Wimber in his theological context and asks whether Wimber's view of power evangelism discipleship formation and ministry training might be a model that Reformed Churches and Presbyterians in particular could adopt for their ecclesiology today

Taking Kierkegaard Back to Church Aaron P. Edwards, 2022-05-13

Søren Kierkegaard's vociferous attacks upon Christendom have hardly endeared him to the ecclesial establishment yet the church continues to dismiss his paradoxical voice at its peril This book moves beyond the ill conceived postmodern interpretations of Kierkegaard's thought by illuminating his ecclesiological value through a distinctly kerygmatic lens Kierkegaard's authorship demonstrated this mission in creative and arresting ways His sharp critiques of academic theologians and duplicitous pastors remain starkly relevant today Furthermore his fascinating reflections on inconsequential sermons biblical defamiliarity indirect communication pastoral correctivity street preaching revivalism and even church furniture further illustrate the ways he sought to reimpel the gospel to a Christendom poisoned church Hearing Kierkegaard's ecclesiological voice afresh we also see its surprising applicability to the post Christendom situation which may like to think it has moved on without him This book will intrigue anyone interested in the fundamental questions of what it means to hear or not to hear the gospel today if we dare to allow our ears to do so
