Holistic Leadership Resilience Patricia Armstrong, 2024-12-23 Drawing on decades of experience in the charity sector and enriched by real life examples this book helps readers to consider how to be a more resilient leader and explores why a whole life approach could be a gamechanger in today s world The world we live and work in has changed exponentially over the last few years and all sectors share an increased emphasis on sustainability self care and resilience But these last two concepts appear contradictory how can we keep bouncing back from setbacks when we need a break Based on her doctoral study carried out over three years and almost 20 years heading up the Third Sector leadership body in Scotland Patricia Armstrong shows that resilience is much more holistic than previously thought It s not just about what we do that keeps us resilient it s also how we think and how we take into account the environment around us Readers will find new thinking tools to help assess where focus is needed and ways to consider proactive resilience through a new lens so that when the next setback hits the drop is not so deep and recovery is not so steep This book comes from the perspective of charity leadership and working in the small country of Scotland but it offers big lessons which are relevant globally Current and aspiring leaders working in all sectors will enjoy and appreciate this book s focus on proactive resilience putting us all in a better position to look after our well being and get through to fight another day and maybe even enjoy the challenge
