**Interiors** Iyanla Vanzant, 1995 *Interiors* tells the story of one woman's trip to insanity and the journey back. This moving autobiography is the story not only of the suffering and recovery of an incest survivor, teenage mother, abused spouse, and public assistance recipient, but the story of all women who suffer. In this raw, uncensored commentary, Iyanla Vanzant takes an intimate look at the problems that afflict Black women: the inner battle, the outward conflict, and the process of healing from a wise Black woman's perspective. **BOOK JACKET Title Summary** field provided by Blackwell North America Inc. All Rights Reserved. Rhetorical Healing Tamika L. Carey, 2016-09-30. Since the Black women's literary renaissance ended nearly three decades ago, a profitable and expansive market of self-help books, inspirational literature, family-friendly plays, and films marketed to Black women has emerged. Through messages of hope and responsibility, the writers of these texts develop templates that tap into legacies of literacy as activism, preaching techniques, and narrative formulas to teach strategies for overcoming personal traumas or dilemmas and resuming one's quality of life. Drawing upon Black vernacular culture as well as scholarship in rhetorical theory, literacy studies, Black feminism, literary theory, and cultural studies, Tamika L. Carey deftly traces discourses on healing within the writings and teachings of such figures as Oprah Winfrey, Iyanla Vanzant, T. D. Jakes, and Tyler Perry, revealing the arguments and curricula they rely on to engage Black women and guide them to an idealized conception of wellness. As Carey demonstrates, Black women's wellness campaigns indicate how African Americans use rhetorical education to solve social problems within their communities and the complex gender politics that are mass-produced when these efforts are commercialized. **Black Pain** Terrie M. Williams, 2009-01-06. Terrie Williams knows that Black people are hurting. She knows because she's one of them. Terrie had made it; she had launched her own public relations company with such clients as Eddie Murphy and Johnnie Cochran. Yet she was in constant pain, waking up in terror, overeating in search of relief. For thirty years, she kept on her game face of success, exhausting herself daily to satisfy her clients' needs while neglecting her own. Terrie finally collapsed, staying in bed for days. She had no clue what was wrong or if there was a way out. She had hit rock bottom and she needed and got help. She learned her problem had a name: depression, and that many suffered from it, limping through their days, hiding their hurt. As she healed, her mission became clear: break the silence of this crippling taboo and help those who suffer. **Black Pain** identifies emotional pain, which uniquely and profoundly affects the Black experience as the root of lashing out through desperate acts of crime, violence, drug and alcohol abuse, eating disorders, workaholicism, and addiction to shopping, gambling, and sex. Few realize these destructive acts are symptoms of our inner sorrow. Black people are dying. Everywhere we turn, in the faces we see and the headlines we read, we feel in our gut that something is wrong, but we don't know what it is. It's time to recognize it and work through our trauma. In **Black Pain**, Terrie has inspired the famous and the ordinary to speak out, and mental health professionals to offer solutions. The book is a mirror turned on you. Do you see yourself and your loved ones here? Do the descriptions of how the pain looks, feels, and

sounds seem far too familiar Now you can do something about it Stop suffering The help the community needs is here a clear explanation of our troubles and a guide to finding relief through faith therapy diet and exercise as well as through building a supportive network and eliminating toxic people Black Pain encourages us to face the truth about the issue that plunges our spirits into darkness so that we can step into the healing light You are not on the ledge alone *The African American Writer's Handbook* Robert Fleming, 2009-03-04 With African Americans writing and buying books in record numbers the time is ripe for a comprehensive publishing guide tailored expressly to the needs of this vibrant creative community The African American Writers Handbook meets this challenge perfectly Written by veteran journalist and published author Robert Fleming this book gives writers the heart the determination and above all the crucial information to publish successfully in this highly competitive field Knowing the inner workings of the publishing industry provides any writer novice or veteran with a much needed advantage in the quest to get into print Inside you ll find A complete step by step guide to every aspect of the publishing process from the germination of a winning idea to the nuts and bolts of book production Tips on submitting proposals query letters and preparing manuscripts for submission Advice on negotiating contracts that extend careers How to use on line resources for research and profit Interviews with top editors agents publishing executives and bookstore owners Updated information on copyrights subsidiary rights sales and marketing The trials and triumphs of self publishing The art of promoting your work and yourself to a wider audience An insider s look at the economic realities of the book business And much more Here too are scores of inspiring interviews and capsule biographies of leading African American writers both past and present How did Richard Wright become America s first bestselling black writer How did Zora Neale Hurston break through the artistic boundaries of the Harlem Renaissance long after her death What was Toni Cade Bambara doing before she sold her first book Why should Ann Petry William Gardner Smith Nella Larsen and William Melvin Kelley be revered wherever African American literature is read Blending practical information and fascinating anecdotes with a mini literary history of African American writing this upbeat savvy essential guide is a publishing primer with soul **Literary Divas** Heather Covington, 2006 These divas represent the voices of past and future generations such as Tyra Banks Terry McMillan Harriette Cole Maya Angelou Iyanla Vanzant Nikki Giovanni Dawn Davis Adrienne Ingrum Carol Mackey Oprah Winfrey Rosa Parks Shirley Chisholm Coretta Scott King Zora Neal Hurston and Octavia Butler *Saving the Leader Within* Doreen Cato, 2011-12-19 Doreen Cato told me she was exploring the role of childhood trauma on leadership and shared the story about her grandmother who in 1932 was cruelly institutionalized for 32 years Her grandmother was sane when committed simply for imitating a man to work in a factory to feed her five children I knew it was trust allowing me to see beneath the surface of a very introspective and brave person Reading Dr Cato s manuscript as she prepared it for publication was in some ways a great relief In presenting one painful episode after another it was heartbreaking but it was also genuine insightful hopeful and inspiring because it made clear how healing paths can be found in the midst of great suffering and
