practices can be fruitfully adapted to a Christian context **Buddhist Philosophy** Steven M. Emmanuel, 2017-08-07 Buddhist Philosophy A Comparative Approach presents a series of readings that examine the prominent thinkers and texts of the Buddhist tradition in the round introducing contemporary readers to major theories and debates at the intersection of Buddhist and Western thought Takes a comparative rather than oppositional approach to Buddhist philosophy exploring key theories and debates at the intersection of Eastern and Western thought Addresses a variety of topics that represent important points of convergence between the Buddhist and Western philosophical traditions Features contributions from a wide array of acclaimed international scholars in the discipline Provides a much needed cross cultural treatment of Buddhist philosophy appropriate for undergraduate students and specialists alike **War and Religion** Jeffrey M. Shaw

Ph.D., Timothy J. Demy, 2017-03-27 This three volume reference provides a complete guide for readers investigating the crucial interplay between war and religion from ancient times until today enabling a deeper understanding of the role of religious wars across cultures Containing some 500 entries covering the interaction between war and religion from ancient times the three volume War and Religion An Encyclopedia of Faith and Conflict provides students with an invaluable reference source for examining two of the most important phenomena impacting society today This all inclusive reference work will serve readers researching specific religious traditions historical eras wars battles or influential individuals across all time periods The A Z entries document ancient events and movements such as the First Crusade that began at the end of the 10th century as well as modern day developments like ISIS and Al Qaeda Subtopics throughout the encyclopedia include religious and military leaders or other key people ideas and weapons and comprehensive examinations of each of the major religious traditions views on war and violence are presented The work also includes dozens of primary source documents each introduced by a headnote that enable readers to go directly to the source of information and better grasp its historical significance The in depth content of this set benefits high school and college students as well as scholars and general readers

Violence, Religion, Peacemaking Douglas Irvin-Erickson, Peter C. Phan, 2016-09-09 This volume explores how religious leaders can contribute to cultures of peace around the world The essays are written by leading and emerging scholars and practitioners who have lived taught or worked in the areas of conflict about which they write Connecting the theory and practice of religious peacebuilding to illuminate key challenges facing interreligious dialogue and interreligious peace work the volume is explicitly interreligious intercultural and global in perspective The chapters approach religion and peace from the vantage point of security studies sociology ethics ecology theology and philosophy A foreword by David Smock the Vice President of Governance Law and Society and Director of the Religion and Peacebuilding Center at the United States Institute of Peace outlines the current state of the field **Imperial-Way Zen** Christopher Ives, 2009-07-08 During the first half of the twentieth century Zen Buddhist leaders contributed actively to Japanese imperialism giving rise to what has been termed Imperial Way Zen Kodo Zen Its foremost critic was priest professor and activist Ichikawa Hakugen 1902 1986 who

spent the decades following Japan's surrender almost single handedly chronicling Zen's support of Japan's imperialist regime and pressing the issue of Buddhist war responsibility Ichikawa focused his critique on the Zen approach to religious liberation the political ramifications of Buddhist metaphysical constructs the traditional collaboration between Buddhism and governments in East Asia the philosophical system of Nishida Kitaro 1876 1945 and the vestiges of State Shinto in postwar Japan Despite the importance of Ichikawa's writings this volume is the first by any scholar to outline his critique In addition to detailing the actions and ideology of Imperial Way Zen and Ichikawa's ripostes to them Christopher Ives offers his own reflections on Buddhist ethics in light of the phenomenon He devotes chapters to outlining Buddhist nationalism from the 1868 Meiji Restoration to 1945 and summarizing Ichikawa's arguments about the causes of Imperial Way Zen After assessing Brian Victoria's claim that Imperial Way Zen was caused by the traditional connection between Zen and the samurai Ives presents his own argument that Imperial Way Zen can best be understood as a modern instance of Buddhism's traditional role as protector of the realm Turning to postwar Japan Ives examines the extent to which Zen leaders have reflected on their wartime political stances and started to construct a critical Zen social ethic Finally he considers the resources Zen might offer its contemporary leaders as they pursue what they themselves have identified as a pressing task ensuring that henceforth Zen will avoid becoming embroiled in international adventurism and instead dedicate itself to the promotion of peace and human rights Lucid and balanced in its methodology and well grounded in textual analysis Imperial Way Zen will attract scholars students and others interested in Buddhism ethics Zen practice and the cooptation of religion in the service of violence and imperialism

Religion and Science: The Basics Philip Clayton, 2018-09-20 Religion and science are arguably the two most powerful social forces in the world today But where religion and science were once held to be compatible many people now perceive them to be in conflict This unique book provides the best available introduction to the burning debates in this controversial field Examining the defining questions and controversies renowned expert Philip Clayton presents the arguments from both sides asking readers to decide for themselves where they stand science or religion or science and religion history and philosophy of science the role of scientific and religious ethics modifying genes extending life and experimenting with human subjects religion and the environmental crisis the future of science vs the future of religion Thoroughly updated throughout this second edition explores religious traditions from around the world and provides insights from across the sciences making this book essential reading for all those wishing to come to their own understanding of some of the most important debates of our day

A Critique of Anti-racism in Rhetoric and Composition Erec Smith, 2019-12-12 A Critique of Anti racism in Rhetoric and Composition The Semblance of Empowerment critiques current antiracist ideology in rhetoric and composition arguing that it inadvertently promotes a deficit model of empowerment for both students and scholars Erec Smith claims that empowerment theory which promotes individual communal and strategic efficacy is missing from most antiracist initiatives which instead often abide by what Smith refers to as a primacy of identity

an over reliance on identity particularly a victimized identity to establish ethos Scholars of rhetoric composition communication and critical race theory will find this book particularly useful

The Oxford Handbook of Refugee and Forced Migration Studies Elena Fiddian-Qasmiyeh, Gil Loescher, Katy Long, Nando Sigona, 2014-06-12 Refugee and Forced Migration Studies has grown from being a concern of a relatively small number of scholars and policy researchers in the 1980s to a global field of interest with thousands of students worldwide studying displacement either from traditional disciplinary perspectives or as a core component of newer programmes across the Humanities and Social and Political Sciences Today the field encompasses both rigorous academic research which may or may not ultimately inform policy and practice as well as action research focused on advocating in favour of refugees needs and rights This authoritative Handbook critically evaluates the birth and development of Refugee and Forced Migration Studies and analyses the key contemporary and future challenges faced by academics and practitioners working with and for forcibly displaced populations around the world The 52 state of the art chapters written by leading academics practitioners and policymakers working in universities research centres think tanks NGOs and international organizations provide a comprehensive and cutting edge overview of the key intellectual political social and institutional challenges arising from mass displacement in the world today The chapters vividly illustrate the vibrant and engaging debates that characterize this rapidly expanding field of research and practice
